Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ingalls Health System Smart Money Employer Contribution Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ingalls Health System Smart Money Employer Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of the report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of Ingalls Health System Smart Money Employer Contribution Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ingalls Health System Smart Money Employer Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ingalls Health System Smart Money Employer Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
(Modified Cash Basis)
December 31, 2023 and 2022**

Note 1. Description of Plan

The following description of the Ingalls Health System Smart Money Employer Contribution Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of UCM Community Health and Hospital Division, Inc., formerly Ingalls Health System, (Sponsor) and certain affiliated entities (collectively, the Employers). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended.

The Plan was frozen as of June 30, 2012, and the benefits previously provided under the Plan were incorporated into the related Ingalls Health System Smart Money Retirement Plan. Additionally, no new employees are eligible to enter the Plan. New employees are eligible to participate in the Ingalls Health System Smart Money Retirement Plan to make employee contributions and receive employer matching, fixed and past service contributions.

Effective October 26, 2022, the Plan changed trustees, and all assets were transferred from Empower Retirement and Reliance Trust Company to Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (together, TIAA-CREF).

Eligibility

Prior to the freezing of the Plan, employees were eligible to receive an employer match after six months of service. To qualify for employer fixed contributions, participants had to reach age 21 and complete two years of service.

Participant Accounts

Each participant's account was credited with an allocation of the Employers' matching, fixed and past service contributions and is currently credited with plan earnings (losses). Allocations were based upon a participant's account balance or earnings (losses), as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately 100% vested in the Employer fixed and past service contributions. Participants were vested in the Employer matching contributions after two years of service.

Payment of Benefits

On termination of service, a participant (or their beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum or partial lump-sum amount if the account balance is greater than \$5,000. If the participant account balance is less than \$5,000, the participant (or their beneficiary) will receive a lump-sum distribution equal to the value of the account. Once a participant has reached the age of 70½, in-service distributions may be made at the participant's election.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements, in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 3 for discussion of fair value measurements.

The TIAA Real Estate pooled separate account is valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. The underlying real estate holdings or other real estate-related investments are valued principally utilizing external appraisals. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. There are no unfunded commitments at December 31, 2023 and 2022.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses and investment advisory fees are paid by the employers on behalf of the Plan and are not included in the accompanying financial statements. Certain administrative expenses directly attributable to a participant's transaction are deducted from that participant's account.

Note 3. Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds are valued at the net asset value of shares held by the Plan at year end. These investments are traded in an active market (Level 1 inputs).

The variable annuity account is recorded at its estimated fair value, which is based upon the underlying value of the assets. Participants purchase accumulation units in the variable annuity contracts, and their value is calculated daily. Unit prices are published daily (Level 1 inputs).

The self-directed brokerage account is comprised of mutual funds and money market funds that are valued at quoted market prices (Level 1 inputs).

The TIAA Traditional Annuity Account is valued at the accumulated cash contributions, interest credited and transfers, if any, less any withdrawals and transfers (Level 3 inputs). This nonbenefit-responsive investment contract contains certain liquidity restrictions on the redemption of accumulations, which could impact the value realized upon exiting the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Information Certified by the Plan Custodians

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement, Reliance Trust Company, and TIAA-CREF, qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value, as shown on the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022.
- Investment income (loss) components as shown in the statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2023 and 2022.
- Investment information included in the accompanying schedule of assets (held at end of year) (modified cash basis) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Employers have the right under the plan document to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Employers' matching contributions.

Note 6. Tax Status of Plan

The Plan operates under a non-standardized adoption agreement, in connection with a pre-approved profit-sharing plan and trust document sponsored by Great-West Trust Company, LLC. This plan document has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service stating that the pre-approved plan document constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since the IRC approved this adoption agreement, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Prior to October 27, 2022, certain plan investments were units in a guaranteed interest account and shares of mutual funds managed by the custodians and/or their affiliates as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Effective October 27, 2022, certain plan investments are units in a variable annuity account and a pooled separate account that are managed by TIAA. The Plan's fixed annuity contracts are maintained in TIAA or CREF's general account. TIAA-CREF is the trustee as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

The Plan paid administrative fees of \$44,870 and \$89,160 during 2023 and 2022, respectively, before the effect of revenue credit amounts as noted below. The Employers provide certain administrative services at no cost to the Plan.

From January 1, 2022 to February 28, 2022, the Plan maintained a Plan Expense Reimbursement Account (PERA) separate from the Plan. MassMutual calculated credits on a quarterly basis which were deposited into the PERA. Credits of \$4,809 were used to pay professional fees for the period January 1, 2022 to February 28, 2022. The balance of unused credits remaining in the PERA as of February 28, 2022, was transferred into the Expense Budget Account (EBA).

Effective March 1, 2022, the Plan entered into an EBA with MassMutual, where credits are calculated monthly and are remitted to the Plan monthly. For the period March 1, 2022 to October 26, 2022, these revenue credits totaled \$19,125 and have been offset against administrative expenses on the statements of changes in net assets available for benefits (modified cash basis). No credits were allocated to participants during 2022.

Effective October 27, 2022, the Plan has entered into an agreement with TIAA under which TIAA will share any revenue collected for recordkeeping and administrative services that is in excess of what TIAA has agreed to charge for recordkeeping and administrative services. Amounts deposited in the "revenue credit" account may be used to pay reasonable and necessary plan expenses, and/or to provide participants with a benefit in the form of "revenue credit allocation" to their accounts. The amounts deposited may vary over time and may in fact be zero.

During 2023, revenue sharing credits of \$1,698 were offset against administrative expenses on the statements of changes in net assets available for benefits (modified cash basis). For the period October 27, 2022 to December 31, 2022, revenue sharing credits of \$57 were offset against administrative expenses on the statements of changes in net assets available for benefits. The balance of unused credits from this account at December 31, 2023 and 2022, was \$29 and \$0, respectively. There were no credits reallocated to eligible participant accounts during 2023 and 2022.
