INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees
The Brakefire, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Brakefire, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of The Brakefire, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Brakefire, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Brakefire, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Brakefire, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and the supplemental schedule of delinquent contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN:

The following description of The Brakefire, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing retirement benefits and savings opportunities to employees of Brakefire, Inc. dba Silco Fire and Security (the "Company").

Prior to July 1, 2023, the Plan covered all employees of the Company who have completed six months of service, except leased employees. Effective July 1, 2023, the Plan allows new employees to enroll at the first of the month after 30 days of employment. Effective January 1, 2024, part-time employees are no longer eligible employees of the Plan. The Company maintains required employment and payroll records for all participants and appoints trustees to administer the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 100% of pretax annual compensation, subject to limits set by the Internal Revenue Code (IRC). Effective January 1, 2022 the plan was amended to allow for Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also permitted to deposit into the Plan rollover distributions from other qualified plans. The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may, in its discretion, match participants' 401(k) contributions equal to a percentage of the participant's contribution, to a maximum of 10% of compensation for each plan year. For 2023, the discretionary matching contribution was 37.50% of the participant's contribution, up to a maximum of 10% of compensation. The Company may also make a discretionary contribution which is allocated on a pro rata basis to employees with at least 1,000 hours of service during the plan year and are employed on the last day of the plan year. No additional discretionary contributions were made in 2023.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions made to the Plan and adjusted for earnings and losses thereon. Allocations of Plan earnings are based on the investment options selected by the participant and their related account balance. The benefit to which a participant is entitled is the vested amount that is in such participant's account at any given time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. Participants are fully vested in the Company's contributions if they are employed by the Company at normal retirement age or death. A participant vests 20% after 2 years, increases 20% per year, and is 100% vested after 6 years of credited service.

Payment of benefits

The Plan provides distributions to a participant upon termination of employment, retirement, death or disability. Participants are also able to make withdrawals while employed after attaining age 59 ½ as outline in the plan document. A participant may elect to receive a single lump sum payment, a direct rollover, or installments equal to the value of the participant's vested interest in their account when greater than \$5,000. If the vested interest is less than \$5,000 and greater than \$1,000, payment is directly rolled over to an individual retirement plan unless the participant elects a lump sum payment. Payments less than \$1,000 are paid in a lump sum.

In conditions of financial hardship (as defined), a participant may elect to withdraw a portion of their account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the IRC.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$85 and \$188, respectively. Forfeitures may be used to reduce future Company contributions or pay Plan administrative expenses. During 2023, \$37,401 and \$3 of forfeitures were used to reduce Company contributions and pay Plan administrative expenses, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fully benefit-responsive investment contracts are carried at contract value. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded as paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees related to administration of benefits paid to participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent events

The Plan has evaluated subsequent events through October 7, 2024, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The money market fund is valued based on quoted market prices. Shares in pooled separate accounts are valued at the net asset value (NAV) of the shares of the pooled separate account held by the plan. The NAV, as provided by the asset custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate accounts less its liabilities. Participant transactions (purchases and sales)

may occur daily without prior notice. The asset custodian transacts in these funds on a daily basis as part of the separate account trading activity. There are no unfunded commitments.

The calculation of the NAV for funds composed of other funds (e.g., retirement target date funds) is essentially the same as the calculation of the NAV for any other fund: the total market value of assets across all underlying funds less any liabilities is divided by the outstanding shares.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's assets at December 31, 2023 and 2022:

	<u>2023</u>		<u>2022</u>	
	<u>Total</u>	<u>Level 1</u>	<u>Total</u>	<u>Level 1</u>
Money Market fund	\$ 82,123	<u>82,123</u>	118,281	<u>118,281</u>
Pooled Separate accounts at NAV	<u>15,644,634</u>		<u>12,154,393</u>	
Total investments at fair value	\$ <u>15,726,757</u>		<u>12,272,674</u>	

4. GUARANTEED INVESTMENT ACCOUNT:

The Plan maintained a traditional guaranteed investment account with Ameritas Life Insurance Corp. for the years ended December 31, 2023 and 2022. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Ameritas Life Insurance Corp., represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of

the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without consent of the issuer.

	<u>2023</u>	<u>2022</u>
Average yield earned by the Plan	2.78%	2.45%
Average yield credited to participants	3.28%	2.84%

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Ameritas Life Insurance Corp. was the Plan's asset custodian as of and for the years ended December 31, 2023 and 2022. Ameritas Life Insurance Corp., the asset custodian, has certified that the information regarding the value of investments as of December 31, 2023 and 2022 and the related investment income for the year ending December 31, 2023 is complete and accurate.

6. TAX STATUS:

The Company adopted a non-standardized pre-approved profit sharing plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended. While the Company has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments include a guaranteed investment fund managed by Ameritas Life Insurance Corp., the asset custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan paid direct fees of \$10,858 to Ameritas Life Insurance Corporation for the year ended December 31, 2023.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities which are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Schedule C, Line 2(h) Formula Description

Description of Unit Value Calculations

Separate account investments are record kept using unit values.

The pooled separate accounts are invested in mutual funds at NAV. The allocation of these funds is based on the units and unit value for each product and plan invested in the pooled separate account.

Both the number of units, and unit value is available for any plan's funds and can be produced from the system. When multiplied, these will balance to the fair value disclosed on trust reports.

The unit value can and does vary by contract depending on the product invested in. The unit value is determined under the following formula, and is the same calculation for all contracts invested in the pooled separate accounts.

It is through this calculation of the unit value that both earnings and expenses are applied.

Industry Standard Method – Unit Value Calculation

t = current business date

t-1 = prior business date

NAV = Net asset value provided by mutual fund company

MTD daily dividend factor(t) = dividends month to date as provided by the mutual fund company

Declared dividend rate(t) = as provided by the mutual fund company

Short and long term capital gains (t) = S<(t) = as provided by the mutual fund company

Gross Investment Factor (GIF) = daily rate change in the NAV including dividends and capital gains

Daily Expense Factor = the expense rate specific to a contract

Net Investment Factor = the daily rate change in the gross investment factor after application of contract specific expenses

Unit Price = the contract specific price in which units are purchased and redeemed for a specific fund

$$\text{Gross Investment Factor(GIF)} = \frac{\text{NAV}(t) + \text{MTD daily div factor } (t) + \text{declared dividend rate } (t) + \text{S\< } (t)}{\text{NAV}(t-1) + \text{MTD daily dividend factors}(t-1)}$$

$$\text{Net Investment Factor}(t) = \text{Gross Investment Factor} - \text{Daily Expense Factor}$$

$$\text{Unit Price } (t) = \text{Unit Price } (t-1) \text{ times Net Investment Factor } (t)$$

In order to ensure that each contract has a correct proportionate value of the underlying pooled separate account, each contract's units are multiplied by their contract's unit value and summed across all contracts invested in a particular mutual fund. This is then balanced to the pooled separate account and to the mutual fund company on a daily basis.

The Daily Expense Factor is based on the provisions of the contract, with all investments held by Ameritas Life Insurance Corp being charged the same annualized rate.
