INDEPENDENT AUDITOR'S REPORT

To the Audit Committee of the Board of Directors of
the CSL 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CSL 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained the certification from the qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requires of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise profession judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used in the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Note 1: DESCRIPTION OF THE PLAN

The following description of the CSL 403(b) Plan (the "Plan") provides only general information. Refer to Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Community Senior Life, Inc. (the "Company", "Sponsor", "Employer", or "Plan Administrator"). The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Principal Trust Company ("Principal" or "Custodian"), the qualified institution for the Plan, which invests contributions and Plan earnings, and makes investment transactions as directed by the Participants. Principal acts as the third-party administrator for the Plan, which performs certain plan administration, recordkeeping services, and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan upon employment and age eighteen or older. To become eligible to receive an allocated portion of the Company's discretionary contribution, the employee must have completed 1,000 hours of service during the Plan year and be employed on the last day of the Plan year.

Contributions

Each year, participants may contribute up to 100 percent (%) of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company does not match participant contributions. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors.

During the year ended December 31, 2023, the Company made a \$85,894 profit sharing contribution, which was recorded as a receivable at December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company's profit sharing contributions and Plan gains and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant gains and losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of service. A participant is 100% vested after three years of credited service.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments through an annuity. If the participant's vested account balance is less than \$5,000, the participant will receive a lump sum distribution from the Plan. If the participant's vested balance is greater than \$5,000, the participant can elect to leave their balance in the Plan or receive a distribution through the means previously mentioned.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$20,294 and \$23,169, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. In 2023, no forfeitures were used to reduce Employer contributions. Also, in 2023, \$6,401 of expenses were paid from forfeited nonvested accounts.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC) and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investments advisers and Custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable

Employer contributions receivable consist of the amounts of profit sharing contributions to be paid to the Plan by the Employer.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

During the year ended December 31, 2023, expenses of \$23,493 were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 2, 2024, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified as complete and accurate by Principal, the qualified institution:

- a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2023 and 2022.
- b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- c) All amounts included in Note 4, *Fair Value Measurements*.
- d) All information included in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2023</i>				
Mutual funds	\$ 1,215,018	\$ -	\$ -	\$ 1,215,018
<i>December 31, 2022</i>				
Mutual funds	\$ 1,093,508	\$ -	\$ -	\$ 1,093,508

Note 5: TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan Administrator and the Plan's tax counsel believe that the terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

Tax positions are recognized only if it is "more likely than not" that the tax position will be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Trust Company. Principal is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
