INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Koch Meat Co., Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements - modified cash basis of Koch Meat Co., Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements - modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KOCH MEAT CO., INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Koch Meat Co., Inc. 401(k) Plan (the “Plan”) is provided for general information. Participants should refer to the Plan document for more complete information.

General and Eligibility. The Plan is a defined contribution plan sponsored and administered by Koch Foods, Inc. (the “Employer”, “Plan Sponsor” and “Plan Administrator”).

The Plan covers all the Employer’s full-time employees who are eligible to participate. To be eligible for participation in the Plan, employees must be at least 21 years old, have completed one year of service, and not be covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Income Act of 1974 (“ERISA”), as amended.

Participant Contributions. Each participant may contribute a percentage ranging from 1% to 80% of their pre-tax compensation, subject to certain limits imposed by the Internal Revenue Code (the “Code”). Participants may also contribute amounts representing rollover distributions from other qualified retirement plans.

Employer Contributions. The Employer elected to make safe-harbor matching contributions equal to 100% of participant deferrals up to 3% of eligible compensation and 50% of the participant’s deferral of the next 2% of eligible compensation for a maximum Employer safe harbor matching contribution of 4% per participant. The Employer may also make discretionary contributions as determined annually by the Employer’s management. No Employer discretionary contributions were elected for the year ended December 31, 2023.

Participant Accounts. Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, Employer matching contributions, an allocation of investment earnings, and is charged with an allocation of Plan expenses. The benefit to which a participant is entitled is the vested benefit in the participant’s account.

Vesting. Participants are immediately vested in their voluntary and rollover contributions and Employer safe harbor matching contributions, plus actual earnings thereon. For Employer discretionary contributions, a participant vests 20% per year for each year of service and is 100% vested after 6 years. A year of service is defined by the Plan to be a minimum of 1,000 hours of service during the Plan year.

Investment Options. Participants may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Forfeitures. Forfeitures shall be applied to offset administrative expenses of the Plan. If forfeitures exceed these expenses, the forfeitures shall be applied to reduce Employer contributions for the Plan year. Forfeited balances were \$29,037 and \$185,986 as of December 31, 2023 and 2022, respectively. There were \$209,023 used from forfeited non-vested accounts to reduce Employer contributions during the year ended December 31, 2023.

Notes Receivable from Participants. Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant’s account and bear interest at fixed rates commensurate with local prevailing rates determined by the Plan Administrator at the time of loan issuance. Principal and interest are paid ratably over the term of the loan (generally five years) through payroll deductions.

Payment of Benefits. The Plan provides for normal retirement at age 65 and also provides for early retirement at age 55 for employees who have 6 years of vesting service. On termination of service due to death, disability and/or retirement, a participant may receive a lump-sum payment. Upon separation from service, participants or their beneficiaries may elect to have their normal retirement benefits paid as a single lump sum payment. Accrued vested benefits less than \$5,000 may be distributed at any time after such termination.

(Continued)

KOCH MEAT CO., INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits (Concluded). Under certain circumstances such as for purchase of a principal residence, post-secondary education expenses, and with the consent of the Plan Administrator, a distribution of vested benefits may be made in the event of hardship.

Party-In-Interest Transactions. Administrative expenses of the Plan are paid by the Employer except for the trustee and recordkeeping fees, which are paid by the Plan. Additionally, various administrative, legal, and accounting services are performed by the Employer's personnel on behalf of the Plan for which no charges are made to the Plan. Investment expenses, however, are charged against the Plan's investment income.

Recent Legislation. In December 2022, SECURE Act 2.0 ("SECURE 2.0") was enacted. SECURE 2.0 contains numerous significant changes for retirement plans, plan sponsors, and retirement plan providers. For example, SECURE 2.0 contains provisions related to, among many other things, increasing the required minimum distribution age, reducing required minimum distribution penalties, and removing required minimum distribution barriers for annuities. Many of the provisions in SECURE 2.0 went effective in 2023, but SECURE 2.0 will not be completely implemented until 2027. The Internal Revenue Service ("IRS") has issued additional guidance addressing specific issues arising from the implementation of the provisions of SECURE 2.0.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared using the modified cash basis of accounting and guidelines for filing with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Employer contributions are recorded when received, and benefit payments and expenses are recorded when paid. Had the Plan prepared its financial statements using accounting principles generally accepted in the United States of America, Employer contributions would be recorded when earned and expenses would be recorded as incurred.

Use of Estimates. The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Concentration of Credit Risk. Substantially all of the Plan's assets are or were held by Ascensus, LLC, as agent for Ascensus Trust Company (the "Trustee"). The Trustee of the Plan executes all investment transactions and is a qualified institution pursuant to ERISA.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance and recorded on the cash basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits. Benefit payments to participants are recorded upon distribution.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, which was prepared by Principal and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate:

- a. Cash and cash equivalents, investments at fair value and notes receivable from participants at December 31, 2023 and 2022, included in the statements of net assets available for benefits.
- b. Interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- c. Note 4: All investment balances.
- d. Supplemental schedule to the financial statements - all balances.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual Funds. Valued at quoted market price.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 81,778,596	\$ -	\$ -	\$ 81,778,596

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 64,466,629	\$ -	\$ -	\$ 64,466,629

Transfers Between Levels. For years ended December 31, 2023 and 2022, there were no significant transfers between Levels 1 and 2, and no transfers in or out of Level 3.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested.

NOTE 6 – INCOME TAX STATUS

The IRS has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the prototype plan agreement was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
