Independent Auditor's Report

To the Plan Administrator
Research Foundation of the City University of New York
Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform the audits of the financial statements of Research Foundation of the City University of New York Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Plan has excluded from investments in the accompanying statement's of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirement for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of

these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue our auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not, express an opinion on the supplemental schedule.

Note 1 - Description of Plan

The following description of the Research Foundation of the City University of New York Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Research Foundation of the City University of New York (the "Foundation") who have 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors is responsible for oversight of the Plan. The ERISA Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

The Plan is intended to meet the requirements of Internal Revenue Code Section 403(b). The Foundation intends to operate the Plan in conformity with the ERISA Section 404(c).

Contributions

The Plan allows for participant pretax contributions by means of regular payroll deductions and certain Foundation contributions as depicted in the schedule below. In general, an eligible employee's tier level depends on his or her original date of hire as set forth in the schedule below.

Plan contributions as a percentage of compensation for Tier I employees

(Hired prior to July 1, 1994)

	<u>By the institution</u>	<u>By the participant</u>	<u>Total</u>

<u>Years of service</u>	<u>By the institution</u>	<u>By the participant</u>	<u>Total</u>
Year 1	None	None	None
Years 2 through 7	8%	None	8%
Years 8 or more	10%	None	10%

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Foundation contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Foundation's contribution portion of their accounts is based on respective tiers and years of continuous service. Tier I and Tier II participants are fully vested in the Foundation's contributions at all times. Tier III and Tier IV participants are fully vested in the Foundation's contributions after completion of three years of credited service.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period which can exceed the life expectancy of the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

At both December 31, 2023 and 2022, there was no balance in the forfeited nonvested accounts. These accounts will be used to reduce future employer contributions. Also in 2023, employer contributions were reduced by \$796,936 from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Foundation. Expenses that are paid by the Foundation are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 17, 2024, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued at the unit value reported by the account. The unit value is listed on the National Association of Securities Dealers Automated Quotations ("NASDAQ") website and updated overnight for each day that NASDAQ is open. The pooled separate account held by the Plan is deemed to be actively traded.

Variable annuity contracts: The Plan invests in variable annuity contracts with CREF. The CREF accounts are valued at the unit value as reported by the account. The unit values are listed on the NASDAQ website and updated overnight for each day that the NASDAQ is open. The accounts held by the Plan are deemed to be actively traded.

**Research Foundation of the City University of
New York Defined Contribution Retirement Plan**

**Notes to Financial Statements
December 31, 2023**

Fixed annuity contracts: Valued based on the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The annuities are not available for sale or transfer on any securities exchange.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 223,643,853	\$ -	\$ -	\$ 223,643,853

Total investments at fair value	<u>\$ 452,747,224</u>	<u>\$ -</u>	<u>\$ 198,518,007</u>	<u>\$ 651,265,231</u>

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 184,253,079	\$ -	\$ -	\$ 184,253,079
Pooled separate account	23,075,626	-	-	23,075,626
Variable annuity contracts	184,246,478	-	-	184,246,478
Fixed annuity contracts	-	-	196,714,638	196,714,638
Total investments at fair value	<u>\$ 391,575,183</u>	<u>\$ -</u>	<u>\$ 196,714,638</u>	<u>\$ 588,289,821</u>

For the year ended December 31, 2023, there were \$4,173,031 of purchases of Level 3 assets. There were no transfers into or out of Level 3 during 2023.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair value		Principal valuation technique	Unobservable inputs	Range of significant input values
	2023	2022			
TIAA traditional annuity	\$ 198,518,007	\$ 196,714,638	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 4.00% - 6.75% GRA - 4.00% - 6.75%

Note 4 - Fully benefit-responsive investment contracts

The Plan holds an investment in the TIAA Stable Value contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

**Research Foundation of the City University of
New York Defined Contribution Retirement Plan**

**Notes to Financial Statements
December 31, 2023**

The TIAA Stable Value contract provides a guaranteed minimum rate of interest of between 1% and 3% (before deductions for contract fees) with the potential for crediting of additional interest above the guaranteed minimum if approved by the TIAA Board of Trustees. Additional amounts of interest are not guaranteed for periods other than the periods for which they are declared. The TIAA Stable Value contract is immediately liquid to a participant for withdrawals and transfers and does not have withdrawal restrictions (except that immediate transfers cannot be made to competing investment options pursuant to the contract's "equity wash" provisions). In addition, transfers into the TIAA Stable Value contract may not be made for 30 days following a transfer out.

Note 5 - Related party transactions and party-in-interest transactions

Certain Plan investments are managed by Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equity Fund ("CREF"). TIAA and CREF are the insurance entities holding certain investments and also the recordkeeper as agent for TIAA Trust, N.A. and TIAA, FSB, therefore, these transactions qualify as party-in-interest transactions, as defined by the Plan.

TIAA and CREF provide certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Foundation and TIAA and CREF. TIAA and CREF receive revenue from mutual fund providers for services TIAA and CREF provide to the funds. This revenue is used to offset certain amounts owed to TIAA and CREF for its administrative services to the Plan.

If the revenue received by TIAA and CREF from such mutual fund service providers exceeds the amount owed under the MSA, TIAA and CREF remit the excess to the Plan on a semi-annual basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2023, there was an excess of \$303,692, which is included in other income on the statement of changes in net assets available for benefits. The Plan or Foundation may make a payment to TIAA and CREF for administrative expenses not covered by revenue sharing.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The Plan sponsor has obtained an opinion letter dated March 31, 2017, in which the IRS stated that the prototype Plan document, as then designed, was in compliance with applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Research Foundation of the City University of
New York Defined Contribution Retirement Plan**

**Notes to Financial Statements
December 31, 2023**

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2023 and 2022, and investment income for the year ended December 31, 2023, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Foundation and certified as complete and accurate by TIAA and CREF.

Note 10 - Accounting and payroll records

Consistent with higher education industry sector practices, recordkeeping of the Foundation's Plan has been maintained by TIAA and CREF for all years since the Plan's inception. While TIAA and CREF provided details of participants' accounts to the individual plan participants, TIAA and CREF did not provide sufficient records at the Plan level and, as a result, Plan management did not have such records when preparing the financial statements. Consequently, the effect, if any, on the Plan's accompanying financial statements cannot be determined.
