Marcos Torres, Chief Financial Officer
Todd Riesterer, CPO
Huntress Labs, Incorporated 401(k) Plan

We have audited the financial statements of Huntress Labs, Incorporated 401(k) Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit") for the year ended December 31, 2023, and have issued our report thereon dated October 4, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Empower Trust Company, LLC and Benefit Trust Company, the trustee and custodian, each of which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter dated March 21, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Huntress Labs, Incorporated 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We are not aware of any sensitive estimates affecting the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to

financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of party-in-interest transactions in Note 8 to the financial statements. This disclosure describes transactions with a party-in-interest. This disclosure is sensitive due to the increased focus the Department of Labor places on party-in-interest transactions to ensure there were no prohibited transactions. As described in Note 8 to the financial statements, the Company failed to comply with the DOL's regulations concerning the timely remittance of certain participant contributions and loan repayments. These delinquent remittances are considered nonexempt party-in-interest transactions and are reported in the supplemental schedules.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements or any material misstatement of fact. These procedures are not sufficient nor are they intended to ensure that the form was completely and accurately prepared. Differences, if any, between the net assets and net income (loss) on Form 5500 and these amounts in the financial statements are described in Note 9. We identified no material inconsistencies that have not been disclosed or any material misstatement of fact in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements noted.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 4, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Internal Control

A reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. The attached schedule summarizes the reportable findings.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of those charged with governance and management of Huntress Labs, Incorporated 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Reportable Findings
Year Ended December 31, 2023**

Timely Remittances of Employee Withholdings

ERISA stipulates that employee contributions be treated as Plan assets as soon as they can reasonably be segregated from the Company's general assets, and the Department of Labor ("DOL") expects these amounts to be remitted to the Plan as soon as they are segregated. During our testing of contributions, we noted that remittances were remitted typically from the same day up to seven business days after the pay date. The DOL has indicated on numerous occasions that if an employer establishes a deposit timing pattern, then such pattern should be applied to all employee contribution deposits. In 2023, several remittances were remitted outside the normal remittance pattern in the period assets were being transferred to a new custodian. These contributions are considered prohibited transactions and are reported in the supplemental schedule. The Plan sponsor is required to file Form 5330 and pay the excise tax related to the violation and should deposit lost earnings to affected participant accounts.

Overreliance on third-party providers

During the walkthrough of controls, we noted that there appears to be an overreliance on the payroll provider and recordkeeper for certain pertinent controls. Such controls include ensuring that participants are set up timely in the retirement plan, deferrals are put into the payroll system accurately, automatic enrollment is operating effectively, and termination dates are properly communicated to the third-party provider. We suggest that controls be implemented in these areas to ensure the plan operates in compliance with the contribution and benefit provisions of the plan document.

Residual dividend payment in Empower Holding account

During transfer testing, we noted that there was a residual dividend payment from Guideline in March and April of 2023 in the amount of \$1,229.48. This amount appears to be included in the Empower asset holding account. These amounts should be allocated to the applicable participants as soon as possible.
