Independent Auditor's Report

Plan Administrator and Participants
Manitex International, Inc. Employees' 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Manitex International, Inc. Employees' 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from qualified institutions as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and the supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Manitex International, Inc. Employees' 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Manitex International, Inc. Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participants of the Plan are eligible employees of Manitex International, Inc. and its subsidiaries, collectively known as Manitex International, Inc. (the "Company").

General

The Plan is a defined contribution plan established by the Company under the provisions of Section 401(a) of the United States Internal Revenue Code (the "Code"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company.

Substantially all employees of the Company are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan is administered by the Company (the "Plan Administrator"). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keeping accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

The daily operations, record-keeping, and third-party administration of the Plan are monitored and performed by Principal Life Insurance Company. Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively, the "Custodians" or "Principal") are also responsible for the custody and management of the investment assets of the Plan.

Plan Restatement

Effective February 18, 2022, the Company adopted the restated Principal Financial Group Pre-Approved Document For Savings Plans (Basic Plan Document No. 02) with the related adoption agreement, which incorporated all prior plan amendments into one plan document. This was a legislative restatement to the third six-year cycle for the pre-approved plan documents, which included required regulatory changes for (a) the Bipartisan Budget Act of 2018 and Final Regulations Relating to Hardship Distributions and (b) the Tax Cuts and Jobs Act. The restatement did not significantly change the Plan's provisions or affect the benefits provided to participants. The IRS has issued an opinion letter dated June 30, 2020 stating that the plan document is acceptable under Section 401 of the Code for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Revenue Procedure 2017-41) that the Plan meets the qualification requirements of the Code. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to certain maximum limitations imposed by the Code. The Plan permits both "traditional" (before-tax) and "Roth" (after-tax) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the Code. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides a safe harbor matching contribution equal to 100% of the first 3% and 50% of the following 2% of base compensation that a participant contributes to the Plan.

Manitex International, Inc. Employees' 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of investment income, appreciation (depreciation), administrative expenses and any related distributions. Allocations are based on the Plan's earnings or account balances, as defined. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon.

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts. These borrowings must be for an amount not less than \$1,000 and not more than the lesser of (a) 50% of the participant's vested account balance, reduced by any outstanding loan balance, or (b) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Any loan must be repaid within five years except for loans used to acquire the participant's principal residence, which allows the term to be extended to 30 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with rates currently being charged by commercial lenders for loans made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Plan, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum distribution equal to the value of the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") follows:

Adoption of New Accounting Pronouncement

Effective January 1, 2023, the Plan adopted the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. Under the new guidance, the Plan is required to assess financial assets, or a group of financial assets measured at amortized cost, including participant and employer contribution receivables, to be presented at the net amount expected to be collected, less an allowance for credit loss expected to occur over the remaining life of the asset. The Plan adopted the new standard using a modified retrospective method. The adoption of the new standard did not have a material effect on the Plan's financial statements.

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Manitex International, Inc. Employees' 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Distribution and loan fees are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for expenses paid on its behalf. Plan expenses paid by the Company are not included in these financial statements. Management fees and operating expenses charged to the Plan for investments in the various investments are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of such investments.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Participant loans are permitted by the provisions of the Plan. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in market value are reflected in operations. Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. The net asset value is based on the market value of the underlying investments and is supported by unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date, or as determined by the custodians. Units held in collective trusts and pooled separate accounts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities with the investment managers specifying the sources to use for underlying investment asset prices. Units held in collective trusts and pooled separate accounts are valued at the net asset value ("NAV") as a practical expedient as reported by the investment managers at year end and as supported by the prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end.

The Plan has entered into an investment contract with Principal. Principal maintains certain investments in pooled separate accounts. Assets of these contracts are invested in shares of the specific funds elected in the contract application. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal. Each of the pooled separate accounts invests either in domestic stocks, fixed securities, or in single mutual funds which are generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the domestic stocks, fixed securities, and single mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the net asset value. The investment contracts may impose certain restrictions on the Plan and may be subject to circumstances (such as early termination of the contracts, lay-offs, plan termination, etc.) that impact the ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Manitex International, Inc. Employees' 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The Principal Stable Value Fund Z ("Stable Value Fund") is a collective trust that is held in the general account of Principal Insurance Company. The Stable Value Fund indirectly invests in investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. The Stable Value Fund seeks to provide investors with a moderate level of stable income without principal volatility and is for conservative investors seeking more income than money market funds without the price fluctuation of stock or bond funds.

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Manitex International, Inc. Employees' 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the NAV of shares held by the Plan at year end. Mutual funds are traded on an open exchange and therefore active market prices are observable.

Pooled separate accounts: Valued at the NAV of units of the pooled separate account held by the Plan at year end. The NAV, as provided by the Custodians, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The NAV is not a publicly quoted price in an active market and is therefore not considered to have a readily determinable fair value. The pooled separate accounts provide for daily redemptions by the Plan with no advance notice requirements and has a redemption price that is determined by the NAV per unit.

Collective trust: Valued, as a practical expedient, at the NAV of units held by the Plan at year end, as provided by the Custodians. The NAV is based upon the fair value of the underlying investments held by the trust less its liabilities. NAV is not used as a practical expedient when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,278,126	\$ -	\$ -	\$ 10,278,126
Total assets in the fair value hierarchy	\$ 10,278,126	\$ -	\$ -	10,278,126
Pooled separate accounts (a)				300,041
Common / collective trust (a)				460,509
Total investments at fair value				\$ 11,038,676

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,958,063	\$ -	\$ -	\$ 7,958,063
Total assets in the fair value hierarchy	\$ 7,958,063	\$ -	\$ -	7,958,063
Pooled separate accounts (a)				290,107
Common / collective trust (a)				511,364
Total investments at fair value				\$ 8,759,534

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

5. TAX STATUS

The Company adopted the Principal Financial Group Prototype for Savings Plans – Basic Plan Document No. 02, and the restatement of the Plan in 2022. The United States Internal Revenue Service ("IRS") has issued an opinion letter dated June 30, 2020, stating that the plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan as adopted and amended, is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the Plan qualifies under Section 401 of the Code and continues to be tax-exempt. Accordingly, no provision for federal income taxes has been provided in the financial statements.

Plan management evaluates tax positions taken by the Plan and determines if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. REPORTABLE TRANSACTIONS

During the year ended December 31, 2023, Plan management inadvertently failed to deposit \$119,542 of participant deferrals and loan repayments within the required time frame as stated by the DOL, \$115,347 of which was corrected during 2023. Plan management is in the process of correcting the remaining deposits.

During the year ended December 31, 2022, Plan management inadvertently failed to deposit \$6,381 of participant deferrals and loan repayments within the required time frame as stated by the DOL. Plan management corrected the remaining deposits in 2023.

During the year ended December 31, 2021, the Company inadvertently failed to deposit \$39 of participant deferrals and loan repayments within the required time frame as stated by the DOL. Plan management is in the process of correcting the error. The DOL considers late deposits to be prohibited transactions.

During the years ended December 31, 2023 and 2022, there were no loans in default or uncollectible, investment assets acquired and disposed of within the Plan year, or other non-exempt transactions with parties-in-interest, which would require supplemental presentation under DOL regulations.

NOTES TO FINANCIAL STATEMENTS

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of the Custodians and the third-party administrator and, therefore, these transactions qualify as party-in-interest transactions. Such transactions under ERISA regulations are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the Code. Upon termination, all participants would become 100 percent vested in their account balances and all benefits would be distributed to participants.

9. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70½ prior to 2020, then the prior rule of age 70½ applies. If a participant reaches the age of 70½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. For purposes of receiving a coronavirus-related distribution or loan, a "qualifying individual" is defined as an individual who is diagnosed with COVID-19, whose spouse or dependent is diagnosed with COVID-19, or who, as a result of COVID-19, experiences adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced, being unable to work due to lack of child care, or other factors as determined by the Secretary of the Treasury. Plan management has evaluated and did not adopt the optional provisions of the CARES Act.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 1, 2024, the date the financial statements were available to be issued.
