INDEPENDENT AUDITORS' REPORT

To the Trustees of the

HX5, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HX5, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of HX5, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HX5, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design,

implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HX5, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HX5, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

HX5, LLC 401 (K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the HX5, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan generally covering substantially all employees of HX5, LLC (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is designed to comply with Section 404 (C) of the Internal Revenue Code. The Plan is administered by HX5, LLC. However, various record-keeping, compliance, and financial reporting requirements are performed through the contracted plan administrator, Great-West Life and Annuity Insurance Company as of December 31, 2023.

Contributions – Participants may contribute a percent of their annual compensation to the Plan not to exceed the limits allowable by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options. The Company matches 100 percent of the first 3 percent of contribution and ½ percent on the next 2 percent of contribution of wages. Additional profit sharing amounts may be contributed at the discretion of the Company's board of directors. All contributions are participant directed.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service. At December 31, 2023 and 2022, the vested benefit for terminated employees was \$12,698,701 and \$11,351,216, respectively.

Participant Loans – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate between 4.25 – 9.95 percent, which is commensurate with local prevailing rates.

Payment of Benefits – Benefit payments are made in a lump sum payment, in cash, upon the participant's death, disability, or retirement. Normal retirement is at age 65. Early retirement can be elected at age 59.5. Prior to termination of employment, participants satisfying certain conditions may be allowed certain in-service distributions subject to certain limitations.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for plan benefits, the net appreciation in the fair value of its investments which consists of the realized gains or losses on investments sold during the year and the unrealized appreciation on investments held at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when properly executed requests for distribution are received.

Administrative Expenses

Broker fees are paid from the participants' individual brokerage accounts. The Plan permits the payment of Plan administrative expenses to be made from the Plan assets. These expenses will generally be allocated among the accounts of all participants in the Plan based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan.

Subsequent Events

The Plan has evaluated subsequent events through the date the financial statements were available to be issued.

There were no material subsequent events which require disclosure at December 31, 2023.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 3 UNAUDITED INFORMATION

Great-West Life & Annuity Insurance Company holds the Plan investment assets and executes transactions as of December 31, 2023 and 2022. Financial information for 2023 and 2022 relating to these assets is included in the accompanying financial statements and is based on information provided by the trustees. This financial information presented on pages 3, 4 and in Notes 4 and 8 has not been audited by independent auditors.

NOTE 4 FAIR VALUE MEASUREMENTS–UNAUDITED

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 FAIR VALUE MEASUREMENTS—UNAUDITED (continued)

Mutual Funds – Valued using the net asset values provided by Great-West Life & Annuity Insurance Company at year end.

Participant Loans – Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 79,347,839	\$ -	\$ -	\$ 79,347,839
Participant Loans	-	-	839,278	839,278
Total assets at Fair Value	<u>\$ 79,347,839</u>	<u>\$ -</u>	<u>\$ 839,278</u>	<u>\$ 80,187,117</u>

Assets at Fair Value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 59,574,748	\$ -	\$ -	\$ 59,574,748
Participant Loans	-	-	663,094	663,094
Total assets at Fair Value	<u>\$ 59,574,748</u>	<u>\$ -</u>	<u>\$ 663,094</u>	<u>\$ 60,237,842</u>

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2023.

Balance, beginning of the year	\$ 663,094
Interest income	43,835
Issuances and settlements, net	132,349
Balance, end of year	<u>\$ 839,278</u>

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 5 TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service dated March 31, 2008, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The plan tax reports are subject to examination by taxing authorities, generally, for the most recent three years.

NOTE 6 PLAN AMENDMENTS AND TERMINATIONS

The Plan was amended effective January 1, 2012 to provide the effective date of participation. An eligible employee shall become a participant effective as of the day such employee met the eligibility requirements.

The Plan was amended effective December 18, 2012 to provide for mandatory involuntary cash-out distributions. Any distribution to a participant who has a total vested benefit exceeding \$1,000 shall require written consent if the distribution occurs during the time the benefit is immediately distributable. However, if the vested account balance does not exceed \$1,000, then a distribution will be made regardless of consent. Rollovers from other Plans may be distributed to the participant's Rollover Account at any time and the Rollover Account balance shall not be considered when determining whether the \$5,000 threshold has been exceeded.

The Plan was amended effective August 15, 2013 to further define an eligible employee. An eligible employee is any employee except for the employees of affiliated employers who are unaffiliated with the plan, an individual that is not reported on the payroll records of the employer as a common law employee, or an employee that became an employee through an asset or stock acquisition, merger, or similar transaction.

The Plan was amended effective January 1, 2014 to further determine the definition of compensation. Compensation will exclude reimbursements, fringe benefits, moving expenses, welfare benefits, overtime, and bonuses while including both pre-participation compensation and post-severance compensation.

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in all employer contributions.

HX5, LLC 401 (K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

NOTE 8 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT-UNAUDITED

For the years ended December 31, 2023 and 2022, the Plan had investments in a fully benefit-responsive investment contract with Great-West's Stable Value Fund. Great-West Life and Annuity Insurance Company maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is not contractually obligated to repay the principal and there is no specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is a relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at fair value. The balance at December 31, 2023 and 2022 were \$2,442,245 and \$2,425,794, respectively.

Contract value, as reported to the Plan by Great-West Life and Annuity Insurance Company, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract approximates fair value.

Great-West Life and Annuity Insurance Company does not guarantee a credited rate of interest on the amounts allocated to the Stable Value Option fund. There is no minimum or maximum guaranteed interest rate under the investment contract.

Certain events limit the Plan's ability to transact at contract value with Great-West Life and Annuity Insurance Company. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

HX5, LLC 401 (K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 8 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT–UNAUDITED (continued)

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.
