Independent Auditor's Report

To the Plan Administrator
Jacuzzi 401(k) Plan
Chino Hills, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jacuzzi 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a, *Schedule of Delinquent Participant Contributions* for the year ended December 31, 2023 and Schedule H, Line 4i, *Schedule of Assets (Held at End of Year)* as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Jacuzzi 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Jacuzzi 401(k) Plan (the Plan) provides only general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted February 8, 2008, by Jacuzzi Brands LLC and participating employers or affiliates (collectively, the Company or Employer). The Company is the sponsor of the Plan. The Plan is a defined contribution covering substantially all employees of the Company, as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Empower Trust Company (the Trustee or Empower). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contracts with the Company. The 401(k) Retirement Committee, which is comprised of members of management, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Prior to April 1, 2022, Prudential Bank & Trust was the Trustee of the Plan. On April 1, 2022, Empower, formerly known as Great-West Trust Company acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, Empower acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB.

On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed to Empower Annuity Insurance Company of America (EAICA). Effective March 31, 2023, Prudential Bank & Trust, FSB merged into Empower Trust Company, LLC, and therefore all services performed by Prudential Bank & Trust, FSB were assumed by Empower Trust Company, LLC.

Eligibility

Employees of the Company are considered eligible for participation, except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement; and (3) leased employees. A participant must be 21 years of age and must complete 3 months of service to participate in the Plan. An eligible participant can enter the Plan the first day of each month.

Contributions

Each year, participants may contribute up to 60% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan administrator and the Plan Document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Jacuzzi 401(k) Plan

Notes to Financial Statements

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment up to 10%.

The Company may make a discretionary employer matching contribution of 50% of the first 6% of pre-tax wages contributed by each participant each pay period. The Company made a discretionary match each payroll period through June 2, 2023 and then paused the match. Total employer contributions during the year ended December 31, 2023 amounted to \$1,036,428. The Company may also, at the discretion of the Board of Directors, make an additional employer contribution to the Plan. There were no additional employer contributions made during the year ended December 31, 2023. All contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses from the participant-directed investments and are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

A participant is immediately vested in his or her own contributions plus actual earnings thereon. Vesting in the employer matching contribution is based upon completing one year of continuous service. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Payment of Benefits

On termination of service a participant is entitled to receive the value of the vested interest in his or her account. Participants may elect to receive a lump-sum amount or a partial distribution of their account balance. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdrawal an amount at age 59½ if certain criteria are met.

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to reduce the Company's employer contributions to the Plan or to pay Plan expenses. At December 31, 2023 and 2022, \$72,063 and \$11,030, respectively, of forfeitures were available to be used. During the year ended December 31, 2023, forfeited amounts of \$43,095 were used to reduce employer contributions.

Jacuzzi 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at the prime rate plus 1% or at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 10 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Also, each participant may not have more than one loan outstanding at any time.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Retirement Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 5) is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Additional employer contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Jacuzzi 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts, including loan, withdrawal fees, plan administrative fees, and investment management fees. Certain investment expenses that are charged within investments are presented net of the appreciation (depreciation) in fair value of investments. All other expenses of the Plan for the year ended December 31, 2023 were paid by the Company and are excluded from these financial statements.

Revenue Credits

The Plan's trust agreement with Empower provides for a participant revenue credit arrangement, whereby the trustee pays administrative expenses or allocates quarterly deposits into the accounts of eligible participants who are invested in certain funds. Unallocated revenue credits at December 31, 2023 and 2022 are \$7,740 and \$7,710, respectively. During 2023, the Plan received credits of approximately \$5,216 which was used to pay administrative expenses. Revenue credits are presented in other income in the statement of changes in net assets available for benefits.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company and Empower Annuity Insurance Company of America, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Jacuzzi 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 or 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts (PSAs): Pooled separate accounts are valued at the net asset value of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by EAICA is used as a practical expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV. The PSAs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

Jacuzzi 401(k) Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual Funds	\$31,871,049	\$ -	\$ -	\$31,871,049
Investments measured at NAV				14,237,198
Total Investments, at fair value	\$31,879,049	\$ -	\$ -	\$46,108,247

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual Funds	\$39,052,816	\$ -	\$ -	\$39,052,816

5. Investment Contracts with Insurance Company

The Plan is a party to traditional fully benefit-responsive guaranteed investment contracts with the issuer, EAICA, totaling \$11,148,975 and \$12,217,195 as of December 31, 2023 and 2022, respectively. EAICA maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a quarterly basis for resetting.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Jacuzzi 401(k) Plan

Notes to Financial Statements

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Related Party and Party-in-Interest Transactions

The Plan holds investments which are managed by Empower and their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also receives revenue credits from Empower. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules. See Note 10 for a discussion of non-exempt party-in-interest transactions.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. Tax Status

The Plan uses a pre-approved plan document sponsored by Empower Retirement, LLC. Empower received an opinion letter from the IRS, dated September 16, 2022, which states that the plan document, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

10. Delinquent Participant Contributions

For the Plan year ended December 31, 2022, the Plan sponsor failed to remit certain funds, including employee deferrals and loan repayments, aggregating to \$3,462, on a timely basis according to DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. The Plan sponsor remitted the funds during 2022 and related lost earnings to the Plan outside of the Voluntary Fiduciary Correction Program (VFCP) in September 2023.

Jacuzzi 401(k) Plan

Notes to Financial Statements

11. Subsequent Events

The company has evaluated subsequent events through September 10, 2024 which is the date these financial statements were available to be issued. No events were identified which require disclosure in these financial statements, except as identified below.

The Plan was amended effective January 1, 2024 to remove RHT, Inc. d/b/a Liners Direct as a participating employer. There were no other changes to the Plan. In addition, effective January 1, 2024, the Company resumed making discretionary employer contributions each pay period.
