Independent Auditor's Report

To the Plan Administrator
Veros Credit, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Veros Credit, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VEROS CREDIT, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022**

1. Description of Plan

The following description of the Veros Credit, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan originally established January 1, 2004 by Veros Credit LLC (the "Company", "Employer" or "Plan Sponsor"), as defined in the Plan document, under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Administration

The Plan administrator is responsible for the day-to-day administration and operation of the Plan. The Plan's Custodian is Charles Schwab Trust Bank ("Charles Schwab") and the Plan's Recordkeeper and Custodian for the Insurance Company General Account is Standard Retirement Services ("The Standard") for the years ended December 31, 2023 and 2022. Charles Schwab and The Standard (the "Custodians" and "Recordkeeper") have the power to administer the Plan and apply all of its provisions on behalf of the Plan Sponsor. The Plan Sponsor has the discretion to appoint or remove any trustee, custodian, or agent of the Plan.

c. Eligibility

The Plan covers all employees of the Company who are age 18 or older and have completed 2 months of service, excluding union employees and nonresident aliens. Effective July 1, 2022, the Plan was amended to change the service requirement for deferrals to six months of service. Employees may enter the Plan on the first day of the month subsequent to when eligibility requirements have been met. Employees are automatically enrolled in the Plan at a 3% deferral rate on the first day of the month, following 60 days from the date of hire, or following 6 months from the date of hire effective July 1, 2022, unless they elect otherwise.

d. Participant Contributions

Participants may contribute to the Plan up to 100% of eligible compensation through elective, pre-tax, and Roth salary deferrals, subject to IRC limits of \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Upon reaching the age of 50, participants may make additional catch-up contributions limited to \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively.

Participants may also make rollover contributions from other qualified defined contribution or benefit plans and certain individual retirement accounts.

e. Employer Contributions

The Company may, at its sole discretion, make discretionary matching contributions to the Plan on behalf of all contributing participants. Discretionary matching contributions are allocated to participants' accounts in an amount equal to a discretionary percentage. The Company made discretionary matching contributions totaling \$375,000 for the year ended December 31, 2022.

Effective January 1, 2023, the Plan was amended to include safe harbor matching contributions. The Company will contribute an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. Employees who have not completed one year of service are excluded. The effective date of participation will be the first day of the month coinciding with or next following the date requirements are met. Safe harbor matching contributions satisfy certain "safe harbor" requirements of the IRC, which eliminates the requirement for the Plan to perform certain annual non-discrimination testing. The Company made safe harbor matching contributions totaling \$512,477 for the year ended December 31, 2023.

The Company may make additional discretionary profit-sharing contributions to participants' accounts. The amount of such contributions, if any, is determined annually by the Company. Profit-sharing contributions are allocated to each eligible participant's account based on each participant's eligible compensation in proportion to the total compensation for all eligible participants. The Company did not make any discretionary profit-sharing contributions to the Plan for the years ended December 31, 2023 and 2022.

All contributions are invested in the participants' accounts according to their specified investment allocations as of the date of the contribution.

f. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by the Custodians. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

g. Vesting

Participants are always 100% vested in their contributions, catch-up contributions, rollover contributions, safe harbor matching contributions, and the earnings thereon. Participants vest in Employer discretionary matching contributions, profit-sharing contributions and any earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants become 100% vested in their accounts if they are employed with the Company and reach normal retirement age (65), upon death, disability, or if the Plan terminates.

h. Forfeitures

Participants who terminate employment forfeit the non-vested portion of their discretionary matching and discretionary profit-sharing contributions and the earnings thereon. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$9,860 and \$1,603, respectively. Forfeitures may be used to reduce Employer contributions. For the years ended December 31, 2023 and 2022, no forfeitures were used to reduce Employer contributions. Forfeitures may also be used to pay Plan expenses. For the years ended December 31, 2023 and 2022, forfeitures used to pay Plan expenses totaled \$7,571 and \$7,561, respectively.

i. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of a) \$50,000, reduced by their highest outstanding note balance during the prior year, or b) 50% of their vested account balance, subject to a \$1,000 minimum. Notes are secured by the vested balance in the participant's account.

Note payments are made through payroll deductions over periods up to five years, unless the note is used to acquire a primary residence, in which case the loan term may not exceed thirty years. New notes bear interest at a rate commensurate with the rate of interest charged on similar commercial loans by persons or institutions in the business of lending money in the same geographic area as the Employer. As of December 31, 2023, notes mature through 2028 and bear interest at 3.25% to 8.5%, which is commensurate with local prevailing rates as determined by the Plan administrator at the time of the note.

j. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive an amount equal to the participant's vested account balance in a lump-sum payment, installment payments over the participant's or beneficiary's assumed life expectancy, roll the amount to an individual retirement account or other eligible transferee plan, or delay payment until the beginning date of required minimum distributions, depending on the value of the account. In addition, the Plan permits in-service distributions for participants who are age 59 ½ or older.

Vested account balances less than \$5,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

k. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single lump sum, a portion of their vested account balances as a result of an immediate and heavy financial need. These conditions include the payment of tax-deductible medical expenses, post-secondary education tuition for immediate family members, funeral or burial costs of immediate family members, natural disaster clean-up on the participant's primary residence, the purchase of the participant's primary residence, or to prevent eviction or foreclosure from the participant's primary residence.

I. Administrative Expenses

All reasonable expenses of administration may be paid out of the Plan assets unless paid by the Company. Expenses, to the extent not paid by the Company, are paid by the Plan and allocated to participants based on their account balances. Expenses that relate solely to a specific participant, such as fees for notes receivable or benefit payments, are assessed to the participant. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

2. **Summary of Significant Accounting Policies**

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as set forth by the Financial Accounting Standards Board (the "FASB").

b. Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts of net assets available for benefits, changes therein, accompanying footnote disclosures and the supplemental schedule. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contract, which approximates the contract value.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If an active participant fails to make payments for more than 90 days after they are due, the note will be in default. Under certain circumstances, as indicated in the Plan document, a note that is in default may be treated as a taxable distribution from the Plan and will be included in the statement of changes in net assets available for benefits as a benefit payment.

e. Payment of Benefits

Benefits are recorded when paid. As of December 31, 2023 and 2022, there were benefits in the amount of \$77,682 and \$0, respectively, requested before year-end, that were paid after year-end.

f. Subsequent Events

The Plan administrator has evaluated subsequent events through October 4, 2024, the date the financial statements were made available for issuance.

3. Information Certified by the Custodians (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA section 103(a)(3)(c) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodians.

The classification of the investments into the appropriate fair value hierarchy levels (1, 2 or 3) as disclosed in Note 5 is not certified by the Custodians and is the responsibility of the Plan's management.

4. Investments

All Plan investments are participant-directed and held by the Custodians as of December 31, 2023 and 2022. Participants can direct their accounts among various mutual funds and an insurance company general account.

Fully Benefit-Responsive Investment Contracts

The Standard Stable Asset A Fund (the "Fund") is fully benefit-responsive, which guarantees that all qualified participants' withdrawals will be at contract value (contributions made, less withdrawals and administrative expenses, plus interest credited). There is no specific portfolio of assets in which the Fund invests.

The effective crediting interest rate is determined quarterly, based on yield forecasts from The Standard's asset advisory group and the margins required for The Standard's business. The crediting rate is declared in advance and is reset quarterly. The fund's declared crediting rate will never be below 1 percent annually. Management approval is required for all crediting rates. The Fund's net asset value increases with the daily equivalent of the crediting rate and the Plan's unit value increases along with the fund's net asset value offset by the Plan's asset management fees. Past crediting rates are not indicative of future rates. Daily liquidity at contract value is available for participant contributions and withdrawals.

Average yield and crediting interest rate of the Fund for the years ended December 31, 2023 and 2022 are as follows:

	2023	2022
Earned by the Plan	2.78%	2.23%
Based on actual interest rate credited to participants	2.78%	2.23%

5. Fair Value Measurements

a. Fair Value Hierarchy

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets,
 - Quoted prices for identical or similar assets or liabilities in inactive markets,
 - Inputs other than quoted prices that are observable for the asset or liability, and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan’s investments at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

The mutual funds are valued at quoted market prices which are available on active markets and, therefore, are classified as Level 1 within the valuation hierarchy.

Insurance Company General Account

The insurance company general account is valued at NAV based on the fair market value of its underlying investments, all of which have observable Level 1 or Level 2

pricing inputs, including quoted prices for similar assets in active and non-active markets. Plan management believes NAV to be the best approximation of fair value. The insurance company general account is not publicly quoted and, therefore is classified as Level 2 within the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,386,809	\$ -	\$ -	\$ 8,386,809
Insurance company general account	-	1,903,462	-	1,903,462
Total investments at fair value	<u>\$ 8,386,809</u>	<u>\$ 1,903,462</u>	<u>\$ -</u>	<u>\$ 10,290,271</u>

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,760,383	\$ -	\$ -	\$ 6,760,383
Insurance company general account	-	970,696	-	970,696
Total investments at fair value	<u>\$ 6,760,383</u>	<u>\$ 970,696</u>	<u>\$ -</u>	<u>\$ 7,731,079</u>

b. Investment Calculated at Net Asset Value per Share

The Fund's principal objective is to protect principal while providing a higher rate of return than shorter-maturity investments, such as money market funds or certificates of deposit. To achieve this, the Fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments.

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value as of December 31, 2023 and 2022:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2023	2022		
Insurance company general account	\$1,903,462	\$ 970,696	Daily	1 Day

There were no unfunded commitments as of December 31, 2023 and 2022.

6. Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits associated with certain non-discrimination tests for highly-compensated individuals and corrections for employer match overages. Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to participant's contributions. As of December 31, 2023 and 2022, excess contributions payable was \$0 and \$36,718, respectively.

7. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

The Insurance Company General Account is managed by The Standard as of December 31, 2023 and 2022 and for the years then ended. Therefore, this investment and the related investment transactions qualify as party-in-interest transactions.

Additionally, the Company is a party-in-interest to the Plan. However, there were no transactions with the Company other than the funding of contributions to the Plan and the payment of certain Plan expenses.

8. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue employer contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary matching and discretionary profit-sharing contributions and the earnings thereon.

9. Tax Status

The Plan utilizes the Standard Retirement Services Inc. Volume Submitter Profit Sharing Plan which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that as of that date the Plan document was designed in compliance with the applicable IRC requirements. The Plan has been amended since Standard Retirement Services Inc. received the opinion letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan is qualified and the related trust is tax exempt as of December 31, 2023 and 2022, and for the years then ended.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan

has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities, including registered investment companies and an insurance company general account. Investment securities, in general, are exposed to various risks such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to the Form 5500 as of December 31:

	2023	2022
Net assets available for benefits reported on the financial statements	\$ 11,086,158	\$ 8,248,912
Employer contributions receivable	(512,477)	(375,000)
Benefits payable	(77,682)	-
Excess contributions payable	-	36,718
Net assets available for benefits reported on Form 5500	<u>\$ 10,495,999</u>	<u>\$ 7,910,630</u>

The following is a reconciliation of the net increase (decrease) in net assets available for benefits as reported on the Plan's financial statements to amounts included on the Plan's Form 5500 for the years ended December 31:

	2023	2022
Net increase (decrease) in net assets available for benefits reported on the financial statements	\$ 2,837,246	\$ (53,366)
Net change in employer contributions receivable	(137,477)	225,000
Net change in benefits payable	(77,682)	-
Net change in excess contributions payable	(36,718)	(100,555)
Net increase in net assets available for benefits reported on Form 5500	<u>\$ 2,585,369</u>	<u>\$ 71,079</u>
