Independent Auditors' Report

To the Retirement Administrative Panel
Hartford HealthCare Corporation:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Hartford HealthCare 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditors' Report (continued)

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hartford HealthCare 401(k) Retirement Plan

Notes to the Financial Statements

Years ended December 31, 2023 and 2022

1. Description of the Plan

The following description of Hartford HealthCare 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2010. Hartford Hospital and certain related participating organizations (the Company) is the sponsor of the Plan. The Plan is a defined contribution plan covering certain employees of the Company. The Hartford HealthCare Corporation Retirement Administrative Panel is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan, as amended and restated, is intended to qualify as a profit-sharing plan under Code Section 401(a) and includes a cash or deferred arrangement that is intended to qualify under Code Section 401(k). As described in the plan document, additional employee groups became eligible to enter the Plan as of January 1, 2016. In general, with certain exceptions described in the plan document, employees of The William W. Backus Hospital, Hartford Hospital, Hartford HealthCare Physicians Care (including ConnCare and Backus Physicians Services), Hartford Hospital Medical Office Building, The Hospital of Central Connecticut, MidState Medical Center, Natchaug Hospital, Inc., System Support Office, and Windham Hospital (the Participating Employers) are eligible to participate in the Plan.

Participants with balances in both the Plan and the Hartford HealthCare 401(k) Retirement Savings Plan are permitted to transfer balances between the two plans. During the years ended December 31, 2023 and 2022, \$324,960 and \$493,714, respectively, was transferred from the Plan from the Hartford HealthCare 401(k) Retirement Savings Plan.

Effective January 1, 2023, in accordance with SECURE 2.0, the Plan increased the age at which participants must take a required minimum distribution to 73 years old.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Notes to the Financial Statements (continued)

1. Description of the Plan (continued)

Eligibility

Employees of the Participating Employers are eligible to become participants in the Plan upon their date of hire.

Contributions

Each year, participants may elect to contribute up to 75% of their compensation as pre-tax deferrals. All newly eligible participants are automatically enrolled in the Plan with a default pre-tax deferral rate of 3%, unless otherwise elected by the participant. Additionally, the default pre-tax deferral rate will automatically increase by 1 percentage point each year, up to a maximum rate of 6%, unless otherwise elected by the participant. Elective deferrals may not exceed the established Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans and make Roth contributions.

The Company makes a qualified automatic enrollment arrangement (QACA) safe-harbor matching contribution equal to 100% of the first 4% of compensation contributed by the participant and 50% of the next 2% of compensation contributed by the participant. The matching contribution is remitted each payroll period.

The Company may also make an annual non-elective contribution equal to 2% of each participant's compensation. To receive an allocation of the non-elective contribution, participants must have worked 1,000 hours during the Plan year and must be employed on the last day of the Plan year. The Company made non-elective contributions of \$39,306,847 and \$36,107,230 for the years ended December 31, 2023 and 2022, respectively.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes to the Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's elective deferrals, rollover contributions, safe-harbor matching contributions, allocations of non-elective contributions, and Plan earnings (losses). Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant directed transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Payment of Benefits

Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under \$5,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum or installment payments, as defined. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59.5.

Vesting

Participants are immediately vested in their elective deferrals, pension transition contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's QACA safe-harbor and non-elective contributions is based on years of service and hours worked. A participant is 100% vested after two years of service where they worked at least 1,000 hours each year, including safe-harbor and non-elective contributions made after January 1, 2016 for participants transferred in from a merged plan.

Hartford HealthCare 401(k) Retirement Plan

Notes to the Financial Statements (continued)

1. Description of the Plan (continued)

Vesting (continued)

Participants who transferred to the Plan from a merged plan are vested in their safe harbor non-elective contributions, matching, and non-elective contribution sub-accounts transferred from the merged plan as follows:

Merged Plan	Vesting
ConnCare, Inc. 401(k) Plan	100% vested in prior plan and transferred at 100% vesting
Windham Hospital Defined Contribution Plan	Safe harbor non-elective contributions are 100% vested in prior plan and transfer at 100%; Matching and discretionary contributions are 100% vested after 3 years of service
Windham Community Memorial Hospital 401(k) Plan	100% vested after 3 years of service
Clinical Laboratory Partners, LLC 401(k) Savings and Retirement Plan	100% vested after 3 years of service
Natchaug Hospital, Inc. Retirement Plan	Graded 6 year vesting schedule
Rushford Center, Inc. Pension Plan	Graded 5 year vesting schedule
Visiting Nurse Services of Connecticut, Inc. Retirement Plan	Graded 6 year vesting schedule

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and participants are required to make repayments directly with the trustees.

Hartford HealthCare 401(k) Retirement Plan

Notes to the Financial Statements (continued)

1. Description of the Plan (continued)

Forfeited Accounts

Forfeited non-vested safe-harbor matching and discretionary non-elective accounts may be used to pay plan expenses or to reduce future employer matching and non-elective contributions. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$3,045,493 and \$2,537,099 respectively. These accounts will be used to reduce future employer contributions or to pay plan expenses. During the years ended December 31, 2023 and 2022, employer safe-harbor matching and discretionary non-elective contributions were reduced by \$2,934,446 and \$2,658,718, respectively, from forfeited non-vested accounts. During the years ended December 31, 2023 and 2022, Plan expenses were reduced by \$0 and \$103,961, respectively from Forfeited non-vested accounts. The employer contribution receivables at December 31, 2023 and 2022 were partially funded with \$3,423,298 and \$2,950,000 of forfeited non-vested accounts during 2024 and 2023, respectively. As such, the employer contribution receivables of \$43,622,849 and \$39,761,423 at December 31, 2023 and 2022, respectively, have been presented net of the funding via forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Administrative and Investment Management Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of the investment income (loss) reported by the Plan.

Hartford HealthCare 401(k) Retirement Plan

Notes to the Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than the fully benefit responsive investment contract, are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits to participants are recorded when paid.

Hartford HealthCare 401(k) Retirement Plan

Notes to the Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

3. Unaudited Information - Certified Investments and Notes Receivable from Participants

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee for the years ended December 31, 2023 and 2022.

4. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Hartford HealthCare 401(k) Retirement Plan

Notes to the Financial Statements (continued)

4. Fair Value Measurements (continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds - The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges. (Level 1 inputs)

Self-Directed Brokerage Account - Accounts primarily consist of mutual funds and common stocks which are valued on the basis of quoted active market prices (Level 1 inputs). Accounts with certificate of deposit, bond, preferred stock, and option investments are valued on the basis of quoted prices in non-active markets. (Level 2 inputs).

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value, at December 31, 2023 and 2022, on a recurring basis are summarized below:

Description	Level 1	Level 2	Level 3	Total
2023				
<i>Investments</i>				
Mutual funds	\$2,156,473,519	\$ -	\$ -	\$2,156,473,519
Self-directed brokerage account	33,396,611	2,764,202	-	36,160,813

Hartford HealthCare 401(k) Retirement Plan

Notes to the Financial Statements (continued)

4. Fair Value Measurements (continued)

Description	Level 1	Level 2	Level 3	Total
2022				
<i>Investments</i>				
Mutual funds	\$1,630,941,468	\$ -	\$ -	\$1,630,941,468
Self-directed brokerage account	21,659,552	518,821	-	22,178,373
Total investments at fair value	\$1,652,601,020	\$ 518,821	\$ -	\$1,653,119,841

5. Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive evergreen (no maturity date) group annuity contract with PRIAC (a traditional investment contract). The contract is maintained and record-kept as an investment option in the Plan by Fidelity Management Trust Company. The group annuity contract is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Fidelity maintains the contributions in its general account. The issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is semi-annually based upon contract provisions, and it may not be less than 1.5%. Interest crediting rates were 2.00% and 1.70%, respectively as of December 31, 2023 and 2022.

Fidelity's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable beyond 90 days from the requested distribution. Such circumstances include Plan termination, Plan merger, termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Hartford HealthCare 401(k) Retirement Plan

Notes to the Financial Statements (continued)

6. Tax Status

The Internal Revenue Service issued an opinion letter dated August 25, 2021 indicating that the volume submitter plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Party-In-Interest and Related Party Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds mutual funds issued by Fidelity Management Trust Company, a group annuity contract issued by PRIAC, record-kept and maintained as an investment option in the Plan by Fidelity Management Trust Company. Fidelity Management Trust Company is a trustee of the Plan and PRIAC is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to Fidelity Management Trust Company, PRIAC and its affiliates, qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

9. Subsequent Events

The Plan has evaluated events occurring between December 31, 2023 and September 27, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan adopted in-plan Roth conversions.

The Plan adopted the following provisions of SECURE 2.0 effective January 1, 2024 (1) increase in mandatory cash-out limit to \$7,000, (2) self-certification of hardship withdrawals, and (3) distributions of up to \$5,000 for qualified birth or adoption expenses. Effective May 1, 2024 the Plan allows penalty free distributions to pay for long term care premiums or for individuals who are terminally ill or a victim of domestic abuse.
