Independent Auditors' Report

To the Trustees of
L.P.M. Holding Company, Inc. 401(k) Savings Plan
Bolton, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of L.P.M. Holding Company, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of L.P.M. Holding Company, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of L.P.M. Holding Company, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about L.P.M. Holding Company, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of L.P.M. Holding Company, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about L.P.M. Holding Company, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) and supplemental Schedule H, Line 4i-Schedule of Assets (Acquired and Disposed of Within Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2023

A. Plan Description

The following brief description of L.P.M. Holding Company, Inc. 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

1. General - The Plan was established July 1, 1989, and is a qualified defined contribution plan covering all eligible employees of L.P.M. Holding Company, Inc. (“plan sponsor”) and Seasonal Food Brands, together referred to as (the “participating employers”) who have completed six months of service and have reached the age of twenty-one. It is subject to the provisions of the Employer Retirement Income Security Act of 1974 (“ERISA”). All investments are participant-directed.
2. Contributions - All eligible employees may contribute a percentage of their pre-tax compensation to the Plan, subject to limits set by the Internal Revenue Code (“IRC”). Participants that have met the requirement age of 50 may elect to defer additional amounts as catch-up contributions, subject to limits set by the IRC. Participants may also elect to defer a percentage of their after-tax compensation designated as roth contributions, subject to maximum limits set by the IRC. Participants are automatically enrolled in the Plan with a 5% contribution. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

The participating employers may make discretionary matching contributions based upon percentages determined each year, subject to limits set by the IRC. Participants will be eligible to receive matching contributions upon meeting eligibility to make elective deferrals. The participating employers may also make discretionary profit sharing contributions to the Plan. Participants will be eligible to receive an allocation of discretionary profit sharing contributions upon completing 1,000 hours of service during the plan year and if employed on the last day of the plan year. For the years ended December 31, 2023 and 2022, the participating employers made discretionary matching contributions totaling \$58,848 and \$48,507, respectively.

3. Participant accounts - Participant accounts are credited with their voluntary salary deferral contributions, an allocation of discretionary matching and profit sharing contributions, and Plan earnings. Allocations are based on participant compensation, deferral or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Notes receivable from participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance subject to certain Internal Revenue Service (“IRS”) limitations. Note terms range from one to five years, unless a principal residence loan which term can range up to fifteen years, and are secured by the remaining vested balance in the participants’ account. The notes bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid through after-tax payroll deductions on a bi-weekly basis.

A. Plan Description (continued)

5. Vesting - The participants are fully vested in their own contributions and related earnings. Vesting of employer contributions and related earnings is achieved through a six-year graduated formula based on years of continuous service. A participant shall be 100% vested upon attainment of normal retirement age, death or disability.
6. Forfeitures - Contributions made by participating employers that are not vested at the time employees cease to be participants in the Plan shall be used to pay administrative expenses or reduce future contributions. Unallocated forfeitures, including investment gains and losses, as of December 31, 2023 and 2022 were \$11,960 and \$5,557, respectively.
7. Payment of benefits - Participants who terminate employment are entitled to 100% of their accumulated vested benefits. Plan benefits begin at the normal retirement age. The death benefit payment will normally be paid to the beneficiary in the form of a lump-sum distribution or in annual installments over a period not exceeding ten years. The Plan also provides for in-service distributions to participants upon reaching age 59 ½, normal retirement, qualified military reservist or deemed severance or who meet certain hardship distribution rules.
8. Plan termination - Although it has not expressed an intention to do so, the plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

B. Summary of Significant Accounting Policies

1. Basis of accounting - The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").
2. Use of estimates - The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.
3. Investments - The Plan has entered into an investment contract with Great-West Life & Annuity Insurance Company ("Great-West"). The contract allows participants to invest among various pooled separate accounts of Great-West as well as an interest-bearing account held as a general account of the insurer. Investments are reported at fair value (except for the fully benefit responsive guaranteed investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, see Note D.

Units of participation in pooled separate accounts are not traded on securities exchanges but are redeemable only by the issuer. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

B. Summary of Significant Accounting Policies (continued)

4. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.
5. Benefits paid to participants - Benefits are recorded when paid.
6. Administrative expenses - Certain administrative expenses incurred in maintaining the Plan are paid directly by participating employers and are excluded from these financial statements. Investment-related expenses, recordkeeping, and other plan administration expenses are paid by the Plan and are recorded in the net appreciation or depreciation in fair value of investments and administrative fees in the accompanying financial statements. The Plan receives a revenue share from its third party administrator. Revenue share funds received are reported as other income in the statement of changes in net assets available for benefits which are used to pay plan expenses.

C. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, schedule of assets acquired and disposed of within a year, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company LLC (“Empower”), the custodians of the Plan.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

L.P.M. Holding Company, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023

D. Fair Value Measurements (continued)

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">a. Quoted market prices for similar assets or liabilities in active markets.b. Quoted prices for identical or similar assets or liabilities in inactive markets.c. Inputs other than quoted prices that are observable for the asset or liability.d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Inputs that are unobservable inputs for the asset or liability. |

The following is a description of the valuation methodologies used for assets measured at fair value.

Variable annuities - Variable annuities are valued using the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding.

All investments within the fair value hierarchy as of December 31, 2023 and 2022 were Level 2 investments in variable annuities.

For the years ended December 31, 2023 and 2022, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

E. Guaranteed Investment Contract with Insurance Company

The Plan has a guaranteed investment contract with Great-West Retirement Services that is considered fully benefit-responsive and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

L.P.M. Holding Company, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023

E. Guaranteed Investment Contract with Insurance Company (continued)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract value of the investment contract at December 31, 2023 and 2022, was \$408,690 and \$355,305, respectively. At December 31, 2023 and 2022, the fair value of the investment contract equaled the contract value. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and the prevailing market conditions. Such interest rates are reviewed on a quarterly basis for resetting. At December 31, 2023, the crediting rates for the guaranteed investment contract were between 1.15% and 1.30%. At December 31, 2022, the crediting interest rates for the guaranteed investment contract were between 0.80% and 1.05%.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include, but are not limited to, the Plan's failure to qualify under Section 401(a) of the IRC or failure of the trust to be tax-exempt under section 501(a) of the IRC; premature termination of the contract; Plan merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan. The plan administrator believes that there are no events probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants. The guaranteed investment contracts does not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

G. Related Party and Party-in-Interest Transactions

Plan investments include variable annuities and a guaranteed investment contract managed by Empower, who has custody of the Plan's investment assets and provides recordkeeping services to the Plan. These transactions qualify as party-in-interest transactions. Administrative and recordkeeping fees are paid by the Plan.

L.P.M. Holding Company, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023

G. Related Party and Party-in-Interest Transactions (continued)

Certain employees and officers of the plan sponsor, who may also be participants in the Plan, perform administrative services at no cost to the Plan.

Certain administrative expenses of the Plan are paid directly by the participating employers and are excluded from these financial statements.

The Plan receives administrative services from Angell Pension Group (third party administrator), fees related to these services are paid by the Plan.

Notes receivable from participants are included in the statement of net assets available for benefits and interest income related to notes receivable from participants is included in the statement of changes in net assets available for benefits.

H. Reconciliation of Financial Statements to Form 5500

Per the accompanying financial statements, contributions totaled \$572,716 and the net increase in net assets available for benefits totaled \$851,899 for the year ended December 31, 2023.

Per the form 5500, contributions totaled \$622,716 and the net increase in net assets available for benefits totaled \$889,720 for the year ended December 31, 2023. The reconciling amounts relate to employer discretionary matching contributions receivable of \$50,000 and refundable excess deferrals of \$12,179 for the year ended December 31, 2022.

Per the accompanying financial statements, net assets available for benefits totaled \$4,340,033 as of December 31, 2022.

Per the form 5500, net assets available for benefit totaled \$4,302,212 as of December 31, 2022. The reconciling amounts related employer matching contribution receivable of \$50,000 and refundable excess deferrals of \$12,179 as of December 31, 2022.

I. Income Tax Status

The IRS has determined and informed the plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

L.P.M. Holding Company, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023

I. Income Tax Status (continued)

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

J. Operational Failure

In accordance with the Plan adoption agreement, eligible participants are allowed to enter the Plan at the beginning of each Plan quarter. During 2021, 2022 and 2023, the plan sponsor failed to enter certain participants into the Plan in a timely manner resulting in the participants having missed deferrals.

In accordance with the Plan adoption agreement, commissions are included in eligible compensation. During 2022, the plan sponsor failed to include commissions when calculating participants' contributions resulting in the participants having missed deferrals.

In accordance with the Plan adoption agreement, bonuses are included in eligible compensation. During 2023, the plan sponsor failed to include certain bonuses when calculating participants' contributions resulting in the participant having missed deferrals.

In 2024, the plan sponsor intends to voluntarily correct these operational failures by funding the participants their missed deferrals and any lost earnings. As of the date the financial statements were available to be issued, the corrections have not been made. The plan administrator determined the receivable was immaterial to the financial statements and was not recorded in the accompanying financial statements as of December 31, 2023 and 2022.

K. Subsequent Events

The plan sponsor has evaluated all subsequent events through October 7, 2024, the date the financial statements were available to be issued and determined that no additional subsequent events had occurred that would require recognition or disclosure in these financial statements.
