INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Interactions, LLC 401(K) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Interactions, LLC 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental Schedule of Assets (Held at End of Year) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022**

1. Description of the Plan

The following description of the Interactions, LLC 401(k) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 401(k) profit sharing plan covering substantially all employees of Interactions, LLC (the Company or Plan Sponsor) who are at least 21 years old. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is also the administrator of the Plan (Plan Administrator). As Plan Administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) is the appointed trustee of the Plan and holds and manages Plan investments, as well as provides recordkeeping services, at the discretion of the Plan Administrator. Global Retirement Partners, LLC (GRP) is the Plan's investment advisor.

Contributions

Participants may make voluntary contributions through salary reductions up to 100% of their eligible annual pre-tax compensation, as defined by the Plan document, limited to the maximum amounts allowed under the provisions of the IRC. Further, participants who are 50 years of age or older before the end of the Plan year may contribute additional catch-up contributions. The Plan also allows participants to defer after-tax contributions up to 100% of eligible compensation, limited to the maximum amounts allowed under the provisions of the IRC, and rollover contributions from other qualified plans, as defined in the Plan document. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for automatic enrollment, whereby eligible employees are automatically enrolled to defer 4% of pre-tax eligible earnings, as applicable, in the Plan. Employees must submit an election to opt out of the automatic enrollment provision of the Plan.

The Plan Sponsor makes discretionary matching contributions of 50% of each participant's elective deferral contribution up to a maximum of 6% of compensation that a participant contributes to the Plan.

The Plan Sponsor may make non-elective contributions to all eligible participants based on the individual's eligible earnings, as a percentage of all eligible earnings of employees who are allocated the contribution. Eligible participants must be employed by the Plan Sponsor on December 31 to receive this contribution, if made. The Plan Sponsor did not elect to make non-elective contributions during the year ended December 31, 2023.

**INTERACTIONS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022**

Participant Accounts

Each participant's account is credited with the participant's contribution and the Employer's matching contribution and allocations of (a) the Employer discretionary contributions, (b) Plan earnings (losses), and (c) administrative expenses. Plan earnings (losses) and administrative expenses are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Participants become 100% vested in Plan Sponsor matching contributions upon completion of one year of service. Participants become vested in any Plan Sponsor non-elective contributions and actual earnings thereon as follows: 25% after one year, 50% after two years, 75% after three years, and 100% after four years. Participants are immediately vested in all accounts in the event of death, disability, or attainment of retirement age.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made over the outstanding balance of loans from the Plan on the date the loan is made, or 50% of their vested account balance. Note terms range from 1 to 5 years, or up to a period of no more than 15 years for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator based on prevailing rates. Principal and interest is paid ratably through payroll deductions. A participant may have one loan outstanding at a time.

Payment of Benefits

On retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) can elect to receive a single lump-sum distribution, rollover the balance to a qualifying retirement account, or defer receiving payments until age 70½. The distribution would be equal to the vested value of the participant's account at termination. During 2023, the Plan adopted a provision of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE) Act 2.0, which increased the age of the required distributions to begin from 72 to 73 (or, if later, termination of employment).

If a participant has reached age 59½, distributions may be made, at the participant's election, from any accounts which are 100% vested without requiring the participant to terminate employment.

Participant vested account balances that are \$1,000 or less upon termination will be paid in an immediate lump-sum distribution. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$5,000, the amount will be rolled over to an individual retirement plan designated by the trustee, unless otherwise directed by the participant.

**INTERACTIONS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022**

Hardship withdrawals from the Plan are permitted from any accounts which are 100% vested, subject to the limitations imposed by the IRC. The minimum permitted hardship withdrawal is \$500.

Forfeitures

Participants in the Plan who leave the employment of the Company before completing the applicable vesting requirements forfeit the non-vested portion of their accounts. Forfeitures are available to reduce future Plan Sponsor contributions or to pay administrative expenses of the Plan. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$28,395 and \$7,196, respectively. Forfeitures of \$268 were used to reduce Plan expenses during the year ended December 31, 2023.

Plan Termination

The Plan Sponsor expects to continue the Plan indefinitely. However, the Plan Sponsor reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants. Any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Contract value represents investments at cost plus accrued interest income, less amounts withdrawn to pay benefits and fees. The Plan Administrator determines the Plan's valuation policies utilizing information provided by its investment advisor, and the trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

INTERACTIONS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in the subsequent year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Contributions

Participant and Plan Sponsor contributions are recorded weekly and bi-weekly, when the Plan Sponsor remits the contributions for investment into the Plan. Plan Sponsor non-elective contributions, if any, are recorded as a receivable at year end and remitted to the Plan during the following year.

Payment of Benefits

Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid by the Plan Sponsor, unless the Plan Sponsor directs that such expenses be paid by the Plan. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

INTERACTIONS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market risk and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

INTERACTIONS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

Money Market Fund: The carrying amount of the money market fund is the deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: The Plan invests in the Fidelity Managed Income Portfolio (MIP) Fund, an investment vehicle that invests in benefit-responsive investment contracts, fixed income securities and money market funds. It is valued at NAV of units held by the Plan. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or redemption restrictions for the individual participants within the Plan, and no redemption notice period for this investment at the Plan level.

As of December 31, 2023 and 2022, the Plan's investments in money market and mutual funds are reported at level 1 within the fair value hierarchy. In accordance with Subtopic 820-10, the common collective trust fund is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been categorized in the fair value hierarchy.

NOTES TO THE FINANCIAL STATEMENTS

4. Income Tax Status

The Plan is an adoption of a pre-approved defined contribution plan sponsored by FMR LLC. FMR LLC has received a determination letter from the IRS dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator and the trustee believe that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believe the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by Fidelity, the trustee of the Plan.

Statements of Net Assets Available for Plan Benefits at December 31, 2023 and 2022, except for contributions receivable and refundable, if any;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023; and

Investment information provided on the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2023.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement at December 31, 2023.

INTERACTIONS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31, 2022:

Net assets available for plan benefits per financial statements	\$ 29,282,110
Excess contributions refundable	<u>5,532</u>
Net assets available for plan benefits per Form 5500	<u>\$ 29,287,642</u>

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2023 to the net increase per the Form 5500:

Net increase per financial statements	\$ 4,691,275
Less: Prior year excess contributions refundable not reported on Form 5500	<u>(5,532)</u>
Net increase per Form 5500	<u>\$ 4,685,743</u>

7. Related Party Transactions

Plan investments are held and managed by Fidelity and GRP provides consulting on investment performance; therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Fidelity and GRP for administrative services totaling \$20,728 and \$30,000, respectively, for the year ended December 31, 2023. The Plan also made direct payments to its other advisors of \$5,774 for the year ended December 31, 2023. Participant notes receivable also qualify as party-in-interest transactions.

8. Non-exempt Transactions

For the years ended December 31, 2023 and 2022, the Plan Sponsor failed to remit \$326 and \$88, respectively, of participant contributions and loan repayments to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Plan Sponsor's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Plan Sponsor.

INTERACTIONS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

During 2024, the Plan Sponsor will remit untimely participant contributions of \$326 due to the Plan for the year ended December 31, 2023. The Plan Sponsor is currently working with its third-party administrator to calculate and remit any lost earnings associated with these late remittances. During 2023, the Plan Sponsor remitted untimely participant contributions and loan repayments of \$88 due to the Plan for the year ended December 31, 2022. There were no lost earnings to be remitted resulting from this late remittance.

9. Subsequent Events

Effective January 1, 2024, the Plan adopted a provision of the SECURE Act 2.0. The adoption consisted of an increase in the limit for involuntary automatic rollover to an individual retirement plan upon participant termination account balances from \$5,000 to \$7,000.

Management has evaluated subsequent events through October 4, 2024, which is the date these financial statements were available to be issued.
