INDEPENDENT AUDITORS' REPORT

To the Investment Committee of the
Tapjoy, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Tapjoy, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets in liquidation as of December 29, 2023 and December 31, 2022, and the related statement of changes in net assets in liquidation for the period ended December 29, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 29, 2023 and December 31, 2022, and for the period ended December 29, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions users made based on these financial statements.

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, during 2023 the Plan sponsor elected to terminate the Plan. Effective December 29, 2023, the Plan and all participant assets were fully liquidated. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2022 financial statements, to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Notes to Financial Statements

December 29, 2023

Note 1 Description of plan:

The following description of the Tapjoy, Inc. Retirement Plan (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

In 2023, Tapjoy, Inc. (the “Company”) and the trustees determined to terminate the Plan and merge the participants and assets in with a parent company plan. Effective May 1, 2023, the Plan was frozen to new contributions. Effective December 29, 2023, the Plan was terminated, and all participant assets were rolled into the parent company plan. See note 6 for Plan termination.

General: The Plan is a defined contribution plan established on January 1, 2007 by the Company, amended and restated on January 1, 2022, and further amended on May 1, 2022, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for eligible employees of the Company.

The Company is the Plan sponsor and retains the services of third parties to assist in the administration of the Plan. Through December 29, 2023, the Plan’s third party administrator was ADP Retirement Services (“ADP”), and the Plan’s custodian was Reliance Trust Company (“Reliance”).

Eligibility: All employees of the Company are eligible for the Plan and must be at least twenty-one years of age to begin making elective deferrals. There are no minimum service requirements. Excluded employees are defined as nonresident aliens, residents of Puerto Rico, lease employees, and part time employees with less than 1,000 hours of service.

Participant contributions: Each year participants may contribute on a pre-tax or after-tax Roth basis up to 90% of eligible compensation, as defined in the Plan, subject to the annual limits specified under the Internal Revenue Code (the “IRC”). Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants direct the investment of their account balances into various investment options offered by the Plan.

Employer contributions: The Company may, at their own discretion, make employer matching contributions and non-elective contributions. Matching contributions do not require the participant to have been employed on the last day of the Plan year. Non-elective contributions are allocated based on each Plan year based on total compensation and participants must have been employed on the last day of the Plan year to be eligible. Effective May 1, 2023, the Plan was frozen and employer matching contributions up to 100% on the first 4% of the participants compensation, could not be made after this date. The Company made employer matching contributions of approximately \$386,000 for the period ended December 29, 2023.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account immediately preceding the commencement of processing the distribution.

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Participant investment options include a variety of mutual funds and a money market fund. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Non-elective contributions vest at a rate of 20% per year starting in the second full year of service on a 6-year vesting schedule. A full year of service (1,000 hours in a Plan year) is based on the equivalency method where 190 hours of service are credited for each month in which a participant is employed during a Plan year. Participants are immediately vested in employer matching contributions.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The notes are secured by the balance in the participant's account and bear interest at the Prime rate plus 2%. Note terms range from one to five years, but may not exceed five years, except for notes used for a purchase of a primary residence, which may be repaid over a period of thirty years. Principal and interest are paid ratably through payroll deductions. Participants may not have more than one note outstanding at any time. Effective May 1, 2023 the plan was frozen and no new loans were issued.

Payment of benefits: The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained early retirement age (59 1/2). Upon termination, the participant or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participants with vested account balances of \$1,000 or less upon separation will receive an automatic lump sum cash payout and participants with vested account balances greater than \$1,000 but less than \$5,000 will automatically be rolled over to an individual retirement account ("IRA").

Forfeitures: The non-vested portion of a terminated participant's account balance is forfeited. Forfeitures are used to reduce employer contributions or to pay expenses related to the Plan. There were no forfeitures remaining in the Plan as of December 29, 2023. Forfeitures remaining in the Plan as of December 31, 2022 were immaterial. For the period ended December 29, 2023, no forfeitures were used to reduce employer contributions or Plan expenses.

Administrative and other costs: The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan. Administrative expenses recorded in the Plan represent custodial fees and other recordkeeping fees paid directly from the Plan to the Plan's custodian. Note and distribution fees and any special handling costs are deducted directly from participants' accounts.

Note 2 Summary of significant accounting policies:

Basis of accounting: In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan used the liquidation basis of accounting for the periods presented in these financial statements.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at period-end. The money market fund is valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan’s investments.

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Investment management fees and operating expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were made available to be issued which is the date of the independent auditors' report.

Note 3 Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Notes to Financial Statements

December 29, 2023

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 29, 2023 the Plan held no investments. Investments measured at fair value on a recurring basis consisted mutual funds and a money market fund as of December 31, 2022 and have all been determined to be Level 1 by the Plan administrator.

The Plan's valuation methodology used to measure the fair value of mutual funds and the money market fund were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4 Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Investments at fair value as shown in the Statement of Net Assets Available in Liquidation as of December 29, 2023, and December 31, 2022.
- Notes receivable from participants as shown in the Statement of Net Assets Available in Liquidation as of December 29, 2023, and December 31, 2022.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available in Liquidation for the period presented.

Note 5 Related party transactions:

Reliance serves as the Plan's custodian. At December 31, 2023 and 2022, the Plan did not hold any investments in Reliance funds.

Note 6 Plan termination:

As described in Note 1, the Plan was approved to be terminated in December 2023 and all assets were transferred out of the Plan upon termination on December 29, 2023.

Note 7 Income tax status:

The prototype plan obtained a copy of the latest Internal Revenue Service opinion letter dated October 6, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances. As of December 29, 2023, since all the assets have been liquidated, the risks and uncertainties are minimal.
