INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of The AZEK Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The AZEK Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of The AZEK Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of The AZEK Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The AZEK Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The AZEK Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The AZEK Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

The AZEK Company 401(k) Plan
Notes to Financial Statements
As of and For the Years Ended December 31, 2023 and 2022

1. Description of Plan

The following description of the AZEK Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established January 1, 1998, for the exclusive benefit of the employees of the AZEK Company, Inc. (the "Plan Sponsor") and affiliated adopting employers. Collectively bargained employees, non-resident aliens, and leased employees are excluded from the Plan. Employees who become employees through a merger or acquisition are also excluded from the Plan up until the transition period has ended. Management of the Plan Sponsor controls and manages the operation and administration of the Plan. Matrix Trust Company serves as the trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2023, the Plan was amended and restated in order to merge the StruXure Outdoor, Inc. 401(k) Plan with and into the Plan (see Note 9). During 2023, assets of \$1,070,067 were transferred into the Plan as a result of the merger.

Contributions

Eligible employees ("participants"), those employees who are at least 18 years of age and have obtained 30 days of service, may contribute a portion of their compensation on a pre-tax basis, as defined, subject to certain Internal Revenue Code ("IRC") limitations. After satisfying the eligibility requirements, employees may generally enter the Plan on the first day of each calendar month. Contributions may be designated as Roth 401(k) contributions. In addition, participants who have attained age 50 before the close of the Plan year are eligible to make "catch-up" contributions up to the amount allowable under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated age appropriate fund until changed by the participant. The Plan also includes an automatic escalation provision where auto-enrolled participants will have their automatic deferral amount increased by 1% each plan year, subject to the provisions of the Plan, up to a maximum of 10% (see Note 10). The automatic increase will apply to all eligible participants deferring less than 10% of plan compensation, and will apply unless the participant makes an affirmative election to opt out of the automatic increase feature.

The Plan provides for a safe harbor matching contribution of 100% of salary deferrals up to the first 1% of eligible compensation, plus 50% of salary deferrals up to the next 5% of eligible compensation. The Plan Sponsor may also provide discretionary matching contributions and discretionary nonelective profit sharing contributions. In 2023 and 2022, the Plan Sponsor made no additional discretionary contributions. A participant must be employed with the Plan Sponsor on the last day of the Plan year to be eligible for the discretionary nonelective profit sharing contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Plan Sponsor's safe harbor matching and discretionary matching contributions, if any, as well as allocations of non-elective profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The AZEK Company 401(k) Plan
Notes to Financial Statements
As of and For the Years Ended December 31, 2023 and 2022

Investments

Participants direct the investment of their contributions, safe harbor matching contributions, discretionary matching contributions and discretionary nonelective profit sharing contributions into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary matching contributions and discretionary nonelective profit sharing contributions portion of their accounts is based on years of continuous service. A participant vests in the Plan Sponsor's discretionary matching contributions and discretionary nonelective profit sharing contributions at the rate of 20% for each year of service. Safe harbor matching contributions are subject to a 2-year cliff vesting schedule.

Notwithstanding the above vesting for the Plan Sponsor's discretionary matching contributions and discretionary nonelective profit sharing contributions portion of their accounts, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (60) while an employee, death while an employee, or becoming disabled while an employee.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$1,919 and \$118,963, respectively. These accounts may be used to pay expenses or to reduce future employer contributions. During the years ended December 31, 2023 and 2022, \$116,310 and \$212,497 were used to pay expenses, respectively. During the years ended December 31, 2023 and 2022, \$122,081 and \$164,849 were used to reduce employer contributions, respectively.

Notes Receivable from Participants

Loans to participants are permitted under the Plan and are treated as a participant directed investment. The minimum loan is \$1,000. The maximum loan available is \$50,000 or 50 percent of the participant's vested account balance. A participant may only have one loan outstanding at any time. All outstanding loans become due and payable in their entirety upon the occurrence of a distributable event (other than satisfaction of the conditions for an in-service distribution). Participant loans bear interest at a fixed rate, commensurate with local prevailing rates as of the date of the loan, which approximates the prime interest rate plus 1%. Interest rates on loans at December 31, 2023 range from 4.25% to 9.50% with the maturity ranging from 2023 to 2041. Loans are repayable within five years unless the loan was taken for the purpose of acquiring or rehabilitating the participant's principal residence, in which case the term of the loan may be for a period longer than five years. Principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account.

Benefit Payments

Plan participants may elect to receive a distribution of vested benefits following the attainment of normal retirement age (60) under the Plan. Distributions must begin no later than the year the participant attains the age required for minimum distributions or retires. If a participant's vested account in the Plan is below \$1,000 at the time of termination or retirement, the Plan may distribute the entire balance to the participant following termination. If a participant's vested account in the Plan is between \$1,000 and \$5,000 at the time of termination or retirement, the Plan may distribute the entire balance to an individual retirement account established on the participant's behalf. Hardship, disability and in-service distributions are also permitted from participant accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of

The AZEK Company 401(k) Plan
Notes to Financial Statements
As of and For the Years Ended December 31, 2023 and 2022

assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

All reasonable administrative expenses, including trustee and third party administration fees necessary to operate and administer the Plan, are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses of maintaining the Plan that are paid directly by the Plan Sponsor are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Management fees and operating expenses associated with investments in the mutual funds and common collective trusts are deducted from income earned by these funds on a daily basis and are not separately reflected. Consequently, management fees and operating expenses associated with investments are included in the net appreciation or depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants, safe-harbor matching contributions and discretionary matching contributions, if any, from the Company are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective profit sharing contributions from the Company, if any, are recorded in the year earned.

Payments of Benefits

Benefits are recorded when paid.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Matrix Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, cash, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.

The AZEK Company 401(k) Plan
Notes to Financial Statements
As of and For the Years Ended December 31, 2023 and 2022

- Investment activity, including net appreciation (depreciation) in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- The information for all mutual funds, common collective trust, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2023, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value (NAV) or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

Notes to Financial Statements
As of and For the Years Ended December 31, 2023 and 2022

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 88,457,644	\$ 88,457,644	\$ -	\$ -
Common collective trust (*)	1,284,351	-	-	-
Total	<u>\$ 89,741,995</u>	<u>\$ 88,457,644</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 64,771,809	\$ 64,771,809	\$ -	\$ -
Common collective trust (*)	1,339,685	-	-	-
Total	<u>\$ 66,111,494</u>	<u>\$ 64,771,809</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2023 and 2022.

<u>Investment Type</u>	<u>Fair Value</u> <u>December</u> <u>31, 2023</u>	<u>Fair Value</u> <u>December</u> <u>31, 2022</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common collective trust	\$ 1,284,351	\$ 1,339,685	\$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2023 and 2022 to its investment in the One America Stable Value Fund (formerly known as the BMO Stable Value Fund). The objective of the One America Stable Value Fund, a common collective trust managed by BMO Asset Management Corp, is to maintain safety of principal while generating a level of current income generally exceeding that of a money market fund. The One America Stable Value Fund seeks to maintain a stable \$1.00 unit value, although there is no guarantee it will be able to do so. The One America Stable Value Fund is primarily invested in traditional and synthetic investment contracts. Traditional contracts are typically issued by insurance companies or banks and are essentially non-marketable deposits with the issuing entity. In the case of a synthetic contract, the One America Stable Value Fund purchases a high-quality debt obligation and arranges for a third party to provide book value benefit payments. Participant transactions (purchases and sales) may occur daily. There are no funding commitments. Were the Plan to initiate a full redemption of the One America Stable Value Fund, the One America Stable Value Fund reserves the right to temporarily delay withdrawals in order to ensure that securities liquidations will be carried out in an orderly business manner.

The AZEK Company 401(k) Plan
Notes to Financial Statements
As of and For the Years Ended December 31, 2023 and 2022

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts, including any employer contributions for which they were not already vested, and all remaining assets in the Plan are to be distributed to the participants by the trustee in accordance with the accrued benefits of such participants as of the date of termination.

7. Tax Status

Effective January 1, 2022 and again January 1, 2023 (see Note 9), through the adoption of a non-standardized 401(k) profit sharing plan sponsored by One America Financial Partners, Inc., the Plan was amended and restated. The Internal Revenue Services ("IRS") issued an opinion letter dated August 19, 2020, stating that the non-standardized 401(k) profit sharing plan document was designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Related-Party and Party-in-Interest Transactions

Plan investments include a common collective trust managed by affiliates of OneAmerica Retirement Services, LLC, recordkeeper of the Plan. For the years ended December 31, 2023 and 2022, the Plan paid fees to OneAmerica Retirement Services, LLC for recordkeeping services of \$212,050 and \$247,470, respectively. Matrix Trust Company, the trustee of the Plan, received indirect compensation from the Plan. Therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

9. Plan Amendments

Effective January 1, 2022, through the adoption of a non-standardized 401(k) profit sharing plan sponsored by One America Financial Partners, Inc., the Plan was amended and restated in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes.

The AZEK Company 401(k) Plan
Notes to Financial Statements
As of and For the Years Ended December 31, 2023 and 2022

Effective January 1, 2023, the Plan was amended and restated to allow for the merger of the StruXure Outdoor, Inc. 401(k) Plan with and into the Plan, update the provisions regarding auto escalation, and make other general administrative changes to the Plan.

10. Subsequent Events

Effective January 1, 2024, the Plan was amended and restated to make the following changes:

- Change the Plan sponsor to the AZEK Group LLC.
- Increase the rate at which participants auto enroll from 5% to 6%.
- Increase the maximum auto escalation percentage from 10% to 12%.
- Allow for the merger of the INTEX Millwork Solutions LLC 401(k) Profit Sharing Plan and Trust with and into the Plan.
- Update the safe harbor matching contribution from 100% of salary deferrals up to the first 1% of eligible compensation, plus 50% of salary deferrals up to the next 5% of eligible compensation to 100% of salary deferrals up to the first 2% of eligible compensation, plus 50% of salary deferrals up to the next 6% of eligible compensation.
- Make other general administrative changes to the Plan.

During the third quarter of 2024, Fidelity Management Trust Company (“Fidelity”) became trustee and recordkeeper of the Plan at which point the Plan’s assets were transferred from Matrix Trust Company (“Matrix”), the former trustee of the Plan to Fidelity. This change in providers initiated a “Black Out” period beginning July 29, 2024 and continued through August 30, 2024. During this period, participants’ plan accounts were not available for investment fund exchanges and distribution requests. During the Black Out period, funds were transferred from Matrix to Fidelity and invested into new investment options selected by the Plan administrator that had similar investment approaches and objectives to the options that were previously available.

Management evaluated subsequent events for the Plan through October 7, 2024, the date the financial statements were available to be issued.
