INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Vitalant 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Vitalant 401(k) Retirement Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with generally accepted accounting standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VITALANT 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Vitalant 401(k) Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan, formed as of January 1, 2003, is a defined contribution plan covering substantially all employees of Vitalant (Company or Plan Sponsor). The Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan was certified by Fidelity Management Trust Company as of December 31, 2023 and for the period from September 1, 2023 to December 31, 2023, and was certified by State Street Bank & Trust Company as of December 31, 2022. The Plan was administered by Fidelity Workplace Services, LLC beginning on September 1, 2023 and was administered by Transamerica Retirement Services Corporation from January 1, 2023 to August 31, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility - Employees hired on or after September 1, 2023 are immediately eligible to participate in the Plan and must be at least 18 years of age. Employees hired prior to September 1, 2023 are eligible to participate in the Plan after 30 days of service and must be at least 18 years of age. Employees who do not voluntarily elect to enroll in the employee deferred contribution portion of the Plan are enrolled automatically at 3% after they meet eligibility requirements. For those employees automatically enrolled in the Plan at 3%, their deferral contribution rate will increase by 1% each January 1 until it reaches 6%. If an employee does not want to be enrolled automatically in the employee deferred contributions portion of the Plan, the employee must affirmatively elect not to participate.

Contributions - Plan participants may contribute up to the maximum percentage of compensation as defined in the Plan and in accordance with the dollar amount permissible under Internal Revenue Code (IRC) limitations. Participants who have attained the age of 50 before the close of the Plan year are eligible to make additional catch-up contributions. The Company makes matching contributions of 100% of the first 5% of base compensation a participant contributes to the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

Additional amounts may be contributed at the discretion of the Company's board of trustees. These discretionary contributions may include additional employer contributions based on a points formula as outlined in the Plan document. The Company did not contribute any additional discretionary contributions for the year ended December 31, 2023.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each is credited with the participant's contributions, the Company's matching and discretionary contributions and allocations of Plan income. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct their contributions into various investment options offered by the Plan and may change their options at any time, subject to the terms of the funding vehicles. A designated Default Fund, which meets ERISA Section 404(c) regulations for a qualified default investment alternative (QDIA), is used for those participants who do not elect specific investment options. Should a participant not affirmatively elect an investment option, his/her contributions will be invested in accordance with the QDIA guidelines.

VITALANT 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Company matching contributions are 100% vested at the time of the contribution, and Company discretionary contributions are 100% vested following three years of credited service.

Notes Receivable from Participants - Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less, with a minimum loan amount of \$1,000. Loans are secured by the balance in the participant's account and bear interest at the prime rate of interest at the date the loan is granted, plus 1%. Principal and interest are paid through payroll deductions. Loans must be repaid within five years unless a participant is on an authorized leave for military service, which may extend the maturity date of the loan beyond five years. Additionally, loans acquired through new participant rollovers as allowed by the Plan document for certain participants employed by acquired subsidiaries of the Company may have maturity terms beyond five years. A participant can have one loan outstanding at any given time.

Payment of Benefits - Upon any event of termination of service, a participant will receive lump-sum or annuity installments for the amount equal to the value of the participant's vested interest in his or her account. The Plan also permits in-service and hardship distributions.

Forfeited Accounts - Forfeitures can be used to pay Plan expenses and reduce future employer contributions. During 2023, approximately \$234,000 and \$783,000 in forfeitures were used to pay Plan expenses and reduce employer contributions, respectively. The outstanding forfeiture balance at December 31, 2023 and 2022 was approximately \$141,000 and \$579,000, respectively. Subsequent to year-end, approximately \$288,000 in forfeitures was used to reduce 2023 employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan's investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect the participant's account balances and amounts reported in the statements of net assets available for benefits.

VITALANT 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and custodian. See Note 7 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments and, therefore, reported in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Administrative Expenses - Certain administrative and advisory expenses of the Plan are paid by the Plan as provided in the Plan document. Administrative expenses are charged to participants who elect to obtain a loan from the Plan and are deducted from the participant's account balance at the loan date. The Plan Sponsor provides certain administrative services at no charge to the Plan. Fees are paid to Fidelity Workplace Services, LLC and Transamerica Retirement Services Corporation (recordkeepers) for administrative services and are recorded in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent loans that default are reclassified as distributions to the participant based on the terms of the Plan document.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. The Plan has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

VITALANT 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 4 - TAX STATUS

The Internal Revenue Service (IRS) issued a favorable determination letter dated September 21, 2015, stating that the Plan was qualified and the related trust was tax-exempt. The Plan has since been amended. The Plan administrator believes that the Plan remains qualified, is being operated in compliance with the applicable requirements of the IRC, and the related trust is tax-exempt through the year ended December 31, 2023.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of liability or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of collective trust funds managed by the recordkeepers, therefore these transactions qualify as party-in-interest transactions. The recordkeepers also provide recordkeeping services for the Plan, therefore these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rule of ERISA. Fees paid to the recordkeepers by the Plan for administrative services are recorded in administrative expenses in the accompanying statement of changes in net assets available for benefits. Total fees paid to Fidelity Workplace Services, LLC and Transamerica Retirement Services Corporation amounted to approximately \$406,000 and \$39,000, respectively, for the year ended December 31, 2023. Certain administrative functions are performed by employees of the Company at no cost to the Plan. State Street & Trust Company has appointed Transamerica Retirement Services Corporation to provide certain necessary duties and functions on its behalf.

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Bank & Trust Company, a qualified institution and the former trustee of the Plan as of December 31, 2022 and for the period of January 1, 2023 to August 31, 2023, and Fidelity Management Trust Company, a qualified institution and trustee of the Plan as of December 31, 2023 and for the period of September 1, 2023 to December 31, 2023, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income, interest income on notes receivable from participants and net appreciation of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED) (Continued)

- Investment information included in the schedule of assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 7 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identifiable assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

VITALANT 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 7 - FAIR VALUE MEASUREMENT (Continued)

Self-directed brokerage account - Self-directed brokerage accounts contain money market funds, equity mutual funds and fixed-income mutual funds. These funds are valued at the daily closing price as reported by the funds and are required to publish their daily NAV and to transact at that price. The carrying value of money market funds approximates fair value due to the short-term nature of such interests.

Collective trust funds: Collective trust funds (i.e., target retirement funds) are valued at the NAV of the fund as a practical expedient. The NAV is calculated by the fund based on net assets, which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value consisted of the following types of instruments, classified according to the fair value hierarchy, at December 31:

2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,736,962	-	-	\$ 24,736,962
Self-directed brokerage account	1,573,437	-	-	1,573,437
Total Assets In The Fair Value Hierarchy	\$ 26,310,399	-	-	26,310,399
Investment measured at NAV - collective trust funds				345,604,157
Investments, At Fair Value				\$ 371,914,556
2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,201,692	-	-	\$ 23,201,692
Total Assets In The Fair Value Hierarchy	\$ 23,201,692	-	-	23,201,692
