INDEPENDENT AUDITORS' REPORT

To: The Plan Administrator of
Autogermana BMW 1165 (E) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Autogermana BMW 1165 (E) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Autogermana BMW 1165 (E) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Autogermana BMW 1165 (E) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Autogermana BMW 1165 (E) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Autogermana BMW 1165 (E) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Autogermana BMW 1165 (E) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following brief description of the Autogermana BMW 1165 (E) Savings Plan (the "Plan") is provided for information purposes only. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

- A) General – The Plan is a defined contribution plan covering all employees, except leased employees, of Autogermana, Inc. (the "Employer") who have attained the age of 18 years old and completed the probationary period (90 days, 180 days, 270 days or 365 days). Participation in the Plan automatically commences on the first day of each month date of the Plan year coinciding with or immediately following the completion of the above eligibility requirements. The Plan qualifies under Section 1081.01 of the Puerto Rico Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Banco Popular de Puerto Rico (the "Trustee") is the trustee of the Plan. Other relevant information is as follows:

Effective date	:	October 1, 2002
Plan year	:	December 31
Normal retirement	:	The later of participant attaining age 65 or the fifth anniversary after becoming a participant
Plan entry date	:	Monthly Entry Dates. The first day of each month date

- B) Plan amendment – Effective December 1, 2021, the Adoption Agreement of the Plan was amended to (i) allow in-service withdrawals at age 59 ½; for all subaccounts under the Plan without financial hardship; (ii) allow periodical payments over a period of 10 years, as a method of distribution of benefits to participants; (iii) allow early retirement age for participants at age 55 after completing 5 years of service; and (iv) establish that the employer will make matching contributions of \$0.25 for each dollar of participant contribution up to the first 6% of the participant's annual salary.
- C) Contributions – Each year participants may contribute an amount not to exceed the maximum deferral amount specified by the Puerto Rico tax law. Annual deferral limit under the Code is \$15,000 for the years ended December 31, 2023, and 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). Voluntary after-tax contributions are permitted up to 10% of the participant's compensation. In addition, participants who are age 50 or older at the end of a calendar year may make additional pre-tax contributions ("catch-up contributions") of up to \$1,500 per calendar year. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Employer can discretionally match 25% of the participants' pre-tax contributions for each matching period subject to certain limitations. Total annual contributions made by the Employer and participants are limited to the lesser of \$61,000 or the total compensation paid by the Employer to a participant during the Plan year, as provided by the Code, Section 1081.01.
- D) Participant accounts – Each participant's account is credited with the participant contribution and allocations of (a) the participants' and Employer's discretionary contributions and (b) Plan earnings and (c) any related expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested accounts.

AUTOGERMANA BMW 1165 (E) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

- E) Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employers' contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.
- F) Investment elections – Participants may decide how the contributions allocated to them are invested among the investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. Any investment election may be changed with respect to future contributions.
- G) Payment of benefits – Upon termination of employment, the participants or their authorized representative must request from the Employers that their benefits be distributed. The normal form of benefit under the Plan is a lump sum distribution.
- H) Participant loans – Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan terms range from 1-5 years. Loans used to acquire a principal residence shall provide for repayment over a reasonable period of time that may exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1% or as determined by the Plan Administrator. As of December 31, 2023, and 2022, the interest rate varied between 8% and 9.50%. Principal and interest are paid ratably through mandatory payroll deductions.
- I) Forfeited allocations – Forfeitures of non-vested account balances in any given year can be used to reduce the Plan's administrative expenses, employers' discretionary contributions or can be allocated to participant's accounts during the Plan year. As of December 31, 2023 and 2022, forfeited non-vested accounts amounted to \$11,739 and \$9,486, respectively.

2) Summary of Significant Accounting Policies:

- A) Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.
- B) Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- C) Interest in Master Trust – Investments assets of the Plan are maintained in the master trust ("Master Trust") administered by Banco Popular de Puerto Rico, as Trustee. The Plan participates in one Master Trust.
- D) Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in fair value of investments includes the Plan's interest in Master Trust gains and losses on investments bought and sold as well as held during the year.

AUTOGERMANA BMW 1165 (E) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

5) Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Master Trust's market assumptions.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan or Master Trust has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Investments held by the Plan within the Master Trust are considered Level 1 type investments within the fair value hierarchy, except for the investment in obligations of U.S. governmental agencies that are considered Level 2.

6) Excess Participant Contributions Payable:

The Plan failed the discrimination test for the year ended December 31, 2022. The excess contributions amounted to \$30,565 and were recorded as a liability in the accompanying statements of net assets available for benefits, and as a reduction of participant contributions for the year then ended. The Plan reimbursed these excess contributions to the applicable participants during 2023.

7) Tax Status:

The Plan is intended to be a tax qualified arrangement that complies with the provisions of the Employee Retirement Income Security Act of 1974, as amended, and with the Code. The latest determination letter received from the Puerto Rico Treasury Department was dated July 20, 2022, with an effective date of December 1, 2021. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department. The Plan Administrator evaluated the tax positions taken by the Plan and concluded that the Plan as of December 31, 2023 and 2022, had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements.

AUTOGERMANA BMW 1165 (E) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

8) Risks and Uncertainties:

The Plan's investments may be exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9) Party-in-interest Transactions:

Banco Popular de Puerto Rico is a party-in-interest as defined by ERISA. There were no prohibited party-in-interest investments or transactions as of December 31, 2023 and 2022 and for the year ended December 31, 2023.

10) Plan Termination:

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employers' contributions.

11) Subsequent Events:
