To the Plan Administrator of the
Vesta Food Service 401(k) Plan and Trust

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vesta Food Service 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Vesta Food Service 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vesta Food Service 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vesta Food Service 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vesta Food Service 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vesta Food Service 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and of Assets (Held at End of Year) as of and for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Vesta Food Service 401(k) Plan and Trust

Notes to Financial Statements December 31, 2023 and 2022

Note 1: Description of the Plan

The following description of the Vesta Food Service 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established January 1, 1998, and was restated effective January 1, 2022 to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37. The Plan was amended effective January 1, 2022, to implement the Hardship Distribution Provisions of the Bipartisan Budget Act of 2018. LA Specialty Produce Co. DBA Vesta Food Service (the Company) is the plan sponsor (the plan sponsor). The Plan was established by the plan sponsor to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Plan is a contributory plan whereby participants may defer part of their earnings on a pre-tax or after-tax basis, up to 100% of their salary, not to exceed \$22,500 and \$20,500 for calendar years 2023 and 2022, respectively. All employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are eligible to make additional catch-up contributions up to \$7,500 and \$6,500 for calendar years 2023 and 2022, respectively. Participants may also contribute eligible amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan is a safe-harbor matching contribution plan. To be eligible for the safe-harbor matching contributions, employees must be eligible to participate in the Plan and have contributed to the Plan during the plan year.

The Company matches 100% of the participant's contribution on the first 3% of eligible earnings and 50% on the next 2% of eligible earnings. Matching contributions are allocated to investments per the participant's direction. The employer-safe harbor matching contributions for the year ended December 31, 2023, are \$764,700.

The plan sponsor may also make a discretionary profit-sharing contribution to the Plan. There are no discretionary profit-sharing contributions made for the year ended December 31, 2023. The participants must be employed on the last day of the plan year and have completed a year of service to receive a share of profit-sharing contributions.

Notes to Financial Statements December 31, 2023 and 2022

Note 1: Description of the Plan (continued)

Participant Accounts

Separate accounts are maintained for each participant. Each participant account is credited with the participant's contribution, allocations of the Company's contribution, plan earnings, and charged with an allocation of administrative expenses. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, safe-harbor matching contributions, and transfer of rollover contributions plus earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in their employer contributions after six years of credited service.

Vesting schedule for employer profit-sharing contributions is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a single-sum cash payment or have it rolled over into an individual retirement account (IRA) or another qualified plan that accepts transfers.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming vested to their full benefits under the Plan. These forfeited amounts will be used to reduce the employer contributions or to offset plan expenses. The Plan did not have any forfeitures available as of December 31, 2023 and 2022. The Plan did not have any forfeitures for the year ended December 31, 2023.

Note 1: Description of the Plan (continued)

Hardship Withdrawals

The Plan allows for hardship distributions in accordance with IRS regulations. A participant may withdraw any part of their vested account in the event of undue financial hardship.

Administrative Expenses

The plan participant accounts absorb costs associated with the plan administration, recordkeeping, and audit fees. Individual transaction fees relating to distributions and loan issuance are charged directly on an individual basis to the participants' accounts and are included in administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 10 years if used to purchase participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at the prime interest rate in effect at the time of loan issuance. Interest rates on participant loans range from 3.25% to 8.5% and 3.25% to 6.25% as of December 31, 2023 and 2022, respectively. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023, and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan is treated as distributed based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the plan sponsor and are excluded from these financial statements. Fees related to benefit payments and participant loan issuance are charged directly to the individual participant's account and are included in the administrative expenses. Investment related expenses are applied ratably to participants' accounts and are included in net appreciation of fair value of investments. Distributions and loan issuance fees are aggregated and included in administrative fees.

Vesta Food Service 401(k) Plan and Trust

Notes to Financial Statements December 31, 2023 and 2022

Note 3: Investments (Unaudited)

The December 31, 2023 and 2022 statements of net assets available for benefits, the investment activities included in the statement of changes in net assets available for benefits for the year ended December 31, 2023, the accompanying notes, and supplemental schedules to the financial statements, were prepared in part or entirely from information certified by the custodian, Reliance Trust Company, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$23,614,535 and \$19,353,938 as of December 31, 2023 and 2022, respectively.

The Plan's investments (including investments bought, sold, and held during the year) appreciated in value by \$3,139,096 during the year ended December 31, 2023.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(continued)

Vesta Food Service 401(k) Plan and Trust

Notes to Financial Statements December 31, 2023 and 2022

Note 4: Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2023 and 2022.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Security and Exchange Commission (SEC). These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of Net Realizable Value (NRV) or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$21,003,409	\$ -	\$ -	\$21,003,409
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$18,418,146	\$ -	\$ -	\$18,418,146

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

(continued)

Vesta Food Service 401(k) Plan and Trust

Notes to Financial Statements December 31, 2023 and 2022

Note 5: Group Annuity Contract with Insurance Company

The Plan holds a traditional fully benefit responsive guaranteed investment contract with the Standard Insurance Company (SIC) with a contract value of \$2,611,126 and \$935,792 as of December 31, 2023 and 2022, respectively. SIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1% per annum. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by SIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) termination of the contract, (2) spin-offs, (3) divestitures, (4) layoffs, (5) corporate relocation, (6) partial or total plan termination, (7) retirement incentive programs, and (8) the liberalization of plan withdrawal or transfer rules.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan with written notice 30 days in advance and settle at an amount different from contract value. Examples of such events include (1) plan sponsor's failure to abide to state or federal law, (2) failure to render performance necessary to comply with the terms of the contract, (3) failure to maintain assets of at least \$25,000, (4) plan disqualification, and (5) failure to adopt the Plan in a reasonable period of time.

(continued)

Vesta Food Service 401(k) Plan and Trust

Notes to Financial Statements December 31, 2023 and 2022

Note 6: Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions. If the Plan terminates, benefits provided under this Plan are neither insured nor guaranteed by the Company, by the Pension Benefit Guaranty Corporation, a federal governmental agency, nor under any state or federal law.

Note 7: Tax Status

The prototype plan obtained a determination letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan is qualified under section 401(a) of the Internal Revenue Code (the Code). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirement of the Code and therefore believes that the Plan is qualified, and the related trust was tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Related Party and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues notes to participants which are secured by the vested balances in the participants' accounts, therefore these transactions qualify as party in interest transactions; a statutory exception exemption exists.

(continued)

Vesta Food Service 401(k) Plan and Trust

Notes to Financial Statements December 31, 2023 and 2022

Note 9: Related Party and Party in Interest Transactions (continued)

Certain administrative fees related to the administration of the Plan were paid by the Plan to Standard Retirement Services, the Plan's third-party administrator and Pensionmark Financial Group, LLC, the Plan's investment advisor. These transactions qualify as party in interest transactions, for which a statutory exception exemption exist.

For the year ended December 31, 2023, the Plan paid \$102,935 in fees for services provided by party in interest service providers, of which \$57,443 was paid to the Plan's third-party administrator and \$45,492 was paid to the Plan's investment advisors.

The Plan invests in a group annuity contract that is issued by the Standard Insurance Company, a known party in interest. See Note 5 on the group annuity contract.

Note 10: Corrective Distributions Payable

The Plan failed to pass the nondiscrimination test for the 2022 plan year. Excess employer safe harbor matching contributions amounting to \$43,212 were recorded as a liability in the accompanying statements of net assets available for benefits as of December 31, 2022. The funds were withdrawn from affected participant accounts and were held by the Plan to reduce subsequent employer contributions.

During the year ended December 31, 2023, excess employer safe harbor match contributions identified during compliance testing amounting to \$3,055 were withdrawn from affected participant accounts and were held by the Plan to reduce subsequent employer contributions. During the year ended December 31, 2023, \$12,223 were used from the held amounts to reduce employer contributions. As of December 31, 2023, \$34,044 remain to be used by the Plan to reduce subsequent employer contributions and are recorded as corrective distributions payable in the accompanying statements of net assets available for benefits.

Note 12: Prohibited Transactions

For the year ended December 31, 2022, the plan sponsor failed to remit to the Plan's custodian employee contributions totaling approximately \$245 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions were due to administrative errors and the plan sponsor made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
