PLAN ADMINISTRATOR
TOURNESOL SITEWORKS, LLC 401(k) PLAN
Union City, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **TOURNESOL SITEWORKS, LLC 401(K) PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tournesol Siteworks, LLC 401(k) Plan

Notes to the Financial Statements

Note 1 - Plan Description:

The following description of the Tournesol Siteworks, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective January 1, 2011 by the Tournesol Siteworks, LLC (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan was amended and restated effective December 1, 2017. The administration of the Plan is performed by the 401(k) Plan Administrative Committee (the Committee) composed of employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective August 1, 2020, the Plan was amended to suspend the Safe Harbor Matching Contribution component of the Plan.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was enacted and signed into law. The CARES Act provided plan sponsors the ability to offer participants penalty-free distributions up to \$100,000, increased loan limits and allowed deferment of loan payments. The CARES Act also temporarily waived required minimum distributions for terminated participants in calendar year 2021. The Plan has implemented these provisions and intends to formally execute the required plan amendments reflecting their implementation by the last day of the plan year beginning on or after January 1, 2022.

Effective July 1, 2021, the Plan was amended to include an Employer Matching Contribution component into the Plan.

Effective January 1, 2022, the Plan was amended to reinstate the Safe Harbor Matching Contribution provision.

Effective June 1, 2022, the Plan was restated as an Automatic Data Processing Non-Standardized Defined Contribution Pre-Approved Plan. A favorable opinion letter from the IRS was issued on October 6, 2020, regarding the qualified status of the plan on which the terms of the restated Plan are based. There were no significant changes in Plan provisions except to reduce the required months of service for Plan entry.

The Company acquired Greenscreen effective July 1, 2023. Greenscreen is a manufacturer in Southern California that designs and produces green facades and living screens. The acquisition of Greenscreen gave the Company 35 new employees. The Company honored all Greenscreen employee's original date of hire, which allowed most of these employees to be eligible for the Plan on their first day. The acquisition also resulted in additional rollover contributions amounting to \$673,892 in 2023.

Tournesol Siteworks, LLC 401(k) Plan

Notes to the Financial Statements

Eligibility

All employees are eligible to participate in the Plan. Employees must be 21 years of age to participate. Eligibility for employee deferrals and employer matching contributions is attained when participants complete 12 months of service in which they work a minimum of 1,000 hours. Per the Plan restatement effective June 1, 2022, participants may enter the Plan after 6 months of service. Plan entry is the month following meeting the applicable eligibility requirements.

Contributions

Participants may elect to make pre-tax 401(k) contributions and/or after-tax Roth contributions. Eligible employees may contribute on a pre-tax basis at minimum 1% up to 90% of annual compensation, as defined by the Plan, not to exceed the amount allowable under current income tax regulations. Employees who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may rollover amounts representing distributions from other qualified plans.

All newly hired and rehired employees will be notified approximately 30 days prior to when the Employer will begin automatically deducting 2% from pay on a pre-tax basis. The participants may stop or change the automatic contribution feature before it commences.

Each Plan year, the Company makes a matching contribution to the Plan in an amount not to exceed 4% of the employee's eligible compensation for the Plan year.

The Plan offers discretionary matching contributions to the participants making employee deferral contributions. Employees who have satisfied the eligibility requirements and who are employed on the last day of the Plan year are eligible for a discretionary non-elective employer contribution. The discretionary matching contributions and non-elective employer contributions may be made at the discretion of the Company's Board of Directors. No such contributions were made during the 2023 Plan year.

Payment of Benefits

Upon termination of service, due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his/her account in a lump-sum amount. Eligible rollover distributions exceeding \$1,000, but less than \$5,000 are to be directly rolled over into a traditional individual retirement account (IRA) or, if specified by the participant, as a direct payment to him/her in a single lump sum payment. Eligible rollover distributions less than \$1,000 are automatically paid directly to the participant in a single lump sum. Participants are also permitted to request a withdrawal of their vested funds upon reaching age 59 ½. The Plan allows for hardship withdrawals by the participant. None of the terminated participants at December 31, 2023 or 2022 who had requested to withdraw from the Plan had not been paid at that date.

Tournesol Siteworks, LLC 401(k) Plan

Notes to the Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's qualified rollover contributions, the Company's, discretionary non-elective and discretionary matching contributions, and Plan earnings or losses thereon, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined.

Participant Investment Options

Upon enrollment in the Plan, a participant must direct the allocation of their contributions to any of the investment options offered by the Plan. If a participant does not direct the Company's Employer Match Contributions, the contributions will be invested in an Vanguard Target Retirement fund with the participant's anticipated retirement date. Participants may change their investment options any time throughout the year (subject to specific limitations placed by certain investment funds) via Automatic Data Processing, Inc. (ADP).

Vesting

Participants are vested immediately in their employee contributions, including rollovers of funds from other qualified retirement plans, and the Company's, discretionary non-elective and discretionary matching contributions plus actual earnings thereon.

Forfeited Accounts

At December 31, 2023 and 2022, the balance of forfeited accounts was \$488 and \$457, respectively. These accounts may be used to pay plan administrative expenses and to reduce future employer contributions. For the year ended December 31, 2023, \$0 from forfeited accounts was used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow not less than \$500 and up to the lesser of \$50,000 or 50% of their account balance attributable to participants' salary deferral contributions. The loans are secured by the participant's balance. Participants may have two notes outstanding at any given time. All notes must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period is thirty years. Participants may prepay their outstanding loan in full at any time. Under the terms of the Plan, all loans shall bear interest at the applicable rate in effect in the month their loan is effective. The applicable interest rate is the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. Repayments of loans are withheld from the employee's paycheck and deposited by the Company. As of December 31, 2023, the rates of interest on outstanding notes range from 3.25% to 10.50% with various maturities through May 2032.

Notes to the Financial Statements

Plan Trustee and Record Keeper

The Company appointed Reliance Trust Company as the Trustee of the Plan and ADP as the Record Keeper. Substantially all of the Plan's assets are held by Reliance Trust Company.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses of the Plan may be paid by the Company and any such expenses not paid by the Company shall be paid by the Plan. Plan administrative fees for participants who are no longer employed by the Company are paid by the terminated participant.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments of the Plan are managed by the Trustee and invested based solely upon instructions received from participants. The Plan's investments are valued at fair value as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for the discussion on fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation (depreciation) in the aggregate current value of investments and realized gains and losses on sale of investments bought and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2023.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction to net appreciation (depreciation) in fair value of investments.

Notes to the Financial Statements

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2023 through October 4, 2024, the date the financial statements were available to be issued, and there were no material subsequent events that required recognition or additional disclosure.

Notes to the Financial Statements

Note 3 - Certified Information:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, were obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge and belief by Reliance Trust Company (the Trustee of the Plan).

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Tournesol Siteworks, LLC 401(k) Plan

Notes to the Financial Statements

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

As of December 31, 2023	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 5,830,265	\$ -	\$ -	\$ 5,830,265
Investments, at fair value	\$ 5,830,265	\$ -	\$ -	\$ 5,830,265

As of December 31, 2022	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 3,327,931	\$ -	\$ -	\$ 3,327,931
Investments, at fair value	\$ 3,327,931	\$ -	\$ -	\$ 3,327,931

Note 5 - Plan Termination:

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6 - Excess Contributions:

For 2023, the Plan failed to pass the Plan Match Limit Test. To remedy this failure, corrective distribution in the amount of \$310 is required to be made within one year following the end of the Plan year end. As of audit report date, the refund was already authorized but is still in process. The amount is deemed immaterial to the financial statements. The amount is deemed immaterial to the financial statements.

Tournesol Siteworks, LLC 401(k) Plan

Notes to the Financial Statements

Note 7 - Tax Status:

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan sponsored by ADP, LLC an affiliate of the recordkeeper. ADP, LLC has received a favorable opinion letter dated October 6, 2020 from the Internal Revenue Service as to the form of the plan being acceptable under Section 401 of the Internal Revenue Code (IRC). This opinion on the acceptability of the form of the plan is not a ruling or determination as to whether the Plan qualified under Code section 401(a). The Plan has been amended since the adopted plan received the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8 - Risks and Uncertainties:

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the nature of risks associated with investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

At December 31, 2023 and 2022, five and three mutual funds represent 58% and 43%, respectively, of Plan investments.

Note 9 - Party-in-Interest Transactions:

Certain employees of the Company are performing services for the Plan and are not compensated by the Plan. Certain other expenses of the Plan are paid by the Company.
