Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PKF TEXAS**

(2) EIN: **76-0356844**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Access Sciences Corporation 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Access Sciences Corporation 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2023, is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compare such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023

Note 1 - Description of Plan

The following description of the Access Sciences Corporation 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, adopted effective January 1, 1991, and amended and restated on July 15, 2022, is a defined contribution plan generally covering all employees of Access Sciences Corporation (the "Company" or "Employer"). Charles Schwab Trust Bank served as the trustee of the Plan until July 15, 2022, when Principal Trust Company took over as Plan trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility and service

The Plan allows participation to all employees except those covered by a collective bargaining agreement or nonresident aliens. The minimum age for participation is 21 and the minimum service requirement was six months until July 15, 2022, when the service requirement was changed to thirty days.

Participant and employer contributions

The Plan provides for voluntary pre-tax and after-tax participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to the maximum amount allowed by law. The contributions are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by any participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC. The Plan also contains an automatic enrollment feature. Eligible employees are automatically enrolled to defer 6% of their eligible compensation (as defined) unless they select an alternative contribution rate or choose not to defer. Participants deferral rates are also automatically increased by 1% annually up to a maximum percentage of 10% unless they select an alternative contribution rate or choose not to defer.

The Company can make discretionary matching contributions made to the Plan. The Company elected to match 50% up to a maximum of 6% of an employee's eligible compensation (as defined) for the Plan year. The Company may also make a non-elective, discretionary contribution, such as a profit sharing contribution, in addition to any matching contribution, that is allocated to eligible employees whether or not the employee makes a contribution. The Company did not make a non-elective, discretionary contribution during 2023.

Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, Plan earnings and losses, and administrative expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Access Sciences Corporation 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2023

Note 1 - Description of Plan (Continued)Vesting

Participants are 100% vested at all times in their voluntary contributions. Each participant whose employment terminated for reasons other than death, disability, attainment of normal or early retirement age, is entitled to a non-forfeitable right to his or her employer non-elective, discretionary or matching contribution account based on a graded vesting schedule.

Employer contributions become vested based on years of service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment options

Plan participants can direct the investment of their contributions and the Company's matching contributions into any or all of the investment options available under the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one option to another or by changing the percentage allocation of future contributions.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 reduced by the highest outstanding note receivable balance in the participant's account during the prior 12-month period or 50% of the participant's vested account balances. Additionally, a participant may not have more than one note receivable outstanding at any time. Each note receivable under the Plan must mature within five years from the date on which it was made unless the note receivable is used to acquire a principal residence, in which case the note receivable may permit a longer repayment term. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with similar types of loans by other lenders as determined by the Plan administrator.

Notes to Financial Statements

December 31, 2023

Note 1 - Description of Plan (Continued)Distributions to participants

Participants are eligible for distributions of their vested account balances upon the event of death, disability, retirement, termination of employment, or other reasons.

Distributions may be made in a lump-sum payment or in substantially equal installments. If the vested account balance exceeds \$5,000, participants must elect how to receive their distribution. If the vested balance is \$5,000 or less but greater than \$1,000 and no election is made, the amount will be automatically rolled over into an individual retirement account established on behalf of the participant. Vested balances of \$1,000 or less shall be paid directly to the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Forfeitures

Upon termination of service, a participant's vested account balance will be distributed to the participant or directly rolled into other qualified plans depending on the status of the original contribution and participant direction. The unvested amount is forfeited and maintained in the forfeiture account and may be used to pay administrative expenses or to reduce future employer contributions payable under the Plan. Forfeitures allocated to reduce employer contributions were \$20,794 during 2023. As of December 31, 2023 and 2022, there was \$44 and \$6,633, respectively, of forfeitures available for use.

Plan termination

Although it has not expressed any intent to do so, management of the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and the net assets of the Plan are to be distributed to participants.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

The Plan's investments are stated at fair value (except for the guaranteed general-account backed group annuity contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Access Sciences Corporation 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2023

Note 2 - Summary of Significant Accounting Policies (Continued)Investment valuation and income recognition (continued)

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, are reclassified as distributions based upon terms of the *Plan Document*.

Financial instruments and credit risk

Financial instruments which are potentially subject to credit risk include investments in mutual funds and common/collective trusts. Investments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Distributions to participants

Distributions are recorded when paid.

Subsequent events

Management has evaluated subsequent events through October 3, 2024, which was the date that the financial statements were available to be issued and has determined that there are no subsequent events to be reported.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Principal Trust Company.

Note 4 - Fair Value Measurements

The Plan uses a three-level hierarchy for disclosure of fair value measurements of its assets and liabilities, depending on the observability of the inputs employed in the measurement. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

- Mutual funds - valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission ("SEC"). This fund is required to publish its daily net asset value and to transact at that price. The money market fund is deemed to be actively traded.
- Common collective trusts – these investments are valued at net asset value ("NAV") of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the underlying investments held by the trust less its liability. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV.

Access Sciences Corporation 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2023

Note 4 - Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values subsequent to the reporting date. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments held by the Plan as of December 31, 2023 measured at fair value are as follows:

	Level 1	Total
Mutual funds	\$ 2,785,259	\$ 2,785,259
Common/collective trusts measured at NAV	-	8,472,667
Total investments, at fair value	<u>\$ 2,785,259</u>	<u>\$ 11,257,926</u>

The Plan's investments held by the Plan as of December 31, 2022 measured at fair value are as follows:

	Level 1	Total
Mutual funds	\$ 2,892,144	\$ 2,892,144
Common/collective trusts measured at NAV	-	7,000,726
Total investments, at fair value	<u>\$ 2,892,144</u>	<u>\$ 9,892,870</u>

Fair value of investments that calculate net asset value

The following table summarizes the common collective trusts measured at fair value based on NAVs per share as of December 31, 2023 and 2022, respectively:

Year Ended	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2023	\$ 8,472,667	N/A	Daily	Daily
December 31, 2022	\$ 7,000,726	N/A	Daily	Daily

Note 5 - Guaranteed Investment Contract

The Principal Guaranteed Option Fund is a guaranteed general-account backed group annuity contract that has been issued by Principal Life Insurance Company to Principal Trust Company as custodian. A rate of interest contractually guaranteed by Principal Life Insurance Company is credited to participant account balances. The rate of interest is guaranteed between 0.15% and 3%. There are no surrender charges on benefit payments to participants or investment transfers out of the contract initiated by a participant. At termination, the Plan's interest will be paid out in six installments over 5 years, or as a single sum subject to an early termination charge, whichever the authorized Plan representative chooses.

Access Sciences Corporation 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2023

Note 5 - Guaranteed Investment Contract (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on Principal Life Insurance Company's ability to meet its financial obligations. Principal Life Insurance Company's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Principal Life Insurance Company. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Principal Life Insurance Company and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow Principal Life Insurance Company to terminate the contract with the Plan and settle at an amount different from contract value. However, the Company is not aware of the occurrence or likely occurrence of such events in which Principal Life Insurance Company would terminate the contract.

Note 6 - Related Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by Principal Trust Company. Principal Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. In addition, the Plan provides for notes receivable from participants, which are party in interest transactions that are exempt from the prohibited transaction rules.

Note 7 - Tax Status

The volume submitter plan adopted by the Company received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service (the "IRS") stated that the plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended and restated since receiving the opinion letter. However, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with applicable requirements of the IRC.

Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2023. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
