Report of Independent Auditors

Plan Administrator of MidCap Financial Services, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MidCap Financial Services, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to

those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

MidCap Financial Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2023

1. Description of Plan

The following description of the MidCap Financial Services, LLC 401(k) Plan (the Plan) provides general information about the Plan's provisions. MidCap Financial Services, LLC (the Company) an indirect subsidiary of MidCap FinCo Intermediate Holdings Limited, is the plan-level sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company that have reached age 21 or older.

MidCap Financial Services, LLC Plan management is responsible for the general administration of the Plan. Reliance Trust Company, is the trustee and ADP, LLC is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

For the Plan Year 2023, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company contributes 100% of a participant's elective deferrals up to \$7,500 per employee per Plan Year. For both years, additional discretionary matching contributions may be contributed at the discretion of the Company's board of directors. No such amounts were contributed for 2023 or 2022. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

MidCap Financial Services, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and all employer contributions allocated to their account, plus actual earnings thereon. A participant is 100% vested immediately upon becoming eligible.

Participant Loans

Participants may borrow from their accounts in the form of a loan, the minimum individual loan amount being \$1,000 and the maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1–5 years or up to 30 years for the purchase of a principal residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a fixed rate that is generally the prime rate plus 1% at the time the loan is made. Principal and interest is paid ratably through monthly payroll deductions over not more than five years, except for loans to purchase a principal residence. If a participant terminates employment with the Company, the loan becomes due and payable in full immediately. If the loan is not repaid, it will be deemed a taxable distribution as of the last day of the calendar quarter following the calendar quarter in which the first missed payment occurred due to termination.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$5,000 may elect to receive either

Notes to Financial Statements (continued)

1. Description of Plan (continued)

a lump-sum or may elect installment over a period of not more than the participant's assumed life expectancy. A participant whose vested account balance is \$5,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Excess Contributions Payable

Amounts payable to participants or the Company for contributions in excess of amounts allowed by the IRS or as defined by the Plan, are recorded as a liability with a corresponding reduction to contributions. The Plan has received contributions in excess of amounts allowed by the IRS, and contributions in excess of the Plan's participant elective deferral match for the year ended December 31, 2022. The Plan distributed the 2022 excess contributions to the applicable participants and the Company prior to March 6, 2023. The Plan did not receive contributions in excess of amounts allowed by the IRS, nor contributions in excess of the Plan's participant elective deferral match for the year ended December 31, 2023.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Shares of registered investment companies

Midcap Financial Services, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

are valued at quoted market prices. The fair value of the participation units owned by the plan in common/collective trusts is based on the net asset value at year-end. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Dividend income is recorded when earned. Interest income is recorded on the accrual basis. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's realized gains and losses on investments bought and sold as well as changes in unrealized gains and losses on investments held during the Plan year.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Midcap Financial Services, LLC 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The fair value of the common collective trust is based on the NAV which is reported by the plan administrator. The funds are not publicly traded and the pricing is available to participants of the plan. Therefore, management determined it appropriate to classify these funds as Level 2. The investments in mutual funds have fair values that are generally based upon quoted market prices, and are considered Level I in the fair value hierarchy.

Midcap Financial Services, LLC 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following table summarizes the fair value hierarchy of all financial assets that are measured at fair value on a recurring basis as of December 31, 2023:

	Level I	Level II	Level III	Total
Assets:				
Mutual Funds	\$ 49,133,416	\$ -	\$ -	\$ 49,133,416

	<u>\$ 49,133,416</u>	<u>\$ 927,951</u>	<u>\$ -</u>	<u>\$ 50,061,367</u>

The following table summarizes the fair value hierarchy of all financial assets that are measured at fair value on a recurring basis as of December 31, 2022:

	Level I	Level II	Level III	Total
Assets:				
Mutual Funds	\$ 35,438,190	\$ -	\$ -	\$ 35,438,190
Common/collective trust funds	-	906,686	-	906,686
	<u>\$ 35,438,190</u>	<u>\$ 906,686</u>	<u>\$ -</u>	<u>\$ 36,344,876</u>

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Midcap Financial Services, LLC 401(k) Plan

Notes to Financial Statements (continued)

6. Related-Party and Party-in-Interest Transactions

The Plan holds units of common/collective trust funds managed by Reliance Trust Company, the trustee for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Reliance Trust Company, provides certain administrative services to the Plan pursuant to a Mid-Market Trust Agreement, between the Company and Reliance Trust Company. These fees owed to Reliance Trust Company, unless paid by the Company at its option, are paid from the Plan.

ADP, LLC provides recordkeeping and certain administrative services to the Plan pursuant to the ADP Retirement Services Administrative Services Agreement, between the Company and ADP, LLC. These fees owed to ADP, LLC, unless paid by the Company at its option, are paid from the Plan.

7. Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated July 16, 2014, stating that the written form of the underlying prototype document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Subsequent to the issuance of this opinion letter by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator (MidCap Financial Services, LLC) believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
