SGH PROFIT SHARING & 401(k) PLAN AND TRUST
FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee and Participants
SGH Profit Sharing & 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the SGH Profit Sharing & 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the SGH Profit Sharing & 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established on December 31, 1961 and is sponsored by Simpson Gumpertz & Heger Inc. (the "Company"). All employees of the Company who are at least twenty-one years of age, are not based in Puerto Rico, and are not excluded by other certain provisions in the plan document are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Management of the Company has overall responsibility for the operation and administration of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. Management has designated the Retirement Plan Committee to oversee these same functions.

Contributions - Participants may contribute up to 75% of their pre-tax eligible compensation, as defined in the plan document, and/or make Roth 401(k) deferrals to the Plan, without exceeding limitations prescribed by law. Participants may also make rollover contributions into the Plan in amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the plan document. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Participants direct the investment of all contributions into various investment options offered by the Plan.

In accordance with the provisions of the plan document, the Company is required to make safe harbor contributions to the Plan in the amount of 100% of the first 3% of each participant's eligible compensation, as defined in the plan document. The Company may also make discretionary profit-sharing contributions to the Plan. Allocations of discretionary profit-sharing contributions are made among eligible participants in the ratio that each participant's eligible compensation, as defined in the plan document, bears to the total of all eligible participants' compensation. Additionally, the Company may make discretionary matching contributions to the Plan on behalf of eligible participants.

Applicable to the years ended December 31, 2023 and 2022, the Company made safe harbor contributions in the amounts of \$3,009,914 and \$2,655,138, respectively, and elected to make discretionary profit sharing contributions in the amounts of \$11,273,451 and \$9,952,302, respectively. These contribution totals are prior to offsetting forfeitures which are described below. The Company did not make any discretionary matching contributions to the Plan for the years ended December 31, 2023 and 2022.

All participant and Company contributions are subject to limitations as prescribed by the Internal Revenue Code (the "Code").

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant investment account options - The Plan currently offers various mutual funds, common/collective trust funds, and self-directed brokerage accounts as investment options for participants. Investments available to participants who elect to invest in a self-directed brokerage account are restricted to specific options.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) the Plan's earnings. Participant accounts are also charged with a set annual administrative fee that is paid in equal amounts on a quarterly basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own contributions, the Company's safe harbor contributions, and the Company's discretionary matching contributions plus actual earnings thereon. Participants are also immediately vested upon death, disability, or upon reaching normal retirement age, all as defined in the plan document.

Vesting in the Company's discretionary profit sharing contributions, plus actual earnings thereon, is subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts - Forfeited non-vested balances may be used to reduce the Company's contributions to the Plan or to pay the Plan's administrative expenses. At December 31, 2023 and 2022, forfeited non-vested balances totaled \$297,940 and \$329,059, respectively. These forfeitures were used to reduce the Company's contributions applicable to the years ended December 31, 2023 and 2022, respectively.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All notes have a definite repayment period, not to exceed five years, unless used for the purchase of a primary residence for which the repayment period may be longer. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator at the time the note originates. Principal and interest are repaid ratably through payroll deductions. Participants may not have more than two notes outstanding at any time.

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Payment of benefits - On termination of service due to death, disability, retirement, or other reasons as outlined in the plan document, or qualifying under certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS"), a participant may elect to receive distributions from the Plan. Participants may also receive in-service distributions upon reaching 59 ½ years of age. Distributions of \$1,000 or less are to be made in the form of one lump-sum payment or a rollover into an eligible retirement plan. All other distributions may be made in the form of one lump-sum payment, installments, or a rollover distribution into an eligible retirement plan.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Income earned within each fund is allocated among contribution accounts (employer contribution accounts, participant contribution accounts, and rollover contribution accounts). The amount of net income or loss is determined for each investment fund daily for each participant.

Contributions - Contributions from Plan participants and Company contributions are recorded in the year in which the employee contributions are withheld from compensation and compensation is paid to the participants.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis and is credited directly to the related participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred.

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain administrative expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Other administrative expenses, such as trustee and recordkeeper fees, as well as certain other Plan related fees, are paid for by the Plan and are included in the statements of changes in net assets available for benefits. The Plan has arrangements with certain investment managers that provide for reimbursements to the Plan through revenue sharing. Such amounts are included in other income in the statements of changes in net assets available for benefits.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan ("Charles Schwab"), has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividend income
- Other income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used during the years ended December 31, 2023 and 2022.

Mutual funds (including mutual funds within the self-directed brokerage accounts): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. The practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV.

Money market funds (included within the self-directed brokerage accounts): Valued at the quoted NAV of shares held by the Plan at year-end.

Common stock and exchange traded funds (included within the self-directed brokerage accounts): Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate obligations (included within the self-directed brokerage accounts): Valued using pricing models maximizing the use of observable inputs for similar securities which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The preceding methodologies described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 253,281,290	\$ -	\$ -	\$ 253,281,290

Total assets in the fair value hierarchy	<u>\$ 267,025,110</u>	<u>\$ 204,985</u>	<u>\$ -</u>	267,230,095
Investments measured at NAV practical expedient*				<u>114,495,083</u>
				<u>\$ 381,725,178</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 207,879,920	\$ -	\$ -	\$ 207,879,920
Self-directed brokerage accounts	10,079,543	120,499	-	10,200,042

Investments measured at NAV practical expedient*				<u>98,706,150</u>
				<u>\$ 316,786,112</u>

* In accordance with Subtopic 820-10, the common/collective trust funds, which are valued at NAV, have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes the investment for which fair value is based on the NAV per share as of December 31, 2023 and 2022. There are no participant redemption restrictions for this investment and the redemption notice period is applicable to the Plan.

Investment	Fair Value * 12/31/2023	Fair Value * 12/31/2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust funds	\$ 114,495,083	\$ 98,706,150	\$ -	**	**

* The fair value of this investment has been estimated using the NAV of the investment.

** Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(5) Related party transactions and party-in-interest transactions

Certain of the Plan's assets are managed by Charles Schwab. Charles Schwab is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Additionally, Boston Trust and Investment Management ("Boston Trust") is an investment provider to whom the Plan has paid investment management fees, and is the manager of the Boston Trust Walden Balanced Retirement Fund II, therefore, these transactions also qualify as party-in-interest transactions. These transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Fees paid by the Plan to Boston Trust and other entities during 2023 and 2022 totaled \$75,000 and \$93,735, respectively, and are recorded as commissions and fees in the statements of changes in net assets available for benefits. Net fees paid by the Plan to Charles Schwab and advisory and other services paid by the Plan to other service providers during 2023 and 2022, amounted to \$114,378 and \$106,846, respectively, and are recorded as administrative expenses in the statements of changes in net assets available for benefits. Additionally, certain other fees incurred by the Plan are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than as a direct payment. Certain revenue sharing payments are reimbursed to the Plan and are recorded as other income. On a quarterly basis, such revenue sharing payments are credited directly back to the Plan's participants who are invested in such investments in direct proportion to their balance in those investments. The Company directly pays all other fees related to the Plan's operations.

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(6) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in all Company contributions.

(7) **Tax status**

The IRS has determined and informed Charles Schwab by a letter dated June 19, 2014, that the Charles Schwab Non-Standardized Prototype Plan previously adopted by the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since the date of this letter, the Plan's management believes that the Plan and related trust have remained in compliance with all applicable requirements of the Code.

In January 2022, the Plan was amended and restated to conform to the latest laws and regulations under the Plan. There were no significant changes to participant benefits under the Plan as a result of this amendment and restatement. The IRS has determined and informed Charles Schwab by a letter dated September 21, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Charles Schwab, and adopted by the Plan in January 2022, is designed in accordance with applicable sections of the Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

(8) **Risks, uncertainties, and concentrations**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2023 and 2022 approximately 18% and 16%, respectively, of the Plan's investments were invested in one fund.

SGH PROFIT SHARING & 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(9) Reconciliation of financial statements to Schedule H of Form 5500

Certain differences between the information reported in the financial statements and the information reported on Schedule H of Form 5500 arise due to classification differences regarding various line items reported on both documents. These classification differences have no effect on the Plan's net assets available for benefits or changes in net assets available for benefits, as reported in the financial statements or Schedule H of Form 5500, as of December 31, 2023 and 2022 and for the years then ended.

(10) Subsequent events

The Plan has evaluated subsequent events through October 3, 2024, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
