Southern Hens Company
Employee Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Southern Hens Company Employee Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOUTHERN HENS COMPANY
EMPLOYEE SAVINGS AND RETIREMENT PLAN
Year Ended December 31, 2023

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Southern Hens Company (the “Company”) Employee Savings and Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year service and are age twenty-one or older. Effective January 1, 2017, the plan began automatic enrollment for eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company’s Board of Directors oversees governance of the plan.

Contributions

For 2023 and 2022, participants may contribute up to \$22,500 and \$20,500 of pretax annual compensation, respectively, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to \$7,500 and \$6,500 for 2023 and 2022, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-six mutual funds and one money market fund as investment options for participants. Seven of the mutual fund options are provided by a related party. The Company contributes 50 percent of the first 14 percent of base compensation that a participant contributes to the Plan. The matching Company contributions are discretionary and are invested in a portfolio of investments as directed by the participant. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. Funds held by the Plan but not yet allocated to participants at December 31, 2023 totaled \$71,757. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

All participants are immediately vested in their voluntary contributions plus allocated earnings or losses thereon. Vesting in the Company's contributions is based on years of continuous service. Each participant's interest in Company contributions is vested as follows:

Years of Employment	Vested Interest
One year or less	0%
Two years	20%
Three years	50%
Four years	75%
Five or more years	100%

Company contributions and allocated earnings or losses thereon are 100 percent vested upon death, disability or retirement.

EMPLOYEE SAVINGS AND RETIREMENT PLAN
Year Ended December 31, 2023

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 6 percent to 10 percent, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On any termination of service including death, disability, or retirement, a participant may elect to receive lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

Forfeitures, which result from participants withdrawing from the Plan prior to vesting in Company contributions and earnings or losses thereon, are used to reduce the Company's nonelective and matching contributions. During the year ended December 31, 2023, \$141,925 was used to reduce employer contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$1,991 and \$123,125, respectively. These accounts will be used to reduce future employer contributions.

Note 2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses in the Plan's investments bought and sold as well as held during the year are included in net appreciation in fair value of investments.

SOUTHERN HENS COMPANY
EMPLOYEE SAVINGS AND RETIREMENT PLAN
Year Ended December 31, 2023

NOTES TO FINANCIAL STATEMENTS

Note 2. Continued

Valuation of Receivables

The carrying amounts of the various receivables are a reasonable estimate of the fair value because of the short maturity of these instruments.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses incurred are generally paid by the Plan. Expenses not paid by the Plan are paid by the Company.

Note 3. Information Certified and Provided by Ascensus Trust Company

Information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets held at December 31, 2023 and 2022 and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus, Inc., as agent for Ascensus Trust Company, the trustee of the Plan.

Note 4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Continued

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Cash and cash equivalents: Cost approximates fair value due to the short maturity of these instruments (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	2023			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,560,207	\$ -	\$ -	\$ 1,560,207
Mutual funds	4,068,221	-	-	4,068,221
Total investments at fair value	\$ 5,628,428	\$ -	\$ -	\$ 5,628,428

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	2022			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,571,590	\$ -	\$ -	\$ 1,571,590
Mutual funds	3,157,688	-	-	3,157,688

NOTES TO FINANCIAL STATEMENTS

Note 5. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions of ERISA. In the event the Plan terminates, the accounts of the participants become fully vested and the net assets of the Plan, after the payment of expenses, would be distributed to the participants.

Note 6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 7. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Subsequent Events

For the year-ended December 31, 2023, the Company evaluated subsequent events for potential recognition and disclosure through October 1, 2024 the date of the financial statement issuance.
