Independent Auditor's Report

Plan Committee and Plan Participants
Caledonia Haulers, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Caledonia Haulers, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Caledonia Haulers, Inc. Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of Caledonia Haulers, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Caledonia Haulers, Inc. (the Plan Administrator and Plan Sponsor) and its wholly owned subsidiary, Caledonia Haulers, LLC, who are at least 18 years of age and have been employed for at least 60 days. Upon meeting the eligibility requirements, an employee shall commence actual participation in the Plan as of the first day of the month following the date on which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor has established a Plan Committee, which is responsible for oversight of the Plan.

The Plan Sponsor has appointed Empower Annuity Insurance Company of America and Empower Trust Company, LLC, as custodians of the Plan (the Custodians). The Custodians are responsible for maintaining custody of the Plan's assets, processing participant contributions and distributions, and executing transactions to appropriate investment options.

Contributions: Participants may contribute up to 100% of eligible compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows participants to allocate contributions between pretax and Roth deferrals. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Each year, the Plan Sponsor may elect to make a matching contribution and a profit-sharing contribution to the Plan. Participants who are eligible to contribute to the Plan, have at least 1,000 hours of service during the plan year, and are employed on the last day of the plan year (except in the year of termination due to death, permanent disability or attainment of normal retirement age) are eligible to receive matching and profit-sharing contributions. For the year ended December 31, 2023, the Plan Sponsor matched 50% of each eligible participant's deferrals up to \$3,000, for a maximum matching contribution of \$1,500 for each eligible participant. There were no discretionary profit-sharing contributions for the year ended December 31, 2023.

Participant accounts and investment options: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited or charged with the participant's contributions, the Plan Sponsor's matching contribution, if any, and allocations of the Plan Sponsor's profit-sharing contribution, if any, Plan investment results and administrative expenses that are paid by the Plan. Allocations are based on participant contributions, eligible participant compensation, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may elect to have all or part of their account balances and future contributions transferred from one investment option to another in any combination.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions, and investment income and losses thereon. Vesting in Plan Sponsor contributions, and investment income and losses thereon, is based upon years of continuous service. Participants receive a vested interest in Plan Sponsor contributions and investment income and losses thereon, according to the following schedule:

Years of Vesting Service	Percentage
Less than 2	0%
At least 2	20%
3	40%
4	60%
5	80%
6	100%

A participant also becomes 100% vested upon reaching retirement age of 65 (as defined by the Plan), Plan termination, or upon death or permanent disability while employed by the Plan Sponsor.

Notes receivable from participants: Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms cannot be greater than five years. The notes must be adequately secured and bear interest at a rate commensurate with local prevailing rates. The rate of interest on existing notes at December 31, 2023, ranged from 6.75% to 10.50% on notes maturing through April 2028. Principal and interest payments are made ratably through payroll deductions.

Forfeited accounts: Amounts not vested upon termination of employment are forfeited by participants and are used to fund future Plan Sponsor contributions or to pay Plan expenses. At December 31, 2023 and 2022, there were no forfeited nonvested accounts outstanding. During 2023, approximately \$4,000 of forfeitures were used to fund a portion of the 2023 Plan Sponsor matching contribution.

Payment of benefits: Upon termination of service, a participant may elect distribution of the value of the participant's vested account balance under one, or any combination of the following methods: (a) payment in a lump-sum, (b) payment in installments over a period not exceeding the life expectancy of the participant or (c) involuntary cash-out. Participants may also elect to hold their investments in the Plan, unless their account balance is less than \$5,000, in which case the account balance is automatically distributed in cash or rolled over to another plan or individual retirement account if elected. If the vested balance of the participant's account does not exceed \$1,000 at the termination of service date, then the account balance must be distributed in a single lump-sum cash payment as soon as administratively feasible following the termination date. Voluntary withdrawals of a participant's account balance while still employed are allowed upon attainment of retirement age by the participant or with respect to rollovers from other plans, at any time and for any reason. The Plan does not allow hardship distributions.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Caledonia Haulers, Inc. Profit Sharing Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies

Investment valuation and income recognition: The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors, Custodians and other third parties. See Note 4 for a discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022, as notes are fully secured by participants' account balances. If a participant ceases to make note payments, and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded in accordance with the Plan document.

Notes receivable from participants are classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Participant contributions: Participant contributions are recognized in the period related to the participant's compensation (even if not yet withheld).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses incurred to maintain the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to administration of payment of benefits and notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses reduce total investment results.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 7, 2024, the date these financial statements were available to be issued.

Note 3. Information Certified or Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by the Plan Administrator and agreed to or derived from information certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the Custodians. The Plan Administrator has obtained certifications from the Custodians that the information provided to the Plan Administrator by the Custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2023	2022
Investments:		
Mutual funds, at fair value	\$ 9,303,407	\$ 7,816,171
Group annuity contract, at contract value	1,111,494	1,074,254
Notes receivable from participants	76,241	43,942

The Custodians also certified to the completeness and accuracy of \$1,102,700 of net appreciation in fair value of investments, \$297,403 of interest and dividends related to the aforementioned investments and \$4,632 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Caledonia Haulers, Inc. Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology as of December 31, 2023 and 2022.

Mutual funds: Mutual funds are valued at the unadjusted quoted market prices for identical assets in active markets for the shares of the funds held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,303,407	\$ -	\$ -	\$ 9,303,407

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,816,171	\$ -	\$ -	\$ 7,816,171

Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a group annuity contract with Empower Annuity Insurance Company of America that invests contributions in the Key Guaranteed Portfolio Fund. The group annuity contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participants' withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Caledonia Haulers, Inc. Profit Sharing Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of the equity wash provision, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuer and that would limit the ability of the Plan to transact at contract value with the participants.

The group annuity contract permits Empower Annuity Insurance Company of America to terminate the agreement with at least 60 days' advance written notice.

Note 6. Tax Status

The Plan adopted a nonstandardized preapproved plan sponsored by Ascensus LLC. Ascensus LLC has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan has been amended since the preapproved plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party and Party-in-Interest Transactions and Administrative Expenses

Transactions with the Custodians qualify as party-in-interest transactions. Certain expenses paid by the Plan to the Custodians, as well as other service providers, are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. In addition, certain Plan investments are shares of mutual funds and a group annuity contract managed by affiliates of the Custodians.

Certain administrative functions are performed by employees of the Plan Sponsor. No such employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan Sponsor and are excluded from these financial statements.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Caledonia Haulers, Inc. Profit Sharing Plan

Notes to Financial Statements

Note 9. Risks and Uncertainties

Participants are allowed to invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment balances have occurred since December 31, 2023, or will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits per the financial statements	\$ 10,507,096	\$ 8,947,791
