Independent Auditor's Report

August 23, 2024

To the Participants, Plan Administrator and Trustees of the
Simmons Rockwell Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Simmons Rockwell Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of plan

The following description of the Simmons Rockwell Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment - Effective May 1, 2022, the Plan was amended and restated to comply with current required Internal Revenue Service rules and regulations.

Plan provisions - The Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), a law which allows immediate changes to the Plan to, among others, provide temporary tax relief for Coronavirus related distributions up to $100,000 and suspends required minimum distributions. The Plan has also implemented certain required provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Eligibility - The Plan covers all employees of the Simmons-Rockwell Automotive Group (collectively referred to as the "Company") who have six months of service and are eighteen years of age or older.

Contributions - Participants are allowed to make elective 401(k) salary deferrals up to the maximum amount allowed by the Internal Revenue Code. Effective March 1, 2020, the Plan was amended to allow participants to be automatically enrolled in the Plan with an initial deferral rate of 3% of their annual compensation to the 401(k) plan, which is increased automatically by 1% each year, up to a maximum of 6%, unless the participant elects a different percentage or expressly elects not to participate in the Plan. Participants are allowed to make rollover contributions to the Plan.

The Company may contribute a discretionary matching contribution for each participant equal to a percentage of the participant's elective contributions, which will be determined each year by the Company. All active and terminated participants employed during the plan year are eligible for the discretionary matching contribution. The Company can also contribute, for each participant, a discretionary profit-sharing contribution, which will be determined by the Company. All active participants employed on the last day of the plan year are eligible for discretionary

profit-sharing contributions. However, participants that were terminated during the plan year are eligible for discretionary profit-sharing contributions if they completed more than 501 hours of service. There was no discretionary matching or profit-sharing contributions for the years ended December 31, 2023 and 2022.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution, the Company's discretionary matching contributions and an allocation of the Company's discretionary profit-sharing contribution, forfeitures of terminated participants' non-vested amounts and plan earnings. The allocation of participant elective deferrals, the Company's discretionary contributions and forfeitures are based on compensation; the allocation of plan earnings is based on participant account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants can access their account information via ADP Retirement Services' website where they have the ability to change their elective deferrals and investment options as well as apply for participant notes receivable and request distributions.

Vesting - Participants are immediately 100% vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. A participant is 100% vested in any employer discretionary contributions after six years of credited service.

Forfeited non-vested accounts - These accounts may be used to reduce future employer contributions or pay administrative expenses, which is at the discretion of the Trustees. There were no forfeited non-vested amounts of terminated participants available as of December 31, 2023 and 2022.

Investment options - Upon enrollment in the Plan, a participant may direct any portion of their contribution to any of the Plan's investment options. Participants may change their investment options online daily.

Payment of benefits - Upon termination of service due to retirement, disability or death, participants or beneficiaries will be entitled to 100% of their account balance. Upon termination of employment for reasons other than those listed above, participants will be entitled to receive only the vested value of their account balance. Upon any termination of service, a participant or beneficiary will receive a lump-sum distribution to be paid out as soon as practicable following termination of service.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the excess of the participant's highest outstanding participant loan balance during the twelve-month period ending on the date of the loan over the participant's current outstanding participant loan balance on the date of the loan, or 50% of their vested account balance. The note will bear a reasonable rate of interest, similar to that which a bank or other professional lender would charge for making a similar note. Interest rates range from 4.25% to 9.50%. The note will be repaid through weekly payroll deductions; however, in no instance may the terms of the repayment be greater than five years, unless the note is used to acquire a personal residence. The note is secured by up to

one-half of the vested balance in the participant's account. According to requirements of the program, the plan administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Any notes that are in default as defined by the plan document are reported as either deemed distributions or benefit payments.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on loans for participants who are actively participating in the Plan and have not continued to make payments on the outstanding loans as required under the participant loan program. Deemed distributions were $21,702 and $24,965 for the years ended December 31, 2023 and 2022, respectively.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions received during the year but are returned to these participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess employee contributions ("corrective distributions") are recorded in the financial statements in the Plan year that the excess contributions are received but are recorded on the Form 5500 in the Plan year that they are paid. There were $1,339 of corrective distributions as of December 31, 2023, (see Note 7). There were no excess contributions payable or corrective distributions as of December 31, 2022.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their account balances.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns (inflation) and international conflicts, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for Benefits.

Valuation of investments and income recognition - Investments are stated at fair value (see Note 4). All fair values have been determined and certified by Reliance Trust Company, the Trustee of the Plan, as of December 31, 2023 and 2022, (see Note 3). Net appreciation (depreciation) in fair value of investments include the Plan's gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible notes receivable from participants become material. If a participant defaults on a note receivable and distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Payment of benefits - Benefits are recorded when paid.

Economic dependency and concentration of credit risk - Approximately 90% annually of the Plan's investments were invested with Vanguard at December 31, 2023 and 2022. Accordingly, the Plan is dependent upon the financial condition of this company.

Administrative costs - Administrative costs, including maintaining participant accounts, legal and accounting costs are the obligation of the Plan; however, the plan sponsor has paid or has reimbursed the Plan for such expenses. Costs of managing the investments are paid directly out of the Plan's assets (see Note 5).

Subsequent events - Management has evaluated subsequent events through August 23, 2024, the date that the financial statements were available for issue.

Note 3 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation (depreciation) in investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the Trustee of the Plan. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (i.e., Mutual Funds) - The Investment portfolios consist of mutual funds, which are valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Money Market Fund - The fund seeks to provide current income consistent with the preservation of capital and liquidity. The fund also seeks to maintain a stable net asset value of $1.00 per share. The fund invests in short term, high quality money market securities issued by U.S. government agencies (Level 2). There were no unfunded commitments or redemption restrictions on this investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used as of December 31, 2023 and 2022.

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 14,842,241	$ -	$ -	$ 14,842,241
Money market fund	-	553,034	-	553,034
Total assets at fair value	$ 14,842,241	$ 553,034	$ -	$ 15,395,275

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,165,881	$ -	$ -	$ 12,165,881
Money market fund	-	250,737	-	250,737
Total assets at fair value	$ 12,165,881	$ 250,737	$ -	$ 12,416,618

Note 5 - Related party transactions

The Plan's investments are funds managed by Reliance Trust Company, the Trustee of the Plan. Fees paid for these services qualify as party-in-interest transactions and are included in the net appreciation (depreciation) in investments on the accompanying statements of changes in net assets available for benefits.

The Plan pays for certain expenses related to plan operations and investment advisory to various service providers, which are party-in-interest transactions under ERISA and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits, as follows: the Plan contracts with the ADP, Inc. to provide recordkeeping and third-party administrative services. Fees paid for these services amounted to $35,446 and $41,977 for the years ended December 31, 2023 and 2022, respectively. In addition, the Plan contracts with Good Life Advisors, LLC to provide investment management services. Fees paid for these services amounted to $34,804 and $35,150 for the years ended December 31, 2023 and 2022, respectively.

Note 6 - Tax status of the Plan

The Company has adopted an ADP Processing Defined Contribution Plan Non-Standardized 401(k) Profit Sharing Plan. The Internal Revenue Service has determined and informed the plan sponsor that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan trustees believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2023 or 2022. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2020.

Note 7 - Reconciliation of the financial statements to Form 5500

Corrective distributions are recorded in the financial statements in the plan year that the excess contributions are received (see Note 1). Corrective distributions are recorded on Form 5500 in the plan year that they are paid. The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2023	2022
Net assets available for benefits per the financial statements	$ 15,993,411	$ 13,007,714
Add - Amount allocated to excess contributions payable	1,339	-
Net assets available for benefits per Form 5500, Schedule H, Part I, Line 1l	$ 15,994,750	$ 13,007,714

The following is a reconciliation of corrective distributions to participants per the financial statements to Form 5500:

	Year ended December 31,	
	2023	2022
Corrective distributions per the financial statements	$ 1,339	$ -
Less - Unpaid corrective distributions	(1,339)	-
Add - Paid corrective distributions	-	-
Corrective distributions per Form 5500, Schedule H, Part II, Line 2f	$ -	$ -

The Form 5500 has certain investment balances, income and expense items that differ from amounts shown on the accompanying financial statements. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2023 and 2022, nor changes in net assets available for benefits for the years then ended.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**			
e Was this plan covered by a fidelity bond?	**4e**			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**
