Independent Auditors' Report

**To the Participants and Board of Trustees
Xyngular/Pure Haven 401(k) Plan
Draper, Utah**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Xyngular/Pure Haven 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule 1) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Xyngular Corporation (the Sponsor) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of the Sponsor who have completed six months of service and have attained age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was effective January 1, 2016.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation and after-tax ROTH contributions, as defined in the Plan, subject to Internal Revenue Service (IRS) maximum deferral limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Sponsor makes safe harbor matching contributions of 100% of the first 3% of base compensation that a participant contributes to the Plan, and 50% of additional contributions that do not exceed 5% of the participants compensation. In no event will the matching contributions exceed 4% of the participants compensation. The Sponsor may make discretionary profit sharing contributions at the option of the Sponsor's Board of Directors.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also 100% vested in the Sponsor's contributions immediately after contributed.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period not to exceed the assumed life expectancy of the participant, or a partial withdrawal.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$2,798 and \$2,764, respectively. Any amounts forfeited from a participant's account upon termination are remitted to a cash account. Such funds may be used to offset future employer contributions or expenses. No contributions or expenses were offset during the years ended December 31, 2023 and 2022 from forfeited non-vested accounts.

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees paid to the Plan auditor, are paid by the Sponsor. Expenses not paid by the Sponsor are paid by the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Payment of Benefits

The cost of retiree benefits is recognized over the employees' service period. The Plan uses actuarial methods and assumptions in the valuation of defined benefit obligations and the determination of expense. Differences between actual and expected results or changes in the value of obligations and plan assets are not recognized in earnings as they occur but, rather, systematically and gradually over subsequent periods.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Management of the Plan estimates that these notes are fully collectible and therefore has no reserve for bad debt.

Investment Income Recognition

Investment interest income is recorded on the accrual basis. Accrual of interest is ceased when, in the judgment of management, the collectability of such income is not reasonably assured.

Subsequent Events

Management of the Plan has evaluated subsequent events through October 1, 2024, which is also the date the financial statements were available to be issued. No subsequent events were noted during this evaluation that require recognition or disclosure in these financial statements.

Note 3 – Fair Value Measurements

The Plan discloses and recognizes the fair value of its assets and liabilities in accordance with Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures (ASC 820) which among other things, defines fair value and provides enhanced disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchical disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments at fair value. A number of factors, including the type of investment and the characteristics specific to the investment, impact market price observability. Investments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 inputs, which have the highest priority, are quoted prices for identical assets in active markets.
- Level 2 inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets in active markets or quoted prices for identical or similar assets in markets that are not active.
- Level 3 inputs, which have the lowest priority, are unobservable inputs that reflect the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds - These investments are valued at the net asset value (NAV) of shares held by the fund based on closing prices reported in an active market and classified within Level 1 of the valuation hierarchy. The investments can be redeemed on a daily basis and there is no restriction on redemption.

Fixed Annuities - Fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider and classified within Level 2 of the valuation hierarchy.

Common Collective Trusts - Valued at NAV based on collective trust's underlying investments as determined by the fund's issuer. Redemptions from these collective trust funds generally can be made daily and are determined to have a readily determinable fair value.

The fair value measurements for the Plan's investments are as follows:

2023	Fair value	Level 1	Level 2	Level 3
Mutual funds	\$ 2,347,964	\$ 2,347,964	\$ -	\$ -
Total assets in fair value hierarchy	2,347,964	<u>\$ 2,347,964</u>	<u>\$ -</u>	<u>\$ -</u>
Collective trust funds measured at net asset value*	4,852,235			
Investments at fair value	<u>\$ 7,200,199</u>			
2022	Fair value	Level 1	Level 2	Level 3
Mutual funds	\$ 2,489,942	\$ 2,489,942	\$ -	\$ -
Total assets in fair value hierarchy	2,489,942	<u>\$ 2,489,942</u>	<u>\$ -</u>	<u>\$ -</u>
Collective trust funds measured at net asset value*	3,962,686			
Investments at fair value	<u>\$ 6,452,628</u>			

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

* These investments are valued based on the net asset value (NAV) per unit, as provided by the trustee of the fund as a practical expedient, and have not been classified in the fair value hierarchy.

Valued based upon net asset value (NAV), which is the current fair value of the common and collective trust fund's underlying assets per unit. The investment trades at NAV in an active private exchange. Debt securities are valued based on evaluated prices received from third-party pricing vendors or from brokers who make markets in such securities. Investments in wrap contracts are fair valued using a discounted cash flow model that considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities. Investments in open-end investment companies are valued at their closing NAV each business day. Registered investment companies are valued using quoted market prices for identified instruments. Nonregistered investment companies are valued using other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, etc.). The unit value of the fund is determined by the investment issuer by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

Note 4 – Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee of the Plan).

Note 5 – Investments at Contract Value

Fixed Annuity Contract

The Plan has a fully benefit-responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying asset in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing interest rates for the fund over the year. The average for 2023 and 2022

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

was 1.23% and 0.93%, respectively. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The actual average for 2023 and 2022 was 1.225% and 0.94%, respectively.

Note 6 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is the reconciliation of the 2023 and 2022 financial statements to the Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets per financial statements	\$ 7,302,925	\$ 6,532,366
Deemed distributions	(12,251)	(10,458)
Net assets per form 5500	<u>\$ 7,290,674</u>	<u>\$ 6,521,908</u>

The following is a reconciliation of the change in net assets per the financial statements to change in net assets per Form 5500:

	<u>2023</u>	<u>2022</u>
Change in net assets per financial statements	\$ 770,559	\$ (936,406)
Deemed distributions	(1,793)	(377)
Change in net assets per form 5500	<u>\$ 768,766</u>	<u>\$ (936,783)</u>

Note 7 – Plan Termination

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Income Tax Status

The Internal Revenue Service has determined and informed the Sponsor by a letter dated June 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

Note 9 – Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Party in Interest Transactions

Certain Plan investments are shares of mutual funds and collective trust funds managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these investment management services amounted to \$56,980 and \$58,662 for the years ended December 31, 2023 and 2022, respectively. The above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
