INDEPENDENT AUDITOR'S REPORT

**To the Participants and Trustees of
Weirton Geriatric Center Retirement Plan
Weirton, West Virginia**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Weirton Geriatric Center Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Weirton Geriatric Center Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Weirton Geriatric Center Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Weirton Geriatric Center Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Weirton Geriatric Center Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Weirton Geriatric Center Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WEIRTON GERIATRIC CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION

The following description of the Weirton Geriatric Center Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, as established on January 1, 1989, is a profit sharing 401(k) plan which is available to all eligible employees of Weirton Geriatric Center (the “Company”) and Serra Retirement Center (commonly owned companies). Eligible employees may become participants upon completion of 1,000 hours of service during a twelve consecutive month period and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Two individuals serve as discretionary trustees of the Plan. The Trustees determine the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Each participant may elect to have compensation deferred by up to the annual maximum amount allowable by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may also contribute an additional discretionary amount (3% of eligible wages for 2023 and 2022 plan years) which shall be allocated to each participant account in proportion to his or her eligible compensation for the plan year. The Plan was amended on April 1, 2022 to remove the portion that states an employee must be employed on the last day of the Plan year to share in the employer discretionary contributions. However, the participant will only share in employer discretionary contributions if credited with at least 1,000 hours of service during the Plan year. Previously, a participant who was not an employee on the last day of the Plan year for reasons other than death, total and permanent disability, or retirement, or who did not have at least 1,000 hours of service during the Plan year, could not share in employer discretionary contributions. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, rollover contributions (if any), Company discretionary contributions, and Plan earnings. Participant accounts are charged or credited with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately and always fully vested in their voluntary salary deferral contributions, rollover contributions, plus actual earnings thereon. Participants vest in accordance with the Plan in their respective employer contributed accounts. The Plan provides gradual vesting for a participant with full vesting after 6 years of service or the earlier of attaining normal retirement age, early retirement age, death, or disability.

WEIRTON GERIATRIC CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION - CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest is set at one percent above the prime rate, as defined and bear interest at rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, all distributions from the Plan can be made in one lump-sum cash payment or substantially equal installments. For mandatory distributions such as involuntary cash-outs, if a participant's vested benefit in the Plan exceeds \$5,000, the participant must consent to the distribution before it is made. The Plan provides that in the event of such mandatory distribution greater than \$1,000 in which the participant does not elect to have such distribution paid directly to an "eligible retirement plan" in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the plan administrator. Hardship distributions are not permitted by the Plan. In service distributions may be made to the participant who has not separated from service provided the participant has reached normal retirement age.

Forfeiture

A forfeiture results from the non-vested portion of the employer discretionary account of a terminating participant. The Plan requires that a forfeiture will occur as of the earlier of (a) the last day of the plan year in which the former participant incurs five (5) consecutive 1-year breaks in service or (b) the distribution of the entire vested portion of the participant's account balance.

Forfeitures of employer discretionary contributions can be used to reduce future employer contributions or pay administration expenses. During 2023, \$15,000 of unallocated forfeitures were used to reduce the December 31, 2022 employer contribution receivable. During 2023, forfeitures of \$5,575 were used to pay the third-party administrator fees. The forfeiture balance was approximately \$5,145 and \$21,400 as of December 31, 2023 and 2022, respectively.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Concentrations

The following presents investments that represent 10% or more of the Plan's total investments at December 31, 2023 and 2022:

	2023	2022
Ameritas Guaranteed Investment Account	\$ 2,176,439	\$ 2,202,479
American Century Growth, Investor Class	992,471	756,011
T. Rowe Price Retirement 2030, Advisor Class	859,120	662,012

Contributions

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from compensation. Employer discretionary contributions are funded subsequent to year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Benefit Payments

Benefits are recorded when paid.

WEIRTON GERIATRIC CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2024, the date the financial statements were available to be issued. The Plan was amended and restated effective January 1, 2024 to permit a Roth Elective Deferral option to the employee benefits Plan. This addition will allow employees to make after-tax contributions to their retirement accounts. All other plan provisions remain unchanged.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices to active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WEIRTON GERIATRIC CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts: Valued at the net asset value ("NAV") of participation units held by the Plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)	-	-	-	5,040,014
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,040,014</u>

Assets at Fair Value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)	-	-	-	3,939,342
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,939,342</u>

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have been excluded from the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$3,939,342	N/A	Immediate	None

NOTE 4 - RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments as of December 31, 2023 and 2022 consist of pooled separate accounts and a guaranteed investment contract managed by Ameritas Life Insurance Corp. Ameritas Life Insurance Corp. is the third-party administrator of the Plan and accounts for the activity of all investments held by the Plan. The two individuals who serve as discretionary trustees are also Plan participants. Therefore, these transactions qualify as party-in-interest.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

On June 30, 2020, Ameritas Life Insurance Corp. (Third-Party Administrator for the Plan) Prototype Non-standardized Profit-Sharing Plan with CODA plan document received a favorable determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income, and interest income on notes receivable from participants for the year ended December 31, 2023 was obtained by management, and agreed to, or derived from information certified as complete and accurate by Ameritas Life Insurance Corp. (the custodian of the Plan). The contract value of the guaranteed investment contract was also certified by Ameritas Life Insurance Corp.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Ameritas Life Insurance Corp. (“Ameritas”) totaling \$2,176,439 and \$2,202,479 as of December 31, 2023 and 2022, respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Ameritas Guaranteed Investment Account earns a declared interest rate for new deposits in each calendar quarter. Subsequent to the initial guaranteed period, a renewal guarantee is applied for deposits made in the calendar quarter in all prior years. Subsequent annual renewal rates will continue in future years. Interest rate guarantees are backed by assets held by the Ameritas general account. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account for new deposits each quarter. Subsequent renewal rates are based on the investment performance of the general account at the time of renewal. Credited rates are guaranteed for the duration of the guaranteed period, and do not vary with the subsequent performances of assets of the general account which back these guarantees.

The contract value of funds held in the Ameritas Guaranteed Investment Account generally represents principal plus accrued interest. The fair value of these funds reflects the relationship between credited rates earned by funds held in the Guaranteed Investment Account and current market rates. Higher credited rates will produce a higher fair value than lower credited rates under similar market interest rate environments.

Fair value for the Ameritas Guaranteed Investment Account is determined as the present value of future guaranteed account values and participant benefit withdrawals, assuming an annual benefit withdrawal rate of 9%. Benefit withdrawals are assumed to occur at the end of each calendar year.

Present values are derived by discounting future guaranteed account values and benefit withdrawals by the appropriate market interest rates. Market interest rates are deemed to be the same rates to be credited to new issues of the same contract with like guarantees issued as of the date of the fair value determination.

The average yield in the Plan is the percentage earnings credited in the Ameritas Guaranteed Investment Account for the plan year based on the end of the year fair value of Ameritas Guaranteed Investment Account assets. These earnings represent the entire investment return of the Ameritas Guaranteed Investment Account within this contract.

The weighted average interest crediting rate is the weighted average of all new and renewal rates of the contract for each calendar quarter. These rates are guaranteed for the entire duration of the guaranteed period and do not vary with the subsequent performance of assets of the Ameritas general account which back these guarantees.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan sponsor and/or Plan participants to transact at contract value with Ameritas. Such events would include, but would not be limited to, premature termination of this contract and termination of the retirement plan. In such events, the contract value could be reduced by any applicable surrender charges upon distribution of the contract's funds. Under no event may Ameritas terminate this contract and settle at an amount different from contract value.
