Plan Administrator, Retirement Committee, and Management

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Arc3 Gases, Inc. 401(k) Plan as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered Arc3 Gases, Inc. 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of Arc3 Gases, Inc. 401(k) Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible.* The chance of the future event or events occurring is more than remote but less than likely.
- *Probable.* The future event or events are likely to occur.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was also not designed to identify deficiencies in internal control that might be significant deficiencies. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control

over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any significant deficiencies in internal control during the audit. However, significant deficiencies may exist that have not been identified.

The following matter is neither a material weakness nor a significant deficiency, but is a matter we noted during the audit that warrants the attention of management:

New Hire Enrollment

During our current year audit, we noted one instance in which a participant was enrolled into the Plan one pay period later than the participant's inaugural pay period of Plan eligibility. Per the Plan Document, participants become eligible immediately on the first day of the month which follows two months after their hire date and can make their first contribution on the first pay date of that month.

Based on discussions held with management and the recordkeeper, it is our understanding that delays can occur due to the timing between when management receives notification from the recordkeeper that a participant is eligible to participate and when payroll is processed. As a result, participants may be delayed until the second pay period of the month for months in which the first pay date falls on the first few days of the month (essentially a one to three day "grace period"). The participant referenced above became eligible on 6/1/23. The first pay date of the month was 6/9/23, well beyond the "grace period" aforementioned. The participant was unable to contribute on this pay date and instead had to wait until the 6/23/23 pay date for their initial contribution. We recommend that management work with the record keeper to ensure procedures are in place that enable participants to contribute as soon as administratively possible upon reaching eligibility.

This communication is intended solely for the information and use of management, Plan Administrator, Retirement Committee, others within the organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditors' Report

Plan Administrator and Participants

Arc3 Gases, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arc3 Gases, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Arc3 Gases, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section;

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arc3 Gases, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arc3 Gases, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arc3 Gases, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arc3 Gases, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

On December 31, 2014, the Arcet Equipment Company 401(k) Plan ("Arcet Plan") merged into the Machine & Welding Supply Company 401(k) Supplemental Retirement Plan (the "Plan"). All participants in the Arcet Equipment Company 401(k) Plan became participants of the Plan on January 1, 2015. Effective January 1, 2015, the Plan was renamed the Arc3 Gases, Inc. 401(k) Plan and the Plan Sponsor was changed to Arc3 Gases, Inc. with Machine & Welding Supply Company and Arcet Equipment Company named as related and participating employers. Effective June 15, 2015, as part of a branding campaign, Machine and Welding Supply Company, Inc. is now doing business as Arc3 Gases South and Arcet Equipment Company, Inc. is now doing business as Arc3 Gases North.

The following description of the Arc3 Gases, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- a. General - The Plan is a defined contribution plan established October 1, 1999. The Plan is designed to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of Arc3 Gases, Inc. who are 19 years of age and have completed 2 months of service are eligible to participate in the Plan. Part-time employees are excluded from participation in the Plan.
- b. Contributions - Upon employment, participants may contribute up to 99% of pre-tax and/or after-tax compensation for the plan year, as defined by the Plan. The Plan Participants may also contribute amounts representing distributions from other qualified plans. The Company contributes a safe harbor 100% match of the first 3% of eligible compensation plus 50% of the next 3% of eligible compensation deferred. The Plan document also provides for discretionary matching and profit sharing contributions. The Company did not make a discretionary match or profit sharing contribution for 2023.

The Plan contains an auto enrollment provision which automatically enrolls new participants at a 3% deferral rate that automatically increases 1% each succeeding plan year. Participants direct the investment of all contributions made on their behalf into various investment options offered by the Plan. Contributions are subject to annual limits established by the Internal Revenue Service.

Effective May 4, 2021, the Plan's safe harbor matching contribution was amended to allow for an additional "true-up" contribution. The safe harbor matching contribution will be recalculated based on the ratio of elective deferrals to compensation for the plan year, and true-up contributions will be made accordingly after year end. The true-up match for the plan year ended December 31, 2023 is \$33,186 and was contributed to the Plan on March 13, 2024. The true-up match for the plan year ended December 31, 2022 is \$40,919 and was contributed to the Plan on February 23, 2023. These amounts are recorded as an employer contribution receivable at December 31, 2023 and 2022, respectively.

Effective July 1, 2022, the Plan was amended to add an In-Plan ROTH conversion feature, allowing a portion of a participant's funds that are already in one or more tax-deferred accounts to be converted from a pre-tax basis to a ROTH tax basis.

1. DESCRIPTION OF PLAN (Continued)

- c. Participant Accounts - Each participant's account is credited with (1) the participant's contribution, (2) the employer contributions and (3) allocations of (a) Plan earnings, and (b) plan expenses. Allocations are based on participant's plan compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. Vesting – Prior to January 1, 2015, participant contributions and employer safe harbor contributions are automatically 100% vested plus actual earnings thereon. Effective January 1, 2015, vesting on safe harbor contributions and additional matching contributions are based on a 2-year cliff with a 1,000 required hours in each calendar year. Vesting of non-elective contributions and transition contributions funded through February 28, 2013 are vested 20% after 1 year of service with 20% incremental increases each year until 100% vested after five years of service

Participants will automatically become 100% vested upon attainment of normal retirement age, retirement due to disability, upon death or upon the termination of the Plan.

- e. Retirement - Normal retirement age is 65. Retirement is not mandatory.
- f. Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator as of the date of the loan issuance. Interest rates charged on the outstanding loans as of December 31, 2023 range from 4.25% to 9.50%. Loans must be repaid within 5 years unless the loan is for a principal residence in which the loan term can be up to 15 years. Principal and interest is paid ratably through biweekly or monthly payroll deductions.
- g. Payment of Benefits - Upon termination of employment, death, disability, retirement or plan termination, the participant or beneficiary may elect to receive either a lump sum or substantially equal installments equal to the vested portion of the value of the participant's account. In addition, during active service a participant can take a distribution of their participant contribution account balance upon reaching the age of 59 ½ or upon meeting certain conditions for a hardship distribution.
- h. Forfeited Accounts – Forfeitures of terminated participants' non-vested accounts are used to reduce employer retirement contributions and pay plan expenses. As of December 31, 2023 and 2022, there were \$1,372 and \$1,286 in forfeited non-vested accounts, respectively. In 2023, \$17,439 of forfeited funds were used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Arc3 Gases, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by Reliance Trust Company, the Plan's trustee, and Investment Research & Advisory Group, Inc., the Plan's investment advisor. See Note 5 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes are reclassified as deemed distributions based upon the terms of the Plan document and loan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation or depreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. TRUSTEE AGREEMENT

The appointed trustee of the Plan's assets is Reliance Trust Company. The trustee has the authority and power to purchase and sell securities as directed by the Plan's participants. They also authorize benefit payments under the provisions of the Plan.

Notes to Financial Statements

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 65,789,804	\$ 57,937,553
Notes receivable from participants	1,788,319	1,398,930
Net investment income	9,330,947	N/A
Interest income on notes receivable from participants	90,287	N/A

5. FAIR VALUE MEASUREMENTS

The Plan follows FASB ASC 820, Fair Value Measurements, which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

FASB ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The categorization of each investment type within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

FASB ASC 820 establishes three levels of inputs that may be used to measure fair value: Level 1: Quoted prices in active markets for identical assets or liabilities at the measurement date; Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active market for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or Level 3: Unobservable inputs that are supported by little or no market activity and that reflect the Plan's own assumptions about market participants and prices.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the fair value methodology used at December 31, 2023 and December 31, 2022.

5. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2023				
Mutual funds	\$ <u>65,789,804</u>	\$ <u>65,789,804</u>	\$ <u>-</u>	\$ <u>-</u>
December 31, 2022				
Mutual funds	\$ <u>57,937,553</u>	\$ <u>57,937,553</u>	\$ <u>-</u>	\$ <u>-</u>

6. PLAN TERMINATION

Although the Company intends to continue the Plan, it reserves the right to amend or terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

7. INCOME TAX STATUS

Effective July 1, 2019, the Company adopted ADP, LLC's Prototype Non-Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on July 16, 2014 which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid to ADP, Inc. by the Plan totaled \$51,763 for the year ended December 31, 2023. ADP, Inc. serves as recordkeeper for the Plan, therefore, these transactions qualify as party-in-interest.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

10. CONCENTRATIONS

At December 31, 2023, approximately 20%, 16% and 12% of investments were held in the Vanguard Target Retirement 2030 Fund, Vanguard Target Retirement 2035 Fund, and Vanguard Target Retirement 2025 Fund, respectively.

At December 31, 2022, approximately 16% and 10% of investments were held in the Vanguard Federal Money Market Investor Fund and the MFS Value Fund, respectively.
