Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Sheet Metal Local 10 Supplemental Retirement Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Sheet Metal Local 10 Supplemental Retirement Fund as of December 31, 2023 and 2022 and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sheet Metal Local 10 Supplemental Retirement Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Local 10 Supplemental Retirement Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sheet Metal Local 10 Supplemental Retirement Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Local 10 Supplemental Retirement Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held (at end of year) and schedule of delinquent contributions as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Participants and Trustees
Sheet Metal Local 10 Supplemental Retirement Fund

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SHEET METAL LOCAL 10 SUPPLEMENTAL RETIREMENT FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Sheet Metal Local 10 Supplemental Retirement Fund (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer defined contribution plan. The Plan was established in 1973 as a result of a collective bargaining agreement (CBA) between SMARCA, Inc. and the Local Union #10 of the International Association of Sheet Metal, Air, Rail, and Transportation Workers (Union) to provide retirement benefits for eligible participants and beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Administration of the Plan is the responsibility of the Board of Trustees (the Trustees) and is governed by a joint board consisting of equal representation from the Union and participating employers.

To be eligible, an employee must be working for a participating employer who is subject to the CBA or for a participating employer subject to a trustee approved participation agreement.

Funding Policy

The participating employers make monthly contributions to the Plan on behalf of covered employees in amounts determined by the CBA. Hourly contribution rates vary by collective bargaining agreements from \$0.85 to \$7.41 during the years ended December 31, 2023 and 2022.

Participants may also contribute \$1.00, \$3.00, \$6.00 of their hourly contribution rates as pretax 401(k) deferrals. Effective January 1, 2024, participants may also contribute \$9.00 of their hourly contribution rates as pretax 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. In the absence of participant direction, contributions are invested in a default investment option.

Participant Accounts

Each participant's account is credited with the participant's contributions and participating employer contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

SHEET METAL LOCAL 10 SUPPLEMENTAL RETIREMENT FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Participants may elect to receive the value of their vested benefits upon termination of service due to death, disability, or retirement. For termination of service for other reasons, participants may receive the value of their vested benefits so long as no employer contributions were made to the Plan in at least 12 of the 24 consecutive calendar months ending on the date of the application of benefits or upon a receipt of a pension from the Sheet Metal Workers' Local 10 Pension Fund, the Sheet Metal Workers' National Pension Fund or any successor fund. The benefit payment options include an annuity, a qualified option survivor annuity, a single lump sum disbursement, or equal installments over a specified period.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Change in Accounting Policy

The Plan has adopted FASB ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, effective January 1, 2023, utilizing the modified retrospective transition method. The accounting standard modifies the method for estimating credit losses on financial assets from probable or incurred credit losses to lifetime expected future credit losses (CECL). No cumulative effect adjustment to net assets available for benefits as of January 1, 2023, was necessary upon adoption.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SHEET METAL LOCAL 10 SUPPLEMENTAL RETIREMENT FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Participants' accounts are charged a quarterly fee which is credited to a contingency reserve account available to pay administrative expenses of the Plan. The Plan also has revenue sharing arrangements with John Hancock Retirement Plan Services (John Hancock). If the revenue received by John Hancock from certain investment funds exceeds the amounts owed under the agreements with John Hancock, the excess is remitted to the Plan on a quarterly basis.

Employer Contributions Receivable

Contributions due but not paid prior to year-end are recorded as contributions receivable. Reciprocal contributions receivable is also included with employer contributions receivable. Delinquent contributions and payroll audit findings are individually analyzed for collectability. The estimate for expected credit losses considers historical loss experience, current economic conditions, and forward-looking information, including factors such as payment history, employer financial condition, and labor trends. As of December 31, 2023 and 2022, all outstanding contributions receivable amounts are reported net of contributions considered uncollectible by the Plan. As of December 31, 2023, the allowance for credit losses was insignificant.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**SHEET METAL LOCAL 10 SUPPLEMENTAL RETIREMENT FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Common Stocks: Valued at the closing price reported in the active market in which the individual security is traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. All but one of the mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts, Pooled Separate Account, Limited Partnerships, and Limited Liability Companies: Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Self-Directed Brokerage Accounts: Comprised of common stocks and mutual funds whose valuation methodologies are explained above.

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

The valuations of certain investments may be recorded based on valuations other than the measurement date of December 31. The Plan believes this valuation represents the best available estimate; however, to the extent that market conditions fluctuate significantly, adjustments to the financial statements are made using the most recent December 31 valuation information available.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

SHEET METAL LOCAL 10 SUPPLEMENTAL RETIREMENT FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

Investment Objectives

- 1 To maximize risk-adjusted returns on invested funds through exposure to higher quality, less volatile high yield debt securities.
 - 2 To provide financing to real estate developers for the acquisition, repositioning and potential development of distressed properties
 - 3 Global secondary acquisition fund
 - 4 To generate attractive risk-adjusted returns for its shareholders
 - 5 Fixed income securities
 - 6 The Fund provides investors with private equity real estate exposure with the goal of outperforming the U.S. core real estate market. The Fund invests primarily in core, institutional quality industrial, residential, office, retail, and other properties located throughout the U.S. and is diversified by product type, geographic region, and economic exposure in order to mitigate investment risk.
- ** The investments files as a direct filing entity (DFE) and therefore files a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their employer contributions.

NOTE 5 PLAN TAX STATUS

The Plan obtained its latest determination letter on August 4, 2015, in which the IRS states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan pays fees for several arrangements with service providers and affiliated entities. These transactions are considered exempt party in interest transactions under ERISA.

The Plan is related to a control board trust fund, a labor union, two health and welfare plans, a defined benefit plan, several apprentice funds, a labor management cooperative committee and a savings plan, all of which are tax-exempt. The Plan shares common governance, office facilities and staff with certain of the aforementioned organizations. Sheet Metal #10 Control Board Trust Fund (the Control Board) initially pays for common expenses. The Plan reimburses its allocated portion of the expenses to the Control Board on a monthly basis. Total reimbursements amounted to \$191,832 and \$190,950 for the years ended December 31, 2023 and 2022, respectively.

The Control Board maintains a receiving agency account. Contributions for the Plan and related organizations are received and deposited into the receiving agency account. Routinely, amounts owed are transferred from the receiving agency account to the respective organizations. Any amounts due from the receiving agency account at December 31, 2023 and 2022 are included in contributions receivable amounts on the statements of net assets available for benefit.

NOTE 8 DELINQUENT PARTICIPANT CONTRIBUTIONS

Employers withhold participants' contributions from their payroll. During the years ended December 31, 2023 and 2022, certain employers remitted contributions to the Plan later than the 15th day of the month following the month in which the amounts were otherwise payable to the participant, which is the date such contributions become Plan assets as prescribed by the U.S. Department of Labor (DOL). Therefore, these late deferrals constitute a prohibited transaction with a party-in-interest. Contributing employers failed to timely remit participant contributions of \$14,237 and \$7,827 during the years ended December 31, 2023 and 2022, respectively.

The Plan has a collection program in which the Plan may collect contributions, interest and attorney fees from delinquent employers. Upon receipt of late contributions from a delinquent employer, the amount of contributions and interest collected are credited to the participants' account to compensate the participant for lost earnings resulting from the delay in contributions.
