INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Unicom Global, Inc. 401(k) Plan
Mission Hills, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Unicom Global, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - *Supplemental Schedules Required by ERISA*

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNICOM GLOBAL, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

1. Description of Plan

The Unicom Global, Inc. 401(k) Plan (the “Plan”) is a defined contribution plan sponsored by Unicom Systems, Inc. The following description of the Plan provides only general Plan information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is being administered by an administrative committee that is appointed by the board of directors of Unicom Systems, Inc. and has the general authority and responsibility to control the operation and administration of the Plan. The Plan covers eligible employees of Unicom Systems, Inc. and eligible employees of Unicom Systems, Inc.’s wholly-owned subsidiaries; UNICOM Government Inc., UNICOM Engineering Inc., and U.S. Robotics Corporation; and eligible employees of UNICOM Science and Technology Park Inc. (“USTP”); a related party of UNICOM Systems, Inc. (collectively referred to as the “Company”).

Eligibility

Employees of the Company who are not covered by a collective bargaining agreement, and are not independent contractors, leased employees, or nonresident alien employees, who are age 21 or older are eligible to participate in the Plan. Eligible classes of full-time employees may participate in the Plan immediately after completing 60 days of service and eligible classes of part-time employees may participate in the Plan immediately after completing twelve months of service, during which the employee is credited with at least 1,000 hours of service.

In addition, full-time and part-time employees may be eligible to receive an employer matching contribution, should such a contribution be made by the Company for the given year. Participants must be credited with 1,000 hours of service during a Plan year and be employed by the Company on the last day of the Plan year to share in the employer matching contribution for that year, however, these provisions will be waived if the participant is on an authorized leave of absence, becomes disabled, dies or reaches early or normal retirement age during the Plan year.

Contributions

Participants may contribute from 1% to 80% of their pay as pre-tax or Roth contributions, up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows for the Company to make discretionary employer-matching contributions. For the year ended December 31, 2023, the Company elected to make \$397,270 in discretionary employer matching contributions, which is equal to 20% of each participant’s deferral amount, up to 6% of eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, an allocation of the Company’s discretionary contribution, if any, and Plan earnings, and charged with allocations of administrative expenses and investment advisory fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

The Plan provides for the vesting of Company-matching contributions according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant is 100% vested after six years of credited service or after attaining the age of 65, whichever occurs first. Any employee who transferred employment to the Company or became an employee of the Company in connection with the Company's acquisition of the operating assets or stock of an acquired company is credited with any prior service with such acquired company for purposes of the employee's eligibility and vesting. Participants who become totally disabled or die before normal retirement age become fully vested in their accrued benefits.

Payment of Benefits

On termination of service due to retirement, death, disability, or other reasons, a participant with an account balance that exceeds \$5,000 may elect to 1) receive a lump-sum distribution, 2) transfer the vested balance to a qualified plan, or 3) leave the vested balance in the Plan. If a participant's account balance does not exceed \$5,000, and an election to receive a distribution from the Plan in either a lump sum or direct rollover into a qualified plan is not made at the time of termination, the participant will automatically receive a direct rollover to an individual retirement plan designated by the Plan's administrator. At any time, a participant may withdraw from the Plan the portion of their account attributable to any rollover and/or Roth rollover contributions made to the Plan. The Plan also provides for in-service distributions for participants after attaining age requirements or other requirements as defined in the Plan agreement.

Hardship Withdrawals

A participant may be permitted to withdraw a portion or all of the balance of their account that is attributable to the participant's deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS"). Participants may not contribute to the Plan for six months following a hardship withdrawal.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

1. Description of Plan, continued

Forfeited Accounts

Forfeited non-vested accounts will first be used to pay expenses of the Plan and then to reduce the Company's contributions, if any. During the year ended December 31, 2023, no forfeitures were used to pay expenses of the Plan or to reduce the Company's discretionary employer matching contributions to the Plan. Forfeitures and related earnings amounted to \$17,147 for the year ended December 31, 2023 and forfeited non-vested accounts amounted to \$17,654 and \$507 as of December 31, 2023 and 2022, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, as certified by John Hancock Trust Company LLC (the "Trustee"), are reported at fair value, except for the benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the Trustee and the Plan's investment advisor. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded as reported by the Trustee. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold, as well as, held during the year. Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are not permitted under the Plan, however, any participant who had one or more outstanding loans under the U.S. Robotics Corporation 401(k) Plan, the Network Engines, Inc. 401(k) Plan, or the GTSI Employees' 401(k) Investment Plan as of the date these plans were merged into the Plan, is allowed to continue repayment on such notes under the terms applicable to such notes on the date immediately preceding the merger. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00% per annum as of and for the year ended December 31, 2023. Principal and interest are paid ratably through regular payroll deductions.

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants, continued

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the borrowing participant's account and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan's administrator deems the note receivable to be in default, the note receivable balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed \$15,785 excess contributions to the applicable participants in March 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment related expenses other than investment advisory fees are included in net appreciation of fair value of investments.

3. Information Prepared and Certified by Trustee

The Plan assets are held by the Trustee pursuant to the Trust Agreement which provides that all funds received by the Trustee shall be held, administered, invested, and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

	2023	2022
Investments	\$ 86,756,963	\$ 75,711,886

UNICOM GLOBAL, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

4. Guaranteed Investment Contract

The Plan has entered into a benefit-responsive guaranteed investment contract, the New York Life Insurance Company Guaranteed Interest Account, which is made available through a group annuity contract issued through the Trustee, who maintains the contributions in a general account. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of a material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

UNICOM GLOBAL, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

All of the Plan's investments at fair value were in level one at December 31, 2023 and 2022. Under level 1, inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments in mutual funds are valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Related Party Transactions

Certain Plan investments are shares of a guaranteed investment contract managed by an affiliate of the Trustee. Therefore, transactions in this investment qualify as party-in-interest transactions. The current value of the guaranteed investment contract managed by the affiliate of the Trustee amounted to \$8,333,472 and \$6,770,635 as of December 31, 2023 and 2022, respectively.

Fees paid by the Plan for administrative services provided by the Trustee for the year ended December 31, 2023 amounted to \$152,136.

The Plan contracts with an investment advisor and fees paid by the Plan for investment advisory services qualify as party-in-interest transactions. Fees incurred by the Plan for investment advisory services for the year ended December 31, 2023 amounted to \$63,189.

7. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2023 and 2022. The Plan is subject to routine audits by the IRS and/or Department of Labor. There are currently no audits for any tax periods in progress.

UNICOM GLOBAL, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

9. Risks and Uncertainties

The Plan invests in a number of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Some of the Plan's assets are invested in securities of foreign companies, which involves special risks and considerations not typically associated with investing in U.S. companies. These risks include the devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

10. Subsequent Events

The Plan evaluated subsequent events through October 1, 2024, the date the financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2023 that would require adjustment to or disclosure in these financial statements.
