Report of Independent Auditors

To the Plan Administrator
Foster Fuels, Inc. 401(k) Plan
Brookneal, VA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Foster Fuels, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Foster Fuels, Inc. 401(k) Plan's financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state of federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Foster Fuels, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foster Fuels, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Foster Fuels, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Foster Fuels, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets Held (At End of Year) for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplement schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplement schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FOSTER FUELS, INC. 401(K) PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of Foster Fuels, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory deferred compensation 401(k) plan covering all employees of Foster Fuels, Inc. (the "Company" or "Employer") who have completed one month of service and have reached age twenty-one. The Plan allows the employees of the related employers, Phelps Creek Angus Farm, Inc., Southern VA Land, LLC., WRF Domestic, LLC., and Watt Foster Family Foundation, to participate. It was established January 8, 1995 and amended effective September 12, 2022 for Plan restatement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, eligible participants may contribute pre-tax annual compensation or Roth contributions, as defined by the Plan. Participants may contribute up to the lesser of 90% of their compensation or the maximum allowed by the Internal Revenue Code ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollovers of pre-tax contributions and Roth contributions from another plan may also be accepted by the Plan. The Plan allows for auto enrollment for new participants at a starting rate of 2%. Participants auto enrolled are also subject to automatic rate increases of 1% on October 1 of each year to a maximum of 10%.

During 2021 and through September 2022, the Plan provided for discretionary employer matching contributions equal to 50% of the first 4% of the participant's compensation contributed as elective deferrals. Effective September 26, 2022, the Company elected to provide for non-discretionary matching contributions equal to 50% of the first 6% of the participant's compensation contributed as elective deferrals. The Company may also make discretionary nonelective employer contributions. Both participants and employer contributions are subject to the nondiscrimination requirements of the Internal Revenue Code.

Participant accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Participants direct the investment of their contributions, employer match contributions, and employer nonelective contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and money market funds as investment options for participants.

Vesting

Participants are immediately vested in their elective deferrals and rollover contributions, plus actual earnings thereon. Until April 11, 2022, vesting in the Company's matching and nonelective contributions plus actual earnings thereon was based on years of continuous service on the following 3 year graded schedule:

<u>Years of Service</u>	<u>Vesting %</u>
0 yr	0%
1 yr	25%
2 yrs	50%
3 yrs	100%

Effective April 11, 2022, participants are immediately vested in the Company's matching and nonelective contributions plus actual earnings thereon.

Payment of benefits

On termination of service due to death, disability, retirement, or other termination of employment, a participant may elect to receive a lump-sum amount or rolled into another qualified retirement plan, equal to the value of his or her account. The Plan does allow for in-service distributions at age 59 ½. The Plan allows for hardship distributions from the participant's deferral balance subject to IRS regulations.

Distribution of the vested portion of a participant's account will occur upon the participant's termination due to death, disability or retirement, as defined in the Plan. For termination of service due to other reasons, if a participant's vested account balance is less than \$1,000, the participant will receive a lump-sum amount automatically. If a participant's vested account balance is more than \$1,000, the participant may elect to receive the value of the vested portion of their account as a lump-sum distribution, a partial distribution of their account, or annual installments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and their designated beneficiary.

Forfeitures

Plan forfeitures may be used to reduce the employer's contributions to the Plan or pay administrative expenses. During the Plan year ending December 31, 2023 and 2022, \$-0- in forfeitures were used to reduce employer contributions. Forfeitures of \$12,167 and \$11,583 were available at December 31, 2023 and 2022 to be used to reduce future employer contributions or pay administrative expenses, respectively.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. If quoted prices are unavailable, estimated fair values are based on comparable investment of other issues with similar credit ratings. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Expenses

Although not required by the Plan, a portion of the costs of Plan administration is absorbed by the Company.

Excess contributions

Excess contributions represent excess participant deferrals due back to the participant as a result of year-end plan testing.

Note 2 - Summary of Accounting Policies (continued)

Credit risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 3 - Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investments – Valued using quoted prices in active markets for identical assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Total Fair Value	Fair Value Measurement Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2023			
Cash and cash equivalents	\$ 242,593	\$ 242,593	\$ -
Registered investments	8,762,356	8,762,356	-
Total	<u>\$ 9,004,949</u>	<u>\$ 9,004,949</u>	<u>\$ -</u>

	Total Fair Value	Fair Value Measurement Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2022			
Cash and cash equivalents	\$ 198,761	\$ 198,761	\$ -
Registered investments	6,097,696	6,097,696	-
Total	<u>\$ 6,296,457</u>	<u>\$ 6,296,457</u>	<u>\$ -</u>

Note 4 –Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the custodian/trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments and paid direct. Fees paid to Fidelity for Plan administration totaled \$175 and \$223 for fiscal year ending December 31, 2023 and 2022, respectively.

The Plan sponsors, owners, and key management are also participants in the Plan. Their account balances totaled approximately 20% of the net assets available for benefits as of December 31, 2023 and 2022.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6 – Income Tax Status

The Internal Revenue Service has determined by letter dated June 30, 2020, that the adopted prototype plan is qualified under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would be sustained upon examination by the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2020.

Note 7 – Return of Excess Contributions

Excess deferral contributions for 2023 and 2022 were \$20,745 and \$2,165, respectively. Excess deferral contributions are returned to the participant.

Note 8 – Financial Information Certified by the Trustee of the Plan

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

	2023	2022
Investments, at fair value	\$ 9,004,949	\$ 6,296,457
Investment gains (losses)	1,085,823	(1,574,879)
Interest and dividends	183,788	397,192

Note 9 – Revenue Sharing

The Plan has entered into a plan expense agreement with the Plan's trustee and custodian during 2022. Under the agreement, the Plan has moved to a fee levelization method, which allows the Plan Sponsor to equalize fees among all active participants. When revenue sharing with fee adjustment levelization is used, positive or negative fee adjustments are made to each investment option which is applied to the revenue sharing of each investment option to achieve levelization at an agreed upon rate. The Plan received \$3,259 and \$2,182 in revenue sharing income for the years ended December 31, 2023 and 2022, respectively.

Note 10 – Subsequent events

The Plan has evaluated subsequent events through October 5, 2024, the date the report is available for issuance. No events requiring disclosure have been noted.
