INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Alpha Industries Management, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the Financial Statements of Alpha Industries Management, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The Financial Statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the Financial Statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Financial Statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the Financial Statements.

In preparing the Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the Financial Statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the Financial Statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the Financial Statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALPHA INDUSTRIES MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A--DESCRIPTION OF PLAN

The following description of Alpha Industries Management, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Alpha Industries Inc. ("Alpha") covering all eligible employees of Alpha and adopting affiliates (collectively referred to as the "Company", "Employer" or "Plan Sponsor") who have completed one year of service in which they have worked 1,000 hours and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company has elected a 401(k) Safe Harbor Plan on qualifying matching contributions. Effective January 1, 2018, BJK Industries 401(k) Plan, was merged into the Alpha Industries, Inc. 401(k) Plan. On January 1, 2019, the Poly Plastics, Inc. Non-Union Savings Plan was merged into the Alpha Industries Management, Inc. 401(k) Plan and the Plan acquired all of its assets.

Elective Deferrals and Contributions: Each year, participants may elect to have the Company contribute a portion of their total annual compensation to the Plan ("elective deferrals"). For any calendar year, a participant's elective deferrals may not exceed a specific dollar amount [\$22,500 and if over 50 years of age, the participant may contribute an additional \$7,500 in 2023 as determined by the Internal Revenue Service ("IRS")]. Participants may also make rollover contributions to the Plan from other qualified contribution plans. In 2023 and 2022, the Company matched 100% of the participant's first 3% of compensation and 50% of the next 2% of compensation, for deferral percentages up to 5% of their compensation. The Company may also make an additional discretionary contribution to the Plan. For the years ended December 31, 2023 and 2022, no additional discretionary contributions were made by the Company.

The Plan allows participants to designate certain salary deferral contributions as Roth elective contributions. Designated Roth contributions will currently be included in the gross taxable income for the participant, but distributions of Roth contributions and earnings thereon will be excludable from gross taxable income for that participant.

Investment Options: Upon enrollment in the Plan, a participant may direct elective deferrals and employer matching contributions in any of the investment options offered by the Plan. Participants may change their investment options at their discretion. The Plan currently offers investments in mutual funds, pooled separate accounts and a collective investment trust.

ALPHA INDUSTRIES MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE A--DESCRIPTION OF PLAN--Continued

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings and losses. Each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, matching contributions, and qualified non-elective contributions plus actual earnings thereon. Vesting in matching and discretionary employer contributions from prior plans before the mergers is based on years of credited service. The following outlines the Plan's vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
At least 1 year, but less than 2	20%
At least 2 years, but less than 3	40%
At least 3 years, but less than 4	60%
At least 4 years, but less than 5	80%
At least 5 years, but less than 6	100%

Notes Receivable from Participants: Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Two loans may be outstanding at the same time. The interest rate shall be a reasonable fixed rate and loan terms range from 1 to 5 years and up to 30 years for the purchase of a primary residence. The loans are collateralized by a security interest in the participant's vested account balance and are repaid through payroll deductions. The interest rates on participant loans outstanding at December 31, 2023 range from 4.25% to 9.50%. The interest rates on participant loans outstanding at December 31, 2022 range from 4.25% to 8.50%.

Payment of Benefits: Upon termination of service due to death, disability or retirement, the Plan participant or the participant's beneficiary is entitled to receive a distribution of his or her vested account balance in the form of a lump-sum payment. A terminated participant with an account balance of \$1,000 or less will automatically receive a lump-sum distribution. A participant may also receive a hardship distribution if they experience undue financial hardship as defined by the Internal Revenue Code ("IRC").

ALPHA INDUSTRIES MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE A--DESCRIPTION OF PLAN--Continued

Forfeited Accounts: Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. Forfeitures of non-vested matching and discretionary employer contributions from prior plans are used by the Company to offset future contributions to the Plan or Plan administrative expenses. There were no forfeitures during the year ended December 31, 2023. Approximately \$4,000 of forfeitures were used by the Company to offset contributions or Plan expenses during the year ended December 31, 2023. As of December 31, 2023, there was a forfeiture balance of approximately \$1,000 remaining. As of December 31, 2022, there was a forfeiture balance of approximately \$5,000 remaining.

Expenses Paid by the Company: Administrative Plan related expenses, such as professional fees amounting to approximately \$22,000, were paid by the Company during 2023 on behalf of the Plan.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment earnings and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

ALPHA INDUSTRIES MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company as disclosed in Note A and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events: The Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 8, 2024, the date the financial statements were available to be issued.

NOTE C--INFORMATION PREPARED AND CERTIFIED BY PRINCIPAL

Information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, net appreciation in fair value of investments and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively, "Principal" or the custodian of the Plan).

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy in accordance with GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan at year-end are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ALPHA INDUSTRIES MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE D--FAIR VALUE MEASUREMENTS--Continued

Pooled Separate Accounts: These accounts are investment units held through sub-accounts of an insurance company. Fair value has been estimated using the NAV per share. The NAV of these accounts is based on the market value of its underlying investments. The NAV of these accounts is not a publicly-quoted price in an active market.

Collective Investment Trust: Collective Investment Trusts ("CITs") invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the CITs and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs (level 1). The fair value of all these investments are used in determining the NAV of the CITs, which are not publicly quoted.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023			
	Quoted Prices In Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)

NOTE D--FAIR VALUE MEASUREMENTS--Continued

(a) In accordance with Accounting Standards Codification ("ASC") 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

ALPHA INDUSTRIES MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE G--TAX STATUS

The Plan is a prototype non-standard profit sharing plan which is pre-approved by the IRS. The IRS determination letter dated June 30, 2020, stated that the Plan, as then designed, was in compliance with applicable sections of the IRC. Subsequent to this determination by the IRS, the Plan was amended. Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC to maintain its tax-exempt qualification.

Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE H--PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Principal. Principal is the custodian, as defined by the Plan, for the year ended December 31, 2023; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note B, the Plan makes direct payments to the custodian for certain administrative expenses.

NOTE I--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE J--SUBSEQUENT EVENT

Effective January 1, 2024, the Plan was amended. This amendment added an additional adopting employer to the Plan, New Aargus Industries LLC. No significant changes to Plan provisions were made under this new amendment.
