INDEPENDENT AUDITOR'S REPORT

To the Management of
Falken Tire Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Falken Tire Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103 (a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Falken Tire Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Falken Tire Corporation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Falken Tire Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Falken Tire Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Management of
Falken Tire Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Falken Tire Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103 (a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Falken Tire Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Falken Tire Corporation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Falken Tire Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Falken Tire Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FALKEN TIRE CORPORATION 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of plan

The following brief description of the Falken Tire Corporation 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established on February 1, 1967, is a defined contribution plan sponsored and administered by Sumitomo Rubber North America, Inc. (the “Company”, “Sponsor” or “Plan Administrator”, also formerly known as Falken Tire Corporation). The Plan is a single employer Plan, covering all eligible employees of Sumitomo Rubber North America, Inc. and SRI USA, Inc. All employees, except non-resident aliens, members of an excluded class and union, who have reached the age of twenty-one are eligible to participate in the Plan on the first day of the 1st, 4th, 7th or 10th month of the Plan year or the next following eligibility date. The plan has an automatic election provision. If a participant does not opt out of the automatic election provision or select their own fund allocations and contribution percentages, the Company will automatically enroll them into the American Funds suite of funds at 3% with a 1% increase annually to a maximum of 6%. Participation continues until retirement, disability, termination of employment, or death, at which time the participant’s vested account balance becomes payable. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is in conformance with all subsequent applicable tax law changes.

The Plan has a contract with Voya Retirement Insurance and Annuity Company (“trustee” or “Voya”) and adopted a new plan document that amended and restated the Plan, effective May 1, 2013. The change to the Plan was an addition of allowing Roth contributions to the Plan.

The Plan was amended effective January 1, 2015, to exclude resident and non-resident alien employees on temporary assignment from the foreign parent company of the Sponsor to participate in the Plan and to exclude all severance-related payments, regardless of whether they are paid on, before or after a Participant’s severance from employment as eligible wages in the Plan.

Effective January 1, 2016, the Plan Sponsor changed the Company’s name to Sumitomo Rubber North America, Inc. but filed a fictitious business name form with the County of San Bernardino to continue to do business as Falken Tire Corporation. The Plan name has not changed.

Contributions

The Sponsor provides a safe harbor match that matches 100% of the first 4%, then 50% of the next 2% that the participant contributes to the Plan.

The Sponsor may make discretionary matching and profit sharing contributions to the Plan as determined annually by the Administrative Committee. For the years ended December 31, 2023 and 2022, the Sponsor did not make any discretionary matching or profit sharing contributions.

(Continued)

FALKEN TIRE CORPORATION 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of plan (continued)

Contributions (continued)

Participants may make contributions to the Plan in an amount not to exceed their compensation, subject to maximum annual legal limits. Participants may also make rollover contributions from other retirement plans. Participants direct the investment of their contributions, and employer contributions (whether discretionary or non-discretionary) into various investment options offered by the Plan. The Plan currently offers several mutual funds, a guaranteed interest account and common collective trust as investment options for participants. Participants may elect to change their investment options and transfer their account balances among the different investment options at any time.

Participant accounts

Each participant's account is credited with the participant's contributions, investment earnings, allocation of Sponsor's discretionary and non-discretionary matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Sponsor's safe harbor matching contributions, as defined by the Plan. The Sponsor's discretionary matching and profit sharing contributions vest at a rate of 20% after one year of credited service, increasing by 20% for each year of service thereafter.

Notes receivable from participants

Participants may borrow against their vested balance at a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account. Interest is determined by the Sponsor based on the prime banking rate plus 1%. Participants' notes are for fixed terms up to five years. However, terms may exceed five years for the purchase of a primary residence. The notes receivable are valued at their outstanding balance plus accrued interest. Principal and interest is paid ratably through monthly payroll deductions.

Benefit payments

A participant's account will be distributed upon termination, normal retirement, disability or death in accordance with the distribution options defined by the Plan. Participants may receive their vested account balance in a lump sum distribution or annual installments as defined by the Plan. Under certain circumstances, participants may make a financial hardship withdrawal.

Forfeitures

Forfeitures occur in the Plan year in which a participant terminates employment with the Company and receives a distribution of participants entire vested account, or if participant does not receive a distribution, after five consecutive one year breaks in service. Forfeitures are retained in the Plan and can be used to pay administrative expenses or reduce future employer contributions payable under the Plan. As of December 31, 2023 and 2022, the forfeiture account balance was \$7,770 and \$7,205, respectively.

FALKEN TIRE CORPORATION 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and changes therein, and accompanying notes. Actual results could differ from those estimates.

Payment of benefits

Benefits are paid directly by the trustee and are recorded when paid.

Investment valuation and income recognition

The Plan's guaranteed interest account is valued at contract value and mutual fund investments are stated at fair value as determined by quoted market prices. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Contributions

Discretionary matching and profit sharing contributions made by the Sponsor are recognized in the period for which they are declared. Non-discretionary employer and employee contributions are recognized in the period in which the related compensation is earned.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(Continued)

FALKEN TIRE CORPORATION 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of significant accounting policies (continued)

Expenses (continued)

For the years ended December 31, 2023 and 2022, the Company paid administrative expenses of \$9,500 and \$9,500, respectively.

Prohibited Transactions

During 2022, the Company failed to remit to the Plan's trustee certain employee and employer contributions totaling \$75 within the period prescribed by DOL regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Company has made contributions as of September 2023 to the affected participant's account to compensate the participant \$4 for potential lost income due to the delays.

Reclassification

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets available for plan benefits.

3. Plan termination

Although the Sponsor has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their account balances and the net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

4. Tax status

The Plan adopted the volume submitter profit sharing Plan and is relying on the tax exempt status from the Internal Revenue Service ("IRS") by a letter June 30, 2020, that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan, as currently designed and operated, is in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

5. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the new term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

6. Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. Guaranteed interest account

The Guaranteed Interest Account ("Contract") is a group annuity contract issued by Voya. This contract is a guaranteed benefit contract that does not have a defined maturity specified in the contract. It is presented on the Plan's financial statements for the years ended December 31, 2023 and 2022, at contract value. The contract does not contain any type of market value formula or provision. Participant distributions are paid at contract value.

The Contract is valued at contract value daily by the bank or other financial institution by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. In determining the reasonableness of the methodology, the Voya Fixed Account evaluates a variety of factors including market or security specific events, changes in interest rates and credit quality. Certain unobservable inputs are assessed through review of contract terms (for example, duration of payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The crediting interest rate for any period of time will be determined by Voya and is guaranteed for twelve-month periods. The minimum credit rate under the Contract is 1.00%. The crediting interest rate for the years ended December 31, 2023 and 2022 was 2.00% and 1.90%, respectively.

8. Fair value of investments

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common collective trust*: Valued at NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

8. Fair value of investments (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 37,140,795</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 37,140,795</u>
Total assets in the fair value hierarchy	<u>\$ 37,140,795</u>	<u>\$ -</u>	<u>\$ -</u>	37,140,795
Common collective trust*				<u>618,233</u>
Investments at fair value				<u>\$ 37,759,028</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 29,012,033</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 29,012,033</u>
Total assets in the fair value hierarchy	<u>\$ 29,012,033</u>	<u>\$ -</u>	<u>\$ -</u>	29,012,033
Common collective trust*				<u>626,865</u>
Mutual funds				<u>\$ 29,638,898</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy; therefore, the common collective trust funds are no longer required to be leveled. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.
