Participants and Committee of Trustees
Inwood National Bank 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Inwood National Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Inwood National Bank 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Inwood National Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan whereby eligible employees of Inwood National Bank, N.A. (the Company or Plan Sponsor) are permitted to make contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan is intended to stratify the requirements for a qualified retirement plan under the appropriate provision of the IRC. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees become eligible for participation at the age of 18 and upon completing three months of continuous service, as defined by the Plan. Effective January 1, 2023, employees may begin participating the first day of the month following satisfaction of the minimum age and service requirements. Prior to January 1, 2023, employees were eligible to begin participating the first day of the quarter following satisfaction of the eligibility requirements.

Contributions: Each year, participants may elect to contribute a portion of pretax compensation from 1% to 90%, subject to certain maximum limitations imposed by the IRC. Participants are automatically enrolled to contribute 3% of their pretax compensation upon becoming eligible unless elected otherwise. Employee contributions are automatically increased by 1% annually, to a maximum deferral of 6% unless elected otherwise. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make discretionary matching contributions up to 50% of the participant's deferral contributions, not to exceed 15% of employees' pretax compensation. The Company may also make additional discretionary contributions. There were no additional discretionary contributions in 2023.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's matching contributions, (b) the Company's discretionary contributions and (c) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings and account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's vested account.

Investment options: Participants must direct their contributions to selected investments as made available and determined by the Company. Participants may change their investment options any time throughout the year via internet or direct phone access to Charles Schwab Trust Bank, the current Plan trustee. The Plan currently offers a collective investment trust and various mutual funds for participants to invest in. Additionally, the Plan offers a brokerage account option to participants. The participants are responsible for selecting the investments within their brokerage account.

Inwood National Bank 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Vesting: Participant contributions plus actual earnings are immediately vested and nonforfeitable. Employer contributions vest to participants based upon years of continuous service. Participants are vested in employer discretionary matching and additional discretionary contributions based upon the following schedule:

Years of Service	Vesting Percentage
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures: Forfeitures of nonvested Company matching and discretionary contributions by participants who withdraw from the Plan are retained by the Plan and may be used by the Plan. At December 31, unused forfeited nonvested employer contributions amounted to approximately \$8,000 for 2023 and \$40,000 for 2022. Amounts forfeited during 2023 were approximately \$47,000. The Plan used forfeitures of approximately \$79,000 to reduce employer matching contributions during the year. See Note 9 for additional details.

Payment of benefits: On termination of service due to death, disability or retirement, payments of benefits are made in an amount equal to the value of the participant's vested interest in their account in a lump-sum distribution, unless a participant elects to delay the distribution as specified in the provisions of the Plan. If a participant's account balance is \$5,000 or less, the participant will automatically receive a single lump-sum distribution of their entire account balance. Amounts rolled over from another qualified plan will be excluded in determining whether the \$5,000 threshold has been exceeded. The Plan also allows participants to make hardship withdrawals, subject to certain limitations as defined.

Notes receivable from participants: Notes receivable are available to all participants at an interest rate comparable to rates offered by commercial lending institutions with periodic repayment through payroll deductions over a period not generally extending beyond five years unless the note receivable is used to purchase a principal residence. Notes receivable balances outstanding at December 31, 2023, are due at varying dates through September 2033 and bear interest between 4.25% to 9.50%. Participants may borrow from their participant accounts a minimum of \$1,000 to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at a time.

Inwood National Bank 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are presented on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gains distributions from mutual funds that are reinvested are included with dividends on the statement of changes in net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent notes receivable are treated as an asset on the statements of net assets available for benefits, and continue to accrue interest until they are considered to be in default. Notes in default are classified as distributions on the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administration functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan.

Subsequent events: The plan administrator has evaluated events and transactions for potential recognition or disclosure through October 7, 2024, the date the financial statements were available to be issued.

Effective September 23, 2024, the Plan was amended to change the allocation of forfeitures to be used to reduce employer or matching contributions rather than being reallocated as additional employer or matching contributions.

Note 3. Information Certified and Provided by Charles Schwab Trust Bank

The following is a summary of the Plan's asset and income information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Charles Schwab Trust Bank, the trustee of the Plan. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2023	2022
Cash and cash equivalents	\$ 40	\$ 1,069
Investments, at fair value:		
Mutual funds	29,335,452	24,265,353
Brokerage accounts	7,690,528	5,132,857
Collective investment trust	3,455,525	4,589,373
	<u>\$ 40,481,505</u>	<u>\$ 33,987,583</u>
Notes receivable from participants	\$ 578,019	\$ 638,060

Charles Schwab Trust Bank also certified to the completeness and accuracy of \$4,942,186 of net appreciation in fair value of investments, \$1,011,636 of dividend income and \$34,775 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) ASC (Accounting Standards Codification) 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Inwood National Bank 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Mutual funds are valued based on the quoted market prices in the active market in which they are traded.

Collective investment trust: The collective investment trust is made up of a stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value (NAV) of units of the collective investment trust. The NAV is used as a practical expedient to estimate fair value.

Brokerage accounts: Brokerage accounts include investments in common stocks, mutual funds and money market funds. The fair value of common stocks included in brokerage accounts is valued at the closing price reported on the active market on which the individual securities are traded. The fair value of mutual funds held in brokerage accounts is determined as described above.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,335,452	\$ -	\$ -	\$ 29,335,452
Brokerage accounts	7,690,528	-	-	7,690,528
	<u>\$ 37,025,980</u>	<u>\$ -</u>	<u>\$ -</u>	<u>37,025,980</u>
Collective investment trust measured at NAV (i)				3,455,525
Investments at fair value				<u>\$ 40,481,505</u>

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,265,353	\$ -	\$ -	\$ 24,265,353
Brokerage accounts	5,132,857	-	-	5,132,857
	<u>\$ 29,398,210</u>	<u>\$ -</u>	<u>\$ -</u>	<u>29,398,210</u>
Collective investment trust measured at NAV (i)				4,589,373
Investments at fair value				<u>\$ 33,987,583</u>

- (i) In accordance with ASC 820-10, certain investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Inwood National Bank 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table sets forth an additional disclosure of the Plan's investment in a collective investment trust, whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2023 and 2022:

	Fair Value December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Collective investment trust	\$ 3,455,525	\$ 4,589,373	-	Immediate	12 months

Note 5. Party-in-Interest Transactions

Parties-in-interest are defined under the DOL's Rules and Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As such, transactions conducted by the Company, Charles Schwab Trust Bank, the Plan's trustee, and the Plan's record keeper, July Business Services, qualify as party-in-interest transactions.

Note 6. Income Tax Status

The Plan has adopted a nonstandardized form of a preapproved plan sponsored by July Business Services. The preapproved plan has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service (IRS) as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the opinion letter. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7. Plan Termination

While it has expressed no intention to do so, the Company has the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their entire account balances and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 8. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefit.

Inwood National Bank 401(k) Plan

Notes to Financial Statements

Note 9. Prohibited Transactions

The Plan Sponsor inadvertently failed to deposit approximately \$65,000 during 2023 of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings to correct this failure for the 2023 late deposits in 2024. The Plan Sponsor also filed Form 5330 and paid the applicable excise tax to the IRS in 2024. The correction and any excise taxes were made from the Plan Sponsor's assets and not from the assets of the Plan.

Late deposits in 2022 and 2021 were fully corrected during 2023.

During 2022 and 2023, the Plan Sponsor failed to apply forfeitures in accordance with the Plan document. The Plan document states that forfeitures may be used to pay plan administrative expenses or allocated as additional employer discretionary contributions. Forfeitures in the amount of approximately \$38,000 and \$41,000, during 2023 and 2022, respectively, were used to reduce employer matching contributions. The Plan Sponsor is in the process of remitting the applicable amounts to participant accounts as additional employer contributions, along with lost earnings of approximately \$4,900. These amounts are included as employer contributions receivable on the statement of net assets available for benefits as of December 31, 2023. As described in Note 2, the Plan was amended effective September 23, 2024, to amend the Plan document to allow forfeitures to be used to reduce employer matching contributions going forward.
