STRATEGIES 360, INC. 401(K) PROFIT SHARING PLAN

FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Independent Auditor's Report

To the Administrator and Management of
Strategies 360, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Strategies 360, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Strategies 360, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Strategies 360, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Strategies 360, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Strategies 360, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STRATEGIES 360, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN:

The following description of the Strategies 360, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants and others should refer to the Plan document for a more complete description of the Plan’s provisions.

The Strategies 360, Inc. 401(k) Profit Sharing Plan is a contributory, defined contribution plan for the benefit of the employees of Strategies 360, Inc. (“the Company”). The Plan was established January 1, 2002, and has since been amended. The following description reflects the provisions of the most recent plan document dated January 1, 2022, and amendments thereto. The Plan is administered by the Company and the Plan assets are held in a trust by Empower Trust Company LLC (“Empower”). The funds must be used for the exclusive benefit of Plan participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In October 2023, the Company filed for Chapter 11 bankruptcy protection. The filing did not impact the Plan or the Company’s intentions with regard to continuing the Plan as a going concern.

The Plan includes a 401(k) feature whereby employees may contribute up to 100% of their compensation, as defined in the Plan and subject to statutory limitations. The contributions may be pre-tax or Roth deferrals. To participate, an employee must be at least 21 years of age and have completed 1,000 hours in the first 6 months of employment, or after one year of eligibility service, defined as 1,000 hours of service in the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, and if the participant is at least age 50, catch-up contributions may be made.

Employer matching contributions are discretionary. For 2023 and 2022, a match at 50% of deferrals up to 6% of the employee eligible compensation was declared. The eligibility requirements to receive a matching contribution are the same as eligibility for deferrals. Contributions to the Plan of employee deferrals and the related match are made with each payroll.

The Plan also contains provisions allowing the Company to make non-elective contributions and profit-sharing contributions. To be eligible for a profit-sharing contribution, an employee must complete 1,000 hours of service in the Plan year and be employed by the Company on the last day of the Plan year. No such contributions were made in respect of 2023 and 2022.

Each participant's account is credited with the participant’s contribution, and allocations of the related matching contribution and net plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 - continued:

Employee contributions, employer matching contributions, and earnings thereon are invested as directed by the participants. The investment options include a variety of mutual funds, including blended investment risk funds. The blended investment risk funds are managed portfolios, composition of which is based on the participant's desired risk level. Participants may change their investment options at will.

Participants are immediately and fully vested in their deferrals. Discretionary employer contributions and allocated earnings thereon vest with individual participants based upon years of service with the Company with 100% vesting after 6 years of service.

Distributions may be taken upon termination of employment or attainment of normal retirement age (age 65 and after 5 years of service). If the vested account balance is less than \$1,000, the former employee will receive a cash distribution. If the vested account balance is greater than \$1,000, but less than \$5,000, the amount will be distributed in cash or in a roll over to an IRA or other qualified retirement plan. If the vested account balance exceeds \$5,000, and the participant is no longer employed by the Company, the Plan Administrator will distribute the vested account balance after the later of attainment of normal retirement age or age 62.

In limited circumstances, in-service withdrawals of employee deferrals may be made. The limited circumstances include hardship and attainment of age 59-1/2.

Unvested benefits of terminated participants are forfeited and used to reduce employer matching contributions or to pay administrative expenses. Unallocated forfeitures at December 31, 2023 and 2022 were \$25,248 and \$60,373, respectively. Forfeitures were used to fund the employer match totaled \$71,115 for the year ended December 31, 2023.

Participants may borrow from their accounts the lesser of \$50,000 or 50% of their vested account balance, with a minimum loan of \$1,000. The loans bear interest at a reasonable rate, are secured by the participants' vested account balances and are repaid ratably through monthly payroll deductions. Outstanding loans are generally due within five years, or upon termination of employment of a participant.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:**Use of estimates-**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of assets and net assets available for benefits at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE 2 - continued:**Valuation of investments-**

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Recognition of income and expenses-

The Plan records income and expenses on the accrual basis of accounting. In accordance with generally accepted accounting principles, benefits are recorded in the period paid. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments represents the net increase (decrease) in the fair value of investments sold during the year or held at year-end over (1) the fair value of investments held at the prior year-end, or (2) the cost of investments acquired during the current year.

Certain administrative costs of the Plan are borne by the Company. In addition, the Company may provide services to the Plan for which the Company receives no compensation. The costs borne by the Plan include recordkeeping and mutual fund expenses.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Principal and interest are paid with each pay period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Due to adequate collateral, no allowance for credit losses is needed.

NOTE 3 - FAIR VALUE MEASUREMENTS:

Fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. There are three levels, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions

NOTE 3 - continued:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within level 1 of the valuation hierarchy. There has been no change in valuation methodologies used for fair value in 2023 and 2022.

Following is a summary of the investments measured at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$10,390,928	\$-	\$-	\$10,390,928
	<u>\$10,390,928</u>	<u>\$-</u>	<u>\$-</u>	<u>\$10,390,928</u>

Following is a summary of the investments measured at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$8,753,391	\$-	\$-	\$8,753,391
	<u>\$8,753,391</u>	<u>\$-</u>	<u>\$-</u>	<u>\$8,753,391</u>

NOTE 4 - GROUP ANNUITY CONTRACT:

The Plan has a group annuity contract with an insurance company, that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly, and cannot be less than 0%. The average yield earned by the fund was 1.23% in 2023. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract meets the fully-benefit responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan.

NOTE 4 - continued:

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events may include the following: (1) premature termination of the contract by the Plan; (2) complete or partial Plan termination or merger with another plan; (3) bankruptcy of the Plan sponsor; or, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management does not believe that any events that would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The Plan's management elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a qualified trustee or custodian need not be subject to independent audit.

The Plan's custodian is Empower Trust Company LLC. Plan's management has obtained certifications from the custodian that the following information included in the Plan's financial statements and supplemental schedule of Assets (Held at End of Year) is complete and accurate:

1. Fair value and contract value of investments as of December 31, 2023 and 2022,
2. The balance of notes receivable from participants as of December 31, 2023 and 2022,
3. Investment income and interest income on notes receivable from participants earned for the year ended December 31, 2023,
4. Investment transactions for the year ended December 31, 2023.

NOTE 6 - FEDERAL INCOME TAXES:

Effective January 1, 2022, the Plan adopted a volume submitter plan. The Internal Revenue Service has determined and informed the sponsor of the volume submitter plan by a letter dated June 30, 2020, that the form of the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan's administrator believes that the Plan is designed and being operated in compliance with the applicable IRC requirements. Therefore, the administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has concluded that as of December 31, 2023, the Plan has not taken any uncertain positions that would require recognition or disclosure. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress and years prior to 2020 are no longer subject to audit. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS:

Empower acts as custodian for investments of the Plan. Therefore, transactions with Empower and its affiliates qualify as party-in-interest transactions. In addition, the Plan pays fees to its third-party administrator, which is also a party-in-interest.

NOTE 9 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS:

Management has evaluated subsequent events through September 19, 2024, the date the financial statements were available to be issued.
