INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the financial statements of the NetBase Solutions, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audits.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

NetBase Solutions, Inc. (the Company) established the NetBase Solutions, Inc. 401(k) Plan (the Plan), effective January 1, 2006 to provide participants with a means to fund their retirement on a tax-deferred basis. The following description of the Plan, as amended and restated effective September 1, 2023, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

In 2023, the Plan sponsor added Rival IQ Corporation (Rival IQ) as a participating employer. Effective April 14, 2023, the Plan was amended to include employees of Rival IQ. In April 2023, assets of the Rival IQ plan totaling \$1,756,884, representing the entire remaining Rival IQ plan balance, were transferred into the Plan.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by Company employees. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee and record keeper. Fidelity holds, invests and reinvests trust assets in the interest and at the direction of participants and their beneficiaries.

Eligible Participants:

Eligible employees, as defined by the Plan agreement, age 21 or older may participate in the Plan the first day of the month following their date of hire.

Contributions:

Participants may contribute up to 80% of their pre-tax or after-tax annual compensation, as defined by the Plan agreement. Participants who have reached the age of 50 can elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other qualified plans (rollovers), subject to Code regulations.

The Company may make discretionary matching contributions to the Plan at the discretion of the Board of Directors. In 2023, the Company made discretionary matching contributions equal to 50% of participant contributions, up to a maximum of 4% of eligible compensation, as defined by the Plan agreement. Company matching contributions were \$479,131 in 2023, of which \$62,200 relates to annual true-up contribution receivable at December 31, 2023.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Contributions: (continued)

The Company may also make discretionary nonelective contributions to the Plan at the discretion of the Company's Board of Directors. The Company has not made any discretionary nonelective contributions to the Plan through December 31, 2023.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with the participant contributions and an allocation of Company contributions, plus earnings (less any losses) thereon. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which participants are entitled is the benefit that can be provided from the participant accounts.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

In addition, participants can choose to invest in and manage a broader range of investments through participant-managed Fidelity self-directed brokerage accounts. Investment choices offered to participants in these self-directed brokerage accounts include most equity securities listed on major stock exchanges in the United States of America (U.S.), additional mutual funds, over-the-counter stocks, bonds and other fixed-income securities.

Vesting:

Participants are fully vested (100%) in their participant accounts.

Forfeitures:

Any forfeited account balances would be forfeited upon distribution of the vested account balance. Forfeitures would be retained in the Plan and used to pay Plan administrative expense or reduce Company contributions. Prior to September 1, 2022, Company contributions were subject to vesting resulting in forfeited non-vested accounts of \$2,209 and \$85 at December 31, 2023 and 2022, respectively.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balance, not to exceed \$50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which a term of up to ten years may be granted. Participants may only have one note outstanding at a time. Participant notes are evidenced by a written note, secured by the balance in the participant account and bear interest at the prime rate, as published by Thomson Reuters, plus 1%. The interest rates on the notes outstanding as of December 31, 2023 ranged from 9.25% to 9.50%. Repayment of principal and interest is generally made through payroll deductions.

Payment of Benefits:

Upon termination of service, participants may elect to leave their balance in the Plan or receive their benefits in a lump sum amount equal to the balance of their accounts. Accounts with balances between \$1,001 and \$5,000 may be automatically distributed to individual retirement accounts on behalf of the participants without participant approval. Accounts with a balance of \$1,000 or less may be distributed directly to participants without participant approval. Benefits are recorded when paid.

Plan Expenses:

Plan investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the Plan's financial statements. Certain expenses may be charged to the Plan and allocated to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

NetBase Solutions, Inc. 401(k) Plan Notes to Financial Statements

1. Description of the Plan (continued)

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants, as described in the Plan agreement.

2. Summary of Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the U.S. (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

The Plan's investments, consisting of mutual funds, equity securities, a money market fund, cash accounts, and a collective investment trust, are accounted for as follows:

Mutual Funds and Money Market Fund: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted prices in active markets.

Participant-Managed Retirement Accounts (PMR Accounts): Fidelity self-directed brokerage accounts consist of shares of various equity securities, valued based on quoted prices in active markets, and cash accounts.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Investments: (continued)

Collective Investment Trust: The Plan invests in a fully benefit-responsive investment contract through the Morley Stable Value Fund (the CIT). The CIT is valued using the NAV practical expedient for the CIT as reported by the CIT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CIT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of the CIT is calculated based on a compilation of primarily observable market information.

The NAV practical expedient would not be used if it is determined to be probable the Plan will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidated will be carried out in an orderly business manner.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

* The fund will continue in existence until terminated in accordance with the operating agreement

** Redemption of units is permitted, but the units may not otherwise be transferred without the consent of the trust manager

Income Recognition:

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on the Plan's investments bought, sold or held during the year.

Notes to Financial Statements

3. Information Prepared and Certified by Fidelity

Fidelity, as the Plan's trustee, has certified the current value of the following assets held as of December 31, 2023 and 2022 and the net income for the year ended December 31, 2023, that were used in the preparation of the financial statements and supplemental schedule. The following table summarizes the certified information at December 31:

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$ 19,751,135	\$ 13,110,128
Notes receivable from participants	<u>66,988</u>	<u>14,127</u>
Total certified assets	<u>\$ 19,818,123</u>	<u>\$ 13,124,255</u>
Net income for the year ended December 31, 2023	<u>\$ 3,397,904</u>	

4. Income Tax Status

The Plan is a pre-approved plan offered by Fidelity, which has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating the form of the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended since receipt of the letter. However, the Plan and Plan sponsor believe the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at December 31, 2023, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes Plan years after 2020 remain open to income tax examinations.

5. Party-In-Interest Transactions

Plan investments include investments managed by Fidelity. As Fidelity is the Plan's trustee, purchases and sales of these investments qualify as party-in-interest transactions. Note receivable transactions with participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

6. Nonexempt Prohibited Transactions

In 2022, the Company did not remit participant contributions and note repayments totaling \$2,629 in a timely manner as required by the Department of Labor (DOL). The DOL considers delinquent contributions to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status. The Company intends to remit estimated lost earnings related to the delinquent contributions and note repayments to the Plan in 2024 to correct the delinquent remittances.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 19,942,074	\$ 13,310,281
Less: Participant contributions receivable	(50,501)	(50,666)

Net assets available for benefits per Form 5500	<u>\$ 19,818,123</u>	<u>\$ 13,124,255</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits per the financial statements	\$ 6,631,793
Less: Participant contributions receivable at December 31, 2023	(50,501)
Less: Employer contributions receivable at December 31, 2023	(73,450)
Add: Participant contributions receivable at December 31, 2022	50,666
Add: Employer contributions receivable at December 31, 2022	<u>135,360</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 6,693,868</u>

8. Subsequent Events

Subsequent events have been evaluated through October 7, 2024, which is the date the financial statements were approved by the Plan and available to be issued.

INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the financial statements of the NetBase Solutions, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audits.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

NetBase Solutions, Inc. (the Company) established the NetBase Solutions, Inc. 401(k) Plan (the Plan), effective January 1, 2006 to provide participants with a means to fund their retirement on a tax-deferred basis. The following description of the Plan, as amended and restated effective September 1, 2023, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

In 2023, the Plan sponsor added Rival IQ Corporation (Rival IQ) as a participating employer. Effective April 14, 2023, the Plan was amended to include employees of Rival IQ. In April 2023, assets of the Rival IQ plan totaling \$1,756,884, representing the entire remaining Rival IQ plan balance, were transferred into the Plan.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by Company employees. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee and record keeper. Fidelity holds, invests and reinvests trust assets in the interest and at the direction of participants and their beneficiaries.

Eligible Participants:

Eligible employees, as defined by the Plan agreement, age 21 or older may participate in the Plan the first day of the month following their date of hire.

Contributions:

Participants may contribute up to 80% of their pre-tax or after-tax annual compensation, as defined by the Plan agreement. Participants who have reached the age of 50 can elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other qualified plans (rollovers), subject to Code regulations.

The Company may make discretionary matching contributions to the Plan at the discretion of the Board of Directors. In 2023, the Company made discretionary matching contributions equal to 50% of participant contributions, up to a maximum of 4% of eligible compensation, as defined by the Plan agreement. Company matching contributions were \$479,131 in 2023, of which \$62,200 relates to annual true-up contribution receivable at December 31, 2023.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Contributions: (continued)

The Company may also make discretionary nonelective contributions to the Plan at the discretion of the Company's Board of Directors. The Company has not made any discretionary nonelective contributions to the Plan through December 31, 2023.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with the participant contributions and an allocation of Company contributions, plus earnings (less any losses) thereon. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which participants are entitled is the benefit that can be provided from the participant accounts.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

In addition, participants can choose to invest in and manage a broader range of investments through participant-managed Fidelity self-directed brokerage accounts. Investment choices offered to participants in these self-directed brokerage accounts include most equity securities listed on major stock exchanges in the United States of America (U.S.), additional mutual funds, over-the-counter stocks, bonds and other fixed-income securities.

Vesting:

Participants are fully vested (100%) in their participant accounts.

Forfeitures:

Any forfeited account balances would be forfeited upon distribution of the vested account balance. Forfeitures would be retained in the Plan and used to pay Plan administrative expense or reduce Company contributions. Prior to September 1, 2022, Company contributions were subject to vesting resulting in forfeited non-vested accounts of \$2,209 and \$85 at December 31, 2023 and 2022, respectively.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balance, not to exceed \$50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which a term of up to ten years may be granted. Participants may only have one note outstanding at a time. Participant notes are evidenced by a written note, secured by the balance in the participant account and bear interest at the prime rate, as published by Thomson Reuters, plus 1%. The interest rates on the notes outstanding as of December 31, 2023 ranged from 9.25% to 9.50%. Repayment of principal and interest is generally made through payroll deductions.

Payment of Benefits:

Upon termination of service, participants may elect to leave their balance in the Plan or receive their benefits in a lump sum amount equal to the balance of their accounts. Accounts with balances between \$1,001 and \$5,000 may be automatically distributed to individual retirement accounts on behalf of the participants without participant approval. Accounts with a balance of \$1,000 or less may be distributed directly to participants without participant approval. Benefits are recorded when paid.

Plan Expenses:

Plan investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the Plan's financial statements. Certain expenses may be charged to the Plan and allocated to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

NetBase Solutions, Inc. 401(k) Plan Notes to Financial Statements

1. Description of the Plan (continued)

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants, as described in the Plan agreement.

2. Summary of Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the U.S. (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

The Plan's investments, consisting of mutual funds, equity securities, a money market fund, cash accounts, and a collective investment trust, are accounted for as follows:

Mutual Funds and Money Market Fund: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted prices in active markets.

Participant-Managed Retirement Accounts (PMR Accounts): Fidelity self-directed brokerage accounts consist of shares of various equity securities, valued based on quoted prices in active markets, and cash accounts.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Investments: (continued)

Collective Investment Trust: The Plan invests in a fully benefit-responsive investment contract through the Morley Stable Value Fund (the CIT). The CIT is valued using the NAV practical expedient for the CIT as reported by the CIT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CIT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of the CIT is calculated based on a compilation of primarily observable market information.

The NAV practical expedient would not be used if it is determined to be probable the Plan will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidated will be carried out in an orderly business manner.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

* The fund will continue in existence until terminated in accordance with the operating agreement

** Redemption of units is permitted, but the units may not otherwise be transferred without the consent of the trust manager

Income Recognition:

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on the Plan's investments bought, sold or held during the year.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

3. Information Prepared and Certified by Fidelity

Fidelity, as the Plan's trustee, has certified the current value of the following assets held as of December 31, 2023 and 2022 and the net income for the year ended December 31, 2023, that were used in the preparation of the financial statements and supplemental schedule. The following table summarizes the certified information at December 31:

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$ 19,751,135	\$ 13,110,128
Notes receivable from participants	<u>66,988</u>	<u>14,127</u>
Total certified assets	<u>\$ 19,818,123</u>	<u>\$ 13,124,255</u>
Net income for the year ended December 31, 2023	<u>\$ 3,397,904</u>	

4. Income Tax Status

The Plan is a pre-approved plan offered by Fidelity, which has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating the form of the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended since receipt of the letter. However, the Plan and Plan sponsor believe the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at December 31, 2023, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes Plan years after 2020 remain open to income tax examinations.

5. Party-In-Interest Transactions

Plan investments include investments managed by Fidelity. As Fidelity is the Plan's trustee, purchases and sales of these investments qualify as party-in-interest transactions. Note receivable transactions with participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NetBase Solutions, Inc. 401(k) Plan

Notes to Financial Statements

6. Nonexempt Prohibited Transactions

In 2022, the Company did not remit participant contributions and note repayments totaling \$2,629 in a timely manner as required by the Department of Labor (DOL). The DOL considers delinquent contributions to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status. The Company intends to remit estimated lost earnings related to the delinquent contributions and note repayments to the Plan in 2024 to correct the delinquent remittances.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 19,942,074	\$ 13,310,281
Less: Participant contributions receivable	(50,501)	(50,666)
Less: Employer contributions receivable	<u>(73,450)</u>	<u>(135,360)</u>
Net assets available for benefits per Form 5500	<u>\$ 19,818,123</u>	<u>\$ 13,124,255</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits per the financial statements	\$ 6,631,793
Less: Participant contributions receivable at December 31, 2023	(50,501)
Less: Employer contributions receivable at December 31, 2023	(73,450)
Add: Participant contributions receivable at December 31, 2022	50,666
Add: Employer contributions receivable at December 31, 2022	<u>135,360</u>
