INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements**

NOTE 1: DESCRIPTION OF PLAN

The following description of Invidi Technologies Corporation 401(k) Profit Sharing and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, which was initially adopted on January 1, 2005 and most recently restated on June 1, 2022, is a Paychex Inc. Prototype Non-standardized Profit Sharing Plan with CODA. The Plan is a defined contribution plan covering all employees of Invidi Technologies Corporation (the “Sponsor”, “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and Section 401(k) of the Internal Revenue Code.

An employee can enroll in the Plan on the first day of the month following the date the employee reaches the age of 21 and has one month of continuous service with the Sponsor.

The Sponsor and the investment manager, Morgan Stanley, are co-fiduciaries of the Plan and are responsible for oversight of the Plan. The Co-Fiduciaries determine the appropriateness of the Plan’s investment offerings and monitor investment performance. The custodian of the Plan is MidAtlantic Trust Company and the recordkeeper is Paychex Retirement Services, Inc. Certain employees of the Sponsor act as the Plan’s Trustees.

Contributions

Each year, participants may contribute up to the maximum Internal Revenue Service (“IRS”) limitations during the Plan year, as no limits on elective deferrals are set in the Plan. For the calendar year 2023, the applicable dollar amount was \$22,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was \$7,500 for 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Contributions are made to the Plan by the Company. The Company, at its sole discretion, may make profit sharing contributions. No profit-sharing contributions were made for the year ended December 31, 2023. The Company also makes a safe harbor matching contribution of 100% of the employee’s elective deferral up to 6% of the contributing participant’s salary. For the year ended December 31, 2023, safe harbor matching contributions totaled \$1,116,635.

Qualified Non-Elective Contributions (QNEC) to correct employee contributions and any related safe-harbor matching contributions totaled \$10,682 for the year ended December 31, 2023. QNEC contributions are 100% vested and subject to the same distribution restrictions as elective deferrals.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company’s matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

INVIDI TECHNOLOGIES CORPORATION 401(K)
PROFIT SHARING PLAN AND TRUST
Notes to Financial Statements (continued)

NOTE 1: DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their own contributions plus actual earnings, and the participant is 100% vested in the Employer's safe harbor matching immediately.

The vesting schedule for the discretionary profit sharing contributions are as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than One	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death or disability participants will be 100% vested.

Forfeitures

Forfeitures of non-vested Company contributions may be used to reduce administrative expenses of the Plan, reduce employer contributions, or as an employer profit sharing allocation in the ratio that each participant's compensation for the plan year bears to the total compensation of all participants for such Plan Year (or any combination of the foregoing). As of December 31, 2023 and 2022, there were no forfeitures available to the Plan. During the year ended December 31, 2023, there were no forfeitures utilized.

Notes Receivable from Participants

Participants may borrow from their fund up to two loans of a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at one percentage point above the prime rate, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest are paid through payroll deductions or via EFT from a checking account over a period not to exceed 4.5 years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is 10 years.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, the Plan only permits participants to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination of employment, the Plan has a mandatory cash-out provision for participants with less than \$5,000 in their account, which does not require consent from the participant. In-service distributions are allowed for participants after reaching age 59 ½. The Plan allows for hardship distributions if certain criteria are met.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.

NOTE 3: INFORMATION CERTIFIED BY CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by MidAtlantic Trust Company.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the above information which appears throughout the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies: Investments in registered investment companies consist of shares of mutual funds that are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Money Market Funds: Valued at the quoted NAV of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2023 and 2022. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 5: TAX STATUS

The Plan has adopted the Paychex Inc. Prototype Non-standardized Profit Sharing Plan with CODA "Paychex Inc. Prototype Plan", a prototype plan. Accordingly, the Plan is permitted to rely on Paychex, Inc.'s opinion letters. The Internal Revenue Service has determined and informed Paychex, Inc. by a letter dated August 31, 2020, that the "Paychex Inc. Prototype Plan" and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. The Company also reserves the right to amend, modify, suspend or terminate the Plan permanently or temporarily, at such time as they deem appropriate. In the event of Plan termination or if the Company elects to discontinue contributions, the total value of each participant's account will be fully vested.

NOTE 7: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Paychex Retirement Services, Inc., therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Invidi Technologies Corporation 401(K) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of Invidi Technologies Corporation 401(k) Profit Sharing and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, which was initially adopted on January 1, 2005 and most recently restated on June 1, 2022, is a Paychex Inc. Prototype Non-standardized Profit Sharing Plan with CODA. The Plan is a defined contribution plan covering all employees of Invidi Technologies Corporation (the “Sponsor”, “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and Section 401(k) of the Internal Revenue Code.

An employee can enroll in the Plan on the first day of the month following the date the employee reaches the age of 21 and has one month of continuous service with the Sponsor.

The Sponsor and the investment manager, Morgan Stanley, are co-fiduciaries of the Plan and are responsible for oversight of the Plan. The Co-Fiduciaries determine the appropriateness of the Plan’s investment offerings and monitor investment performance. The custodian of the Plan is MidAtlantic Trust Company and the recordkeeper is Paychex Retirement Services, Inc. Certain employees of the Sponsor act as the Plan’s Trustees.

Contributions

Each year, participants may contribute up to the maximum Internal Revenue Service (“IRS”) limitations during the Plan year, as no limits on elective deferrals are set in the Plan. For the calendar year 2023, the applicable dollar amount was \$22,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was \$7,500 for 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Contributions are made to the Plan by the Company. The Company, at its sole discretion, may make profit sharing contributions. No profit-sharing contributions were made for the year ended December 31, 2023. The Company also makes a safe harbor matching contribution of 100% of the employee’s elective deferral up to 6% of the contributing participant’s salary. For the year ended December 31, 2023, safe harbor matching contributions totaled \$1,116,635.

Qualified Non-Elective Contributions (QNEC) to correct employee contributions and any related safe-harbor matching contributions totaled \$10,682 for the year ended December 31, 2023. QNEC contributions are 100% vested and subject to the same distribution restrictions as elective deferrals.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company’s matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

INVIDI TECHNOLOGIES CORPORATION 401(K)
PROFIT SHARING PLAN AND TRUST
Notes to Financial Statements (continued)

NOTE 1: DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their own contributions plus actual earnings, and the participant is 100% vested in the Employer's safe harbor matching immediately.

The vesting schedule for the discretionary profit sharing contributions are as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than One	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death or disability participants will be 100% vested.

Forfeitures

Forfeitures of non-vested Company contributions may be used to reduce administrative expenses of the Plan, reduce employer contributions, or as an employer profit sharing allocation in the ratio that each participant's compensation for the plan year bears to the total compensation of all participants for such Plan Year (or any combination of the foregoing). As of December 31, 2023 and 2022, there were no forfeitures available to the Plan. During the year ended December 31, 2023, there were no forfeitures utilized.

Notes Receivable from Participants

Participants may borrow from their fund up to two loans of a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at one percentage point above the prime rate, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest are paid through payroll deductions or via EFT from a checking account over a period not to exceed 4.5 years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is 10 years.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, the Plan only permits participants to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination of employment, the Plan has a mandatory cash-out provision for participants with less than \$5,000 in their account, which does not require consent from the participant. In-service distributions are allowed for participants after reaching age 59 ½. The Plan allows for hardship distributions if certain criteria are met.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.

NOTE 3: INFORMATION CERTIFIED BY CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by MidAtlantic Trust Company.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the above information which appears throughout the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies: Investments in registered investment companies consist of shares of mutual funds that are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Money Market Funds: Valued at the quoted NAV of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2023 and 2022. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 5: TAX STATUS

The Plan has adopted the Paychex Inc. Prototype Non-standardized Profit Sharing Plan with CODA "Paychex Inc. Prototype Plan", a prototype plan. Accordingly, the Plan is permitted to rely on Paychex, Inc.'s opinion letters. The Internal Revenue Service has determined and informed Paychex, Inc. by a letter dated August 31, 2020, that the "Paychex Inc. Prototype Plan" and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. The Company also reserves the right to amend, modify, suspend or terminate the Plan permanently or temporarily, at such time as they deem appropriate. In the event of Plan termination or if the Company elects to discontinue contributions, the total value of each participant's account will be fully vested.

NOTE 7: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Paychex Retirement Services, Inc., therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:
