INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and
Participants of Neenah 401(k) Retirement Plan
Alpharetta, Georgia

Opinion

We have audited the accompanying financial statements of Neenah 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NEENAH 401(k) RETIREMENT PLAN
Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Neenah 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan established on December 1, 2004, by Neenah Inc. (the “Company”). The Plan Administrative Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (the “Trustee”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective December 31, 2023, the Plan merged with SWM Retirement Savings Plan II. The Plan's net assets were transferred to the SWM Retirement Savings Plan II, as a result of the merger. This transaction is reflected within the statement of changes in net assets available for benefits as a Plan transfer.

Eligibility - An employee of the Company or a participating employer, as defined by the Plan, is eligible to participate in the Plan upon his/her date of hire.

Contributions - Each year, participants may contribute up to 75% of their annual pre-tax compensation, as defined in the Plan document, subject to certain Internal Revenue Code (“IRC”) limitations. Participants are also allowed to contribute after-tax contributions not to exceed 75% of annual compensation. Participants aged 50 years or older during the year can make catch-up contributions also subject to IRC limits. The Company makes matching contributions based upon specific eligibility rules by employee or collectively bargained agreements.

If an election is not made by an employee, the employee is automatically enrolled to contribute 6% of eligible compensation into the Plan as they become eligible to participate, with annual 1% increases of eligible compensation until the employee's contribution deferral percentage reaches 10%. Participants may decline to participate in the Plan or change their deferral percentage in 1% increments at any time.

Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, an allocation of the Company's matching contributions, other Plan defined (“RCP”) contributions and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investments of their contributions, Company matching, and RCP contributions into various investment options offered by the Plan.

The Neenah, Inc. Stock Fund and the Self-Directed Brokerage Accounts are two of the investment options available to participants. Participants may not invest more than 20% and 50% of their account balances in the Neenah, Inc. Stock Fund and Self-Directed Brokerage Accounts, respectively, at any time.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and RCP contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in the Company's contribution after three years of credited service. Participants are also 100% vested in the Company's matching contributions upon termination of employment with the Company if the participant is age 55 or greater, is permanently and totally disabled, or has died.

Notes Receivable from Participant - Participants may borrow from their fund accounts up to maximum of \$50,000 or 50% of their vested account balance (excluding RCP contributions), whichever is less. The notes are secured by the balance in the participant's account and bear interest rates commensurate with local prevailing rates at the times funds are borrowed as determined by the Plan administrative committee. Principal and interest on such notes are paid through salary withholdings over periods generally ranging from one to four years. However, the repayment period for notes made for the purchase of a principal residence may range from one to ten years. These periods may be extended for leaves of absence due to military duty.

Payment of Benefits - Upon termination of service or attainment of age 59 1/2, a participant may generally elect to receive a lump-sum equal to the value of the participant's vested interest in his/her account. A participant may make the following regular withdrawals at any time, as defined by the Plan:

- a After-tax contributions, provided such amounts have been in the Plan for at least 24 months
- b Company-matching contributions, provided such amounts are vested and have been in the Plan for at least 24 months
- c Any participant contributions included within his/her rollover account
- d Pre-tax contributions for financial hardship purposes

Forfeited Accounts - At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$0 and \$24,883, respectively. These accounts will be used to either reduce future employer contributions or pay administrative expenses. For the year ended December 31, 2023, \$259,480 in forfeiture balances were used to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties – The Plan utilizes various investment securities, including mutual funds, a common/collective trust fund, employer securities, and a self-directed brokerage account. Investment securities, in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible the changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition – The Plan's investments are presented at fair value. The Plan holds mutual funds, common/collective trust fund, employer securities, and common stock (through the self-directed brokerage account). Shares of mutual funds, common stock, and employer securities are valued at quoted market prices, which represent the net asset value (“NAV”) of shares held by the Plan at year-end. The common/collective trust fund is valued based on the fair value of the underlying investments held by the fund less its liabilities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses - Generally, administrative expenses of the Plan are paid by the Company, except for various costs associated with processing notes receivable from participants, account management fees, or expenses associated with investments within the self-directed brokerage account, which are paid by the Plan, as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment returns for such investments.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, established a framework for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quotes prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2023 and 2022, there have been no changes in the methodologies used.

- a. Shares of mutual funds are valued at the NAV of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- a. Shares of common stock, including employer securities, are valued at the closing prices reported on the active market on which the individual securities are traded.
- a. Units of participation of the common/collective trust is valued at the NAV provided by the fund’s trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and December 31, 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ —	\$ —	\$ —	\$ —
Employer common stock	—	—	—	—
Self-directed brokerage funds	—	—	—	—
Total assets in the fair value hierarchy	\$ —	\$ —	\$ —	—
Investments measured at NAV:*				
Investments at fair value				\$ —

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 235,991,939	\$ —	\$ —	\$ 235,991,939
Employer common stock	1,914,462	—	—	1,914,462
Self-directed brokerage funds	5,639,259	—	—	5,639,259
Total assets in the fair value hierarchy	<u>\$ 243,545,660</u>	<u>\$ —</u>	<u>\$ —</u>	<u>243,545,660</u>
Investments measured at NAV:*				
Common/collective trust:				35,397,476
Investments at fair value				<u>\$ 278,943,136</u>

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no significant transfers between Level 1 and Level 2 investments or into or out of Level 3 Investments during the years ended December 31, 2023 and 2022.

NOTE 4 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments held by the Plan were shares of mutual funds and units of a common/collective trust fund managed by the Trustee. In addition, fees paid by the Plan to the Trustee and affiliates of the Trustee for the administration of the Plan are reflected in the statement of changes in benefits for the year ended December 31, 2023. As such, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

At December 31, 2023 and 2022, the plan held 0 shares and 91,601 shares, respectively, of the Company's common stock (the sponsoring employer), with a cost basis of \$0 and \$2,604,126, respectively. During the year ended December 31, 2023 the Plan recorded dividend income from the Company of \$87,715.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 8, 2014, that the Plan and related trust are designed in accordance with applicable requirements of the IRC. However, the Plan has been amended since receiving the determination letter. The Company and Plan management believe that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – SUBSEQUENT EVENT

Management has evaluated subsequent events through July 12, 2024 which is the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure under ASC Topic 855, *Subsequent Events*.
