INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
TerraCycle Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TerraCycle Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan:

The following description of the TerraCycle Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of TerraCycle, Inc. and the controlled group of TerraCycle US, LLC (collectively, the "Company"). Employees become eligible to participate and receive safe harbor contributions after attaining age 21. Employees become eligible for profit sharing contributions after attaining age 21 and completing 83 hours of service in a one month period. Eligible employees may enter the Plan upon fulfilling eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective July 16, 2021, the Plan document was restated and all assets of the Plan were transitioned to Great-West Trust Company, LLC, now Empower Trust Company, LLC. In connection with the restatement, the Plan received an updated opinion letter dated June 30, 2020, that the Internal Revenue Service has determined that the adopted prototype plan was designed in compliance with the applicable requirements of the Internal Revenue Code (see Note 8).

Contributions: The Plan provides for participant contributions of pre-tax and Roth annual compensation, as defined in the Plan. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company makes safe harbor matching contributions equal to 100% of the participant's elective contribution up to 3% of the participant's eligible compensation plus 50% of the participant's elective contribution between 3% and 5% of the participant's eligible compensation. The Plan also allows for discretionary profit-sharing contributions as elected by the Company. There were no profit-sharing contributions for 2023 or 2022. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants may direct the custodian and trustee for the Plan, as to the investment of their account balances in accordance with guidelines established by the Plan. A self-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan. Participants may change their investment elections at any time.

TERRACYCLE INC. 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are immediately vested in the Company's safe harbor matching contributions. Vesting in the Company's profit-sharing contributions is based on years of continuous service. Participants are fully vested in Company's profit-sharing contributions after attaining six years of credited service.

Notes Receivable from Participants: Participants may borrow from their plan accounts a minimum of \$1,000 up to a maximum to the lesser of \$50,000 less the highest outstanding balance of the loans in the past 12 months or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Plan Administration: Overall responsibility for administering the Plan rests with the Company. All assets of the Plan are held by the trustee, Empower Trust Company, LLC. Participants accounts are administered by Empower Retirement, LLC ("Empower"), a subsidiary of Empower Trust Company, LLC.

Payment of Benefits: Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, death, disability, retirement, hardship withdrawal, or attainment of age 59 ½, as defined in the Plan. Participants are entitled to receive a lump-sum payment in amounts equal to the vested value of their account.

Forfeitures: The portion of an account balance that is not vested at the time the participant's employment is terminated for other than death, disability, or retirement is forfeited and used to offset employer contributions or to pay administrative expenses. There were no employer contributions offset by forfeitures at December 31, 2023 and 2022. Forfeited balances of \$1,184 was available at December 31, 2023, and \$822 at December 31, 2022.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

TERRACYCLE INC. 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements, Continued

2. Summary of Significant Accounting Policies, Continued:

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through October 7, 2024, the date the financial statements were available to be issued and, has determined there are no subsequent events to be reported in the accompanying financial statements.

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

TERRACYCLE INC. 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements, Continued

3. Fair Value Measurements, Continued:

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net assets value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage: The self-directed brokerage accounts are valued based on the fair value of the underlying investments. As of December 31, 2023, the underlying investments were cash equivalents, and the assets were valued at the cash balance.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no assets or liabilities whose fair value was determined using primarily Level 2 and 3 inputs at December 31, 2023 and 2022.

The following table set forth by level, within the fair value hierarchy, the Plan’s assets measured at fair value as of December 31, 2023:

	Investments at Fair Value	
	Level 1	Total
Investments:		
Mutual funds	\$ 6,869,840	\$ 6,869,840
Self directed brokerage	183,108	183,108
Total investments at fair value	<u>\$ 7,052,948</u>	<u>\$ 7,052,948</u>

The following table set forth by level, within the fair value hierarchy, the Plan’s assets measured at fair value as of December 31, 2022:

	Investments at Fair Value	
	Level 1	Total
Investments:		
Mutual funds	\$ 5,648,816	\$ 5,648,816

4. Group Annuity Contract:

During 2021, the Plan entered into a group annuity contract with Great-West Life and Annuity Insurance Company ("GWL&A"), now the Empower Annuity Insurance Company of America (EAICA), the Empower Investments Fixed Account. The contract is a traditional investment contract. Under the contract, the participant principal and interest are fully guaranteed by the general account assets of EAICA. The investment strategy employed seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment-grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive contract because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Each quarter, an interest rate is established for new deposits received in that quarter and that interest rate is guaranteed for the remainder of the current calendar year. A renewal interest rate is then established each subsequent calendar year and is guaranteed for one calendar year. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probably of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer as that would limit the ability of the Plan to transact at contract value with the participants.

TERRACYCLE INC. 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements, Continued

5. Administrative Expenses:

Administrative expenses incurred by the Plan primarily were for fees charged by Key Client Fiduciary Advisors, LLC, and Empower Advisory Group, LLC, which provide advisory services for the Plan, and EAICA, which provided recordkeeping services. Administrative expenses totaled \$31,618 for 2023 and \$35,648 for 2022.

6. Related-Party Transactions:

The Plan invests in a group annuity contract sponsored by an affiliate of the trustee. The Plan also permits notes receivables from participants, identified as participant loans in the accompanying schedule of assets (held at end of year). These are related-party transactions and are identified as parties-in-interest in the accompanying schedule of assets (held at end of year).

The Plan paid certain administrative fees to its service providers, as disclosed in Note 5. These amounts are included in administrative expenses on the accompanying statements of changes in net assets available for benefits.

7. Risks and Uncertainties:

The Plan provides for various investments in mutual funds, self-directed brokerage accounts, and a group annuity contract. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonable possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

8. Tax Status:

The Internal Revenue Service has determined and informed the Company by letter dated June 30, 2020, that the adopted prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the opinion letter; however, the plan administrator believes the Plan is designed and operated in accordance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2023 or 2022. The Plan is not currently under audit by any tax jurisdiction.

TERRACYCLE INC. 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements, Continued

9. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. Financial Information Certified by Qualified Institutions:

Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustee of the Plan, has certified that the following information is complete and accurate:

- Investments, at fair value
- Fully benefit-responsive investment contract, at contract value
- Investment income (loss)
- Schedule of assets (held at end of year)

11. Prohibited Transactions:

During the plan year ended December 31, 2023, the Organization failed to remit an aggregate of \$56,471 of participant contributions timely on 5 occasions, as reflected in the supplemental schedule of delinquent participant contributions. These transactions are pending correction under the Voluntary Fiduciary Correction Program ("VFCP").

During the plan year ended December 31, 2022, the Organization failed to remit contributions totaling \$41,144 to the Plan timely. These transactions were fully corrected under the Voluntary Fiduciary Correction Program ("VFCP") during 2022.
