Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **REGIER CARR & MONROE, LLP, CPAS**

(2) EIN: **48-0573184**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditor's Report

To the Plan Sponsor of the
Enercon Services, Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Enercon Services, Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended, December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Enercon Services, Inc. Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters***Supplemental Schedule Required by ERISA***

The supplemental Schedule H, Line 4i-Schedule of Assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of the Enercon Services, Inc. (the “Employer”) Savings Plan (the “Plan”) is provided only for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k)-employee savings plan adopted effective January 1, 1984. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

On January 1, 2019, the Plan was amended to allow plan participation for all eligible employees who have attained the age of 21 years.

Employee Contributions

Participants are permitted to contribute up to 85% of their annual compensation, as defined in the Plan document, not to exceed the annual contribution limit set by the Internal Revenue Service (IRS), which was \$20,500 in 2022 and \$22,500 in 2023.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants who have attained age 50 prior to the end of the Plan year are eligible to make catch-up contributions.

Employer Contributions

In February of 2021, the Plan was amended to expand the previous discretionary matching contribution to the employee groups as follows:

Enercon Federal Services Project Term Employees – employees will continue to receive a discretionary matching contribution equal to 100% of the first 3% of base compensation that a participant contributed to the Plan.

Regular Full-time Employees – employees are to receive a discretionary matching contribution equal to 50% of the first 6% of base compensation that a participant contributed to the Plan.

Part-time and Full-time Temporary (LTLB) – employees will continue to *not* be eligible for discretionary matching contributions.

Participants Accounts

Each participant’s account is credited with the participant’s voluntary contribution, the Employer’s non-discretionary matching contribution (if applicable), any Employer additional matching contributions (if applicable) and plan earnings, which are allocated proportionately among all participants based upon their investment in each fund.

Vesting

Participants are fully vested in their employee contributions plus actual earnings thereon. Participants are 100% vested in all Employer contributions.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their account up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest rates between 4% and 9.5%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan terms can be up to five years unless the loan is for the purchase of the participant’s primary residence, for which the term can be up to 15 years. Principal and interest are paid ratably through payroll deductions.

Plan Description (continued)

Payment of Benefits

Benefits under the Plan begin when a participant retires, dies, or ceases to be an employee, whichever applies as provided by the Plan. Benefits may begin before normal retirement date for a participant who becomes totally and permanently disabled while employed.

Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amount of assets, including the fair value of investments held within the Plan, liabilities, additions and deductions reflected within the financial statements. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Income Recognition

Interest income is recorded as earned. Purchase and sales of securities are recorded on a trade-date basis. Dividends are recorded on the execution date.

The Plan does not have any non-participant directed investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All administrative expenses are paid by the Plan.

Subsequent Events

Subsequent events were evaluated through October 4, 2024, the date the financial statements were available to be issued.

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (Mutual funds)

Valued based on using quoted prices in active markets for identical assets.

Pooled separate accounts (PSA's)

Principal Life offers separate accounts as investment options for retirement benefit plans through a group annuity contract. The following operational information is pertinent to the non-registered separate accounts made available by Principal Life. Pooled Separate Accounts (PSAs) are accounts maintained by an insurance company that are used for the collective investment of plan funds from multiple employee benefit plans. PSAs are an accounting entity rather than a legal entity. Iowa law requires domestic life insurance companies to establish one or more separate or segregated accounts to invest and reinvest all or any amounts received in connection with a variable contract.

Separate accounts are credited with the income, gains, or losses resulting from the assets allocated to that specific account only. The return on separate accounts is not guaranteed – the value of an interest in a separate account increases or decreases based on the value of the assets held in the separate account. Each plan that invests in the PSAs obtains units of participation in the pooled account and through those units of participation share in the gains and losses of all investments in the pooled account.

The AICPA Audit and Accounting Guide on Employee Benefit Plans defines a PSA as an investment where each plan shares in a pooled fund on a participation unit basis. The plan's interest in the account is the cumulative record of the number of participation units credited to the account and the number of units allocated or withdrawn from the account. The participation unit value is adjusted periodically to reflect investment results under the separate account.

Most of Principal Life PSAs are not registered with the U.S. Securities and Exchange Commission (SEC) as they meet exemptions under the Securities Act of 1933, the Securities Exchange Act of 1934, and the Investment Company Act of 1940. The Principal® PSAs are subject to the requirements imposed by ERISA including those imposed on plan fiduciaries.

While pooled separate accounts (PSAs) and common collective trusts (also known as Collective Investment Trusts (CITs) are not reported on exchanges or other public means, these investments are similar to mutual funds and NAV is the basis for current transactions. Principal considers these as being published because it is available via investor online reporting.

Based on the above, they do have a readily determinable fair value:

- the NAV is available to current investors and
- the NAV is the basis for current transactions

Accordingly, they are considered a level 1 input.

Fair Value Measurements (continued)

Collective Investment Trust

The Stable Value Fund (the “Fund”), held in a collective investment trust fund (CIT). A CIT is a pooled investment vehicle maintained exclusively for the collective investment of money from several accounts administered by a bank or trust company. They are designed for use with qualified defined contribution, defined benefit and governmental 457(b) retirement plans. They are not available to the general public.

The Trust Company has retained Principal Global Investors, LLC (“Advisor”), to serve as investment adviser with respect to the CIT, subject to the Trust Company’s supervision and review. The Advisor is an indirect wholly owned subsidiary of Principal Financial Group, Inc., and is under common control with the Trust Company. The Advisor also manages portfolios which may be included as underlying investments in the CITs. The Advisor receives management fees from these portfolios. The Advisor or other affiliates of the Trust Company may provide services to the CITs and may receive fees for such services. Participation in the PGI Trust Co CIT is governed by the terms of the Declaration of Trust and a Participation Agreement, signed by the retirement plan’s fiduciary at the time the plan invests in the CITs. The Participation Agreement may be obtained from the plan sponsor.

Principal Life, on behalf of PGI Trust Co under the Agency Service Agreement, processes the plan transactions on the CIT through the automated trading platform. Principal Life maintains the records on participating trusts and their plan participants’ interest in the omnibus accounts for the PGI Trust Co CIT.

Investments held by a collective investment trust are required to be reported at fair value. However, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plans. The audited financial statements with the accompanying portfolio of investments reflects the fair value and the adjustment of the fully benefit responsive investment contracts from fair value to contract value.

The Stable Value Fund allows for earnings stability regardless of the volatility of the financial markets and is recorded in the accompanying financial statements at contract value. Contract value represents quoted market prices for synthetic GICs, while the contract value of conventional GICs is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve as of December 31, 2023 and 2022.

The average yield earned by the Plan and credited to participants for the Stable Value Fund for the years ended December 31, 2023 and 2022 was 2.67% and 1.82% respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon recurrence of any of these events, a market value adjustment may apply. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan’s ability to transact at contract value with participants, is probable. The Fund may terminate the investment contract with the Plan by providing twelve months advance written notice to the contract holder for reasonable cause, which includes the contract owner’s failure to abide by federal law, failure to render performance necessary to comply with the terms of the contract, Plan disqualification, and failure to adopt the Plan in a reasonable period. Upon termination by the Fund, a market value adjustment may apply.

While pooled separate accounts (PSAs) and common collective trusts (also known as Collective Investment Trusts (CITs) are not reported on exchanges or other public means, these investments are similar to mutual funds and NAV is the basis for current transactions. Principal considers these as being published because it is available via investor online reporting.

Based on the above, they do have a readily determinable fair value:

- the NAV is available to current investors and
- the NAV is the basis for current transactions

Accordingly, they are considered a level 1 input.

Notes to Financial Statements

Fair Value Measurements (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

	Assets at Fair Value at December 31, 2023

Investment Information Prepared and Certified by Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodians have certified the following data included in the financial statements is complete and accurate:

The following information was certified by Principal Life Insurance Company and Principal Trust Company:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022
- Schedule H, Line 4i-Schedule of Assets (held at year end), December 31, 2023
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Principal. Principal is the asset custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative services provided during the year ended December 31, 2023 amounted to \$166,955.

Party-In-Interest Transactions

Party-in-interest transactions occurring during the year were granted an exemption from ERISA Paragraph 406 prohibited transactions under ERISA Paragraph 408. Therefore, enumeration of these transactions has been omitted from this report.

Plan Termination

Although they have not expressed any interest in doing so, the Employer has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Plan assets would be allocated to the participants' account balances.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments, in general, are exposed to various risks such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Tax Status

The Plan was restated March 11, 2022 to a pre-approved savings plan provided by Principal Financial Services (Principal). The Internal Revenue Service (IRS) has determined and informed Principal by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Secure Act 2.0

The SECURE 2.0 Act of 2022 (Act) was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not be made until the end of the first plan year beginning on or after January 1, 2025; however, plans must be operated in accordance with the effective date of each new provision. The Plan has not yet been amended to reflect certain plan provisions required by the SECURE Act 2.0 of 2022. Management has not determined the impact of the new required provisions will have on the Plan.
