Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of Axis Analytics, LLC 401(k) Salary Deferral Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Plan Administrator, Participants, and Beneficiaries
Axis Analytics, LLC 401(k) Salary Deferral Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to, or derived from, the certified investment information, including their form and content, are presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.
- The information in the supplemental schedule related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE
YEAR ENDED DECEMBER 31, 2023

NOTE 1 DESCRIPTION OF THE PLAN

Axis Analytics, LLC 401(k) Salary Deferral Plan (the Plan) is administered by Axis Analytics, LLC (the Company, Plan administrator, or Plan Sponsor). The following brief description of the Plan is provided for general information purposes only. More complete information is provided in the Summary Plan Description and Plan Document, both of which are available from the Plan Sponsor.

General

The Plan is a voluntary, participant-directed, defined-contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees who are age 21 or older and have completed three months of service are eligible to participate in the Plan. Employees are eligible for participation on the first day of the month after meeting eligibility requirements. Union employees, members of a collective bargaining unit, nonresident aliens, and reclassified employees are excluded from participation in the Plan.

Contributions

Each Plan year, participants may contribute up to 90%, but not less than 1%, of pretax annual compensation, as defined in the Plan, to the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to a maximum of \$6,500 for 2023. Rollover and Roth contributions are also permitted.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation. The Plan also has an escalation feature whereby the deferral rate will increase each year by 1% up to a maximum of 10%, unless participants affirmatively elect a specific deferral rate.

The Company may, at its discretion, elect to contribute an employer-matching contribution on behalf of each eligible participant. To be eligible to receive an allocation of the discretionary employer-matching contribution, participants must be employed for one year, must have completed 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. For the year ended December 31, 2023, the company elected not to contribute an employer matching contribution.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE
YEAR ENDED DECEMBER 31, 2023

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

In addition, for each Plan year, the Company may, at its discretion, elect to contribute an employer profit-sharing contribution. For years in which a discretionary profit-sharing contribution is made, each participant's share will be calculated by dividing the total profit-sharing contribution by the total of all eligible participants' compensation and then applying that percentage to each participant's actual compensation for the year.

To be eligible to receive an allocation of the discretionary employer profit-sharing contribution, participants must be employed for one year, must have completed 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. For the year ended December 31, 2023, the Company elected not to make a profit-sharing contribution. For the year ended December 31, 2022, the Company did not make any qualified nonelective contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and company contributions into any one of, or combination of, the investment options offered under the Plan. A separate account is maintained for each participant, and interest and dividends earned by each fund are reinvested in that fund. Participants may change their investment options at their discretion.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) Plan earnings, and (c) charged with fees associated with transactions initiated by participants and any administrative and investment expenses paid by the Plan. Allocations are based on a participant's earnings or account balance, as defined in the Plan Document.

The Plan permits participants to self-direct the investments in their accounts in a variety of investment options. All participants elected to self-direct their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching, discretionary profit-sharing, and qualified nonelective contribution portions of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
0-1 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

AXIS ANALYTICS, LLC 401(K) SALARY DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE
YEAR ENDED DECEMBER 31, 2023

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting (Continued)

Participants may roll over all or part of their investments into or out of the Plan. When contributions are rolled over into the Plan, participants are automatically 100% vested in these contributions.

If a participant attains early retirement age, becomes totally and permanently disabled, or suffers death, the participant becomes 100% vested in their allocation of the employer contributions and its related allocation of the Plan's earnings or losses.

Benefit Payments

On termination of service, as defined in the Plan, a participant is entitled to receive the vested percentage of his/her account balance as a lump-sum distribution, installments, or ad-hoc distributions. Participants with vested balances over \$5,000 may elect to leave their vested balance in the Plan or they may elect a lump sum or other form of payment. For vested balances under \$5,000, if no other form of payment is elected, the vested balance is automatically rolled into an individual retirement account, unless the amount is below \$1,000, in which case it will be disbursed as soon as administratively feasible. Participants have the option to leave amounts in the Plan up to the mandatory distribution date, which is defined as April 1 following the calendar year of attaining the age of 72. If participants are still employed by the age of 72, the mandatory distribution date generally is April 1 following the termination date of employment. When a participant dies, the entire amount in the participant's account is distributed to the participant's beneficiary(ies). The normal retirement age is age 65, upon which participants become fully vested in all accounts.

Hardship withdrawals are subject to approval by the Plan administrator and also subject to income tax withholding and penalties.

In-service Withdrawals

Participants attaining the age of 59½ may request a withdrawal of all or part of the vested portion of their account.

Retirement

The Plan's normal retirement age is 65. There is no early retirement provision under the Plan.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are allocated to offset either Plan expenses or reduce future employer-matching contributions. At December 31, 2023 and 2022, forfeited, nonvested accounts totaled \$6,008 and \$5,416, respectively. \$9,775 was used to pay Plan expenses during the year ended December 31, 2023.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefit Payments

Benefits are recorded when paid.

AXIS ANALYTICS, LLC 401(K) SALARY DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE
YEAR ENDED DECEMBER 31, 2023

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expense and Participant Transaction Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Mutual Funds

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or 12b-1 fees. Allowable fees under Section 12b-1 of the Investment Company Act of 1940 are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Subsequent Events

The Plan has evaluated its subsequent events and transactions occurring after December 31, 2023 through September 27, 2024, the date that the financial statements were available to be issued.

NOTE 3 INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, and interest and dividends, for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company LLC and Empower Annuity Insurance Company of America, the Trustee of the Plan.

NOTE 4 FAIR VALUE MEASUREMENTS

Fair Value Measurements

Fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

AXIS ANALYTICS, LLC 401(K) SALARY DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE
YEAR ENDED DECEMBER 31, 2023

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs, other than quoted prices that are observable, for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 input).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive, guaranteed investment contract with Empower Annuity Insurance Company of America totaling \$829,058 and \$810,163 at December 31, 2023 and 2022, respectively. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium to long-term, new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit-responsive funds can be derived by averaging the Plan's quarterly interest rates. That average for 2023 is 1.48%.

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

AXIS ANALYTICS, LLC 401(K) SALARY DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE
YEAR ENDED DECEMBER 31, 2023

NOTE 5 FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Annuity and Insurance Company. Additionally, administrative expenses are paid to the trustee and the recordkeeper of the Plan. These transactions with the trustee and recordkeeper qualify as party-in-interest transactions.

NOTE 7 PLAN TERMINATION

Although the Company has not expressed intent to terminate the Plan, it may do so at any time under the provisions of ERISA. Upon termination of the Plan, participants will become 100% vested and entitled to their full account balance, including all Company contributions, as of the termination date.

NOTE 8 TAX STATUS

The Plan is placing reliance on an opinion letter from the IRS on the prototype plan indicating that the Plan is designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

AXIS ANALYTICS, LLC 401(K) SALARY DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE
YEAR ENDED DECEMBER 31, 2023

NOTE 8 TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
