Independent Auditor's Report

Board of Trustees

XOtech & Ganuch, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of XOtech & Ganuch, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of XOtech & Ganuch, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of XOtech & Ganuch, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about XOtech & Ganuch, Inc. 401(k) Plan's ability to continue as a going concern for one year from the date the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of XOtech & Ganuch, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about XOtech & Ganuch, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

XOTECH & GANUCH, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The XOtech & Ganuch, Inc. 401(k) Plan (the Plan) is a defined contribution profit-sharing plan covering eligible employees of XOtech, LLC and Ganuch, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting

The financial statements are reported using the accrual basis of accounting in which revenue is recognized when earned or otherwise available, and expenses are recognized when incurred.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance at year end plus any unpaid accrued interest. The Plan considers the notes receivable from participants fully collectible at year end; accordingly, no allowance for doubtful accounts is required. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits and Excess Contributions

Benefits are recorded when paid. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability on the statements of net assets available for benefits and as a deduction on the statements of changes in net assets available for benefits. There were excess contributions of \$0 and \$4,760 paid during 2023 and 2022, respectively.

XOTECH & GANUCH, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 RISKS AND UNCERTAINTIES

Investments – The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 3 DESCRIPTION OF PLAN

The following brief description of XOtech & Ganuch, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of XOtech, LLC and Ganuch, Inc. who are age 21 or older.

Contributions. Financing of the Plan comes from employer and participant contributions and investment income. Rollover contributions by participants are permitted. Participants may elect to defer a specific percentage or dollar amount of their eligible compensation as defined by the Plan. Participants can defer either a pre-tax elective deferral or a Roth elective deferral up to a maximum of 90% of eligible compensation. The Owners of XOtech, LLC and Ganuch, Inc. determine annually, at their discretion, the total amount of employer contributions to be made to the Plan. Employer discretionary contributions may consist of matching contributions and nonelective contributions to eligible participants as defined by the Plan. Employer nonelective contributions are allocated using a nonintegrated (prorata) allocation formula. In no event will the employer plus employee elective deferral contributions exceed the maximum amount permitted by law. There were no discretionary employer contributions for 2023 or 2022.

XOTECH & GANUCH, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 3 DESCRIPTION OF PLAN (Continued)

XOtech, LLC and Ganuch, Inc. may be required to make Prevailing Wage Contributions to those that are employed under specific service contracts, in accordance with The McNamara-O'Hara Service Contract Act of 1965 (SCA). The hourly rates are determined by the Department of Labor, varying by contract, and reduced by any benefits the employees elect. The owners determine annually whether to pay these contributions into participants' 401(K) accounts or in their normal wages. In 2023 and 2022, the contributions were deposited into the eligible participants' 401(K) accounts, whether they were actively contributing themselves, or not. For those employees that were not eligible to participate in the Plan, these contributions were paid in their normal wages. Prevailing wage employer contributions were \$304,664 and \$483,950 for the years ending December 31, 2023 and 2022, respectively.

Under a subcontractor agreement, XOtech, LLC and Ganuch, Inc. are subject to a collective bargaining agreement (CBA) covering specific employees working under the contract. The current CBA requires employer matching contributions for the covered employees in the amount of 100% of the first 3% of employee's voluntary contributions and 50% of the next 2% of employee's voluntary contributions, up to a 4% employer contribution. For the years ending December 31, 2023 and 2022, the employer matching contribution under the CBA were \$2,884 and \$0, respectively.

Vesting. Participants are immediately 100% vested in both their elective deferrals and all employer contributions.

Payment of Benefits. Benefit payments are made upon normal retirement, death, disability or termination of service. In-service distributions are also allowed upon reaching age 59 ½ for a minimum amount of \$500. The benefits are paid in a lump-sum payment in accordance with the Plan document. The Plan also allows hardship withdrawals.

The Plan has a mandatory cashout rollover provision if the participant terminates employment and has an account balance of \$5,000 or less but greater than \$1,000. This cashout rollover provision allows the employer to rollover the participant's account balance into an IRA designated by the Plan, unless the participant makes a distribution election.

Participant Accounts. Each participant's account is credited with the participant's contributions, XOtech, LLC and Ganuch, Inc. employer contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are directed by the Plan participants. Participants may choose among 27 mutual funds and one stable value fund.

XOTECH & GANUCH, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 3 DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants. The Plan allows for participant loans. Participants may borrow from their accounts a minimum of \$500 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans shall be for a fixed term of not more than five years. A longer repayment term may be allowed for a loan which shall be used to acquire the participant's principal residence. The loans are collateralized by no more than 50% of the vested balance in the participant's account and bear interest at a rate of 1% over the prime rate. Only two loans per participant are permitted at one time.

Plan Termination. Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

NOTE 4 FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board authoritative guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

XOTECH & GANUCH, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Common and Collective Trust: The fair value of the Plan's investment in the common and collective trust is determined by its sponsor.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All assets have been valued using a market approach, except as noted above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

Investments	Total	2023		
		Fair Value Measurements at Reporting

Total	<u>\$ 4,039,538</u>	<u>\$ 4,005,814</u>	<u>\$ 0</u>	<u>\$ 0</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of the net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share or its equivalent at December 31, 2023 and 2022:

NOTE 5 TAX STATUS

The Plan is an adoption of a prototype standardized profit-sharing plan and is qualified under Section 401(a) of the Internal Revenue Code plan and is therefore, not subject to tax under present income tax law.

The prototype plan obtained its latest determination letter on July 16, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 SUMMARY OF INFORMATION CERTIFIED BY PLAN CUSTODIAN

The total fair value of investments held in trust was \$5,029,543 and \$4,039,538 at December 31, 2023 and 2022, respectively. The total amount of notes receivable from participants held in trust was \$84,291 and \$120,510 at December 31, 2023 and 2022, respectively.

The Custodian, Reliance Trust Company, has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investments and notes receivable from participant assets, transactions, and income presented in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 and the statements of changes in net assets available for benefits for the years ending December 31, 2023 and 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2023.

NOTE 7 PARTIES-IN-INTEREST

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Plan assets are used to pay some expenses for administration of the Plan and the remaining administrative expenses are paid by the employer. Payments to such service providers by the Plan qualify as party-in-interest transactions.

NOTE 8 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 25, 2024, the date on which the financial statements were available to be issued.
