Independent Auditor's Report

To the Plan Administrator
NewsBank Retirement Savings Plan
Chester, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the NewsBank Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NewsBank Retirement Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

1. Plan Description

The following description of the NewsBank Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, a Fidelity Management Trust Company 401(k) prototype profit sharing plan, is a defined contribution plan with Section 401(k) salary reduction features covering substantially all full-time and part-time employees of NewsBank, Inc. (the Company), except for employees covered by a collective bargaining agreement and leased employees. Employees are eligible to participate once they have attained the age of 18 years old and completed 6 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participating employees may contribute any percentage up to 60% of their compensation, subject to Internal Revenue Code (IRC) limitations for the calendar year as pre-tax or after tax elective contributions or after-tax Roth contributions. In addition, participants may also make rollover contributions from other qualified retirement plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at rate of 4 percent of eligible compensation with no escalation and their contributions invested in a designated fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company matches contributions in an amount equal to 25% of the employee's compensation contributed to the Plan, but subject to a maximum match of 4% of compensation. For 2023 and 2022, the Company made a discretionary match contribution in an amount equal to the primary matching requirement. During the years ended December 31, 2023 and 2022, the Company made contributions of \$605,986 and \$545,505 of which \$302,993 and \$272,753, respectively were discretionary.

Notes to Financial Statements
December 31, 2023 and 2022

1. Plan Description (cont.)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and Plan earnings (losses), and further charged with an allocation of administrative and investment expenses. Participants may direct participant and employer contributions and any related earnings among any of the investment funds offered, which principally consist of Fidelity Investment Funds. Participants may change their investment options, daily, by notifying Fidelity Investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. During 2023, the self-directed brokerage accounts were no longer available as an option and were converted to Fidelity investments.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account plus actual earnings is based on years of continuous service.

<i>Period of Service</i>	<i>Percent Vested</i>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
Six or more years	100%

Payment of Benefits

Upon termination of employment, a participant may receive a lump-sum amount equal to the vested value of his or her account. Upon disability retirement, a participant shall have a 100% vested interest in their account regardless of any vesting schedule. If an actively employed participant dies, their account shall become 100% vested and their designated beneficiary shall be entitled to their account balance. If a participant who has been terminated from the Company dies, their designated beneficiary shall be entitled to receive the participant's vested benefits in their account.

Participants may also make in-service withdrawals from all vested account balances upon attaining age 59½ and may make hardship withdrawals from their deferral contributions accounts.

2. Summary of Significant Accounting Policies

Additionally, a participant's vested benefit will be distributable upon the occurrence of any one of the following events: (a) death or disability, (b) plan termination or (c) sale by the Company.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, limited to 50% of their vested account balance. Loan terms range from one to five years but may be extended for loans relating to the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate defined by the Plan. The interest rates charged are between 5.25% - 9.50%. Principal and interest is paid ratably through bi-weekly payroll deductions. There were \$369,594 and \$419,414 in outstanding loans at December 31, 2023 and 2022, respectively.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and these differences could be material.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, which approximates fair value, plus any accrued but unpaid interest.

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3).

Purchases and sales of the investments within the Plan are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Forfeited Accounts

Forfeitures of the non-vested portion of terminated participants' account balances related to the plan sponsor's contributions may first be used to pay the administrative expenses of the Plan. Forfeitures of matching contributions that relate to excess amounts that have not been used to pay administrative expenses, are applied to reduce matching contributions and discretionary contributions made after the forfeitures are determined. During the year ended December 31, 2023, \$7,858 of forfeitures were used to pay administrative expenses and \$0 of forfeitures were used to reduce employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$49,265 and \$16,321, respectively. These accounts will be used to reduce future employer contributions and for payment of administrative expenses of the Plan.

3. Fair Value Measurements

FASB Accounting Standards Codification (ASC) Topic 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability or in an orderly transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels:

Level 1 – Valuations based on unadjusted quoted prices available in active markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

NewsBank Retirement Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

3. Fair Value Measurements (cont.)

Level 2 – Valuations based on quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that the Plan believes market participants would use in pricing the asset or liability at the measurement date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022. The Plan had no material financial liabilities as of December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determined market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (cont.)

Investments are initially recorded at their acquisition cost (if they were purchased) and at fair value. Subsequent to acquisition, investments are reported at their fair value. The net change in the difference between fair value and the cost of investments is reflected in the accompanying statements of changes in net assets available for benefits under the caption "Net (Depreciation) Appreciation in Fair Value of Investments".

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Investments as of December 31, 2023					
	Total	Level 1	Level 2	Level 3

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Terminated Participants

As of December 31, 2023 and 2022, there were 15 and 26 terminated participants who had not withdrawn their account balances totaling \$1,662,248 and \$1,638,308, respectively.

6. Related Party and Party in Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and Fidelity Investments Institutional is the recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Effective December 1, 2021, the Plan entered into fee agreement that establishes a revenue credit to be paid quarterly an annual amount of \$27,000. The revenue credit may not be used to offset, reimburse or pay: (1) expenses that have been deducted from Participant accounts or (2) expenses that are accrued in the net asset value or mil rate of an investment option. Effective July 17, 2023, the Plan entered into new fee agreement that establishes a Participant Revenue Credit, to be paid quarterly and allocated to the fund in which the credit relates.

7. Income Tax Status

The Plan's document has been amended and restated effective January 1, 2022 to comply with recent regulations and is a 401(k) prototype profit sharing plan of Fidelity Management Trust Company, which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The opinion letter states that the form of the Prototype Plan was acceptable under Section 401(a) of the IRC for use by adopting employers and that an employer adopting the Plan could rely on the opinion letter with respect to the qualification of the Plan under Section 401(a) of the IRC. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the relevant taxing authority. The tax positions taken include the Plan status as a qualified plan. The plan administrator believes that the Plan, as amended, has operated in a manner that did not jeopardize this status.

The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

8. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, dividend and interest income from mutual funds, and interest from participant notes receivable for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (a qualified institution and trustee of the Plan).

9. Concentrations of Credit Risk

The following table reflects concentrations of individual investments within the plan that were equal to or greater than 10% of the total plan net assets:

<i>December 31,</i>	2023	2022
Fidelity Blue Chip Growth K6	19.93%	15.91%

10. Administrative Expenses

Plan administrative expenses consisted of investment advisory, recordkeeping, and transactional fees of approximately \$44,073 for 2023 and \$14,534 in 2022 (offset by a revenue credit of \$13,500 for 2023 and \$27,000 in 2022). The 2022 administrative fees, after the application of the revenue credit (as described in Note 6), \$12,466 remains as a credit for future administrative expenses. The remaining operating and administrative expenses were paid by the Plan sponsor and are excluded from these financial statements. The investment advisory fees are allocated to participants based on their account balances and investment allocations. Recordkeeping fees are allocated to participants based on their account balances, while loan/distribution fees are specifically charged to the participant.
