INDEPENDENT AUDITOR'S REPORT

The Board of Directors, Plan Participants and Plan Administrator
Center for Emergency Medicine Defined Contribution Retirement Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Center for Emergency Medicine Defined Contribution Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements might have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income/loss and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits as of December 31, 2023. The amount of these excluded annuity contracts and custodial accounts and the related income/loss and distributions are not determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income/loss and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

CENTER FOR EMERGENCY MEDICINE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Center for Emergency Medicine Defined Contribution Retirement Plan (the Plan) provides general information about the Plan's provisions. Center for Emergency Medicine (CEM or the Company), an affiliate of University of Pittsburgh Medical Center (UPMC), is the Plan sponsor. Participants should refer to the Plan document for a complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General - The Plan is a defined contribution plan covering substantially all full-time employees of the Company. Effective July 1, 2009, contributions and new enrollment into the Plan ceased upon CEM's integration into the UPMC Payroll and Benefits Program and the Plan became frozen.

CEM is responsible for the general administration of the Plan. The Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF) are the custodians and recordkeepers for the Plan.

Participant Accounts - An individual account is maintained for each participating employee. Each participant's account is credited with allocations of Plan earnings or losses and charged with an allocation of administrative expenses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can change their investment elections throughout the year.

Vesting - Participants are fully vested in their individual accounts.

Payment of Benefits - The benefit to which a participant is entitled is the balance in the participant's account. Distributions from the participant's account may be paid out when a participant attains age 59-1/2, separates from service, dies or becomes disabled. Forms of payment include lump sums, single life and joint and survivor annuities.

Collateral - TIAA and CREF offer loans that are issued directly from funds owned by TIAA and CREF and not directly from a participant's account. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity and approximated \$15,000 at December 31, 2023, and \$14,000 at December 31, 2022. These loans are not assets of the Plan.

Transfers - Effective July 1, 2009, the Plan permits fully vested eligible participants who participate in the UPMC 403(b) Retirement Savings Plan and/or the UPMC 401(a) Retirement Savings Plan to elect a plan-to-plan transfer to those plans. Transfers to those plans were approximately \$50,000 in 2023.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Annual Reporting Requirements - Prior to January 1, 2009, the custodians maintained records at a contract level, not a plan level, and administratively decided to not provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the Company nor the custodians have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and accuracy of the annuity and custodial accounts, related investment income and losses, and distributions related to these accounts, if any, could not be determined.

Use of Estimates - The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurement and Note 5 for the discussion of fully benefit-responsive investment contracts.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses are paid by either the Plan or CEM as provided by the Plan document. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or available to be issued. Management has evaluated subsequent events through October 7, 2024, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to disclosures in the financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN CUSTODIANS (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule, except for the amount of certain excluded annuity contracts and custodial accounts and the related income/loss and distributions as mentioned in the Basis for Disclaimer Opinion paragraph, is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments and interest and dividends as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENT

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

CENTER FOR EMERGENCY MEDICINE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023 and 2022. Following is a description of the valuation methodologies used for assets measured at fair value.

Variable Annuities (CREF Accounts) consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Core Bond, Inflation-Linked Bond, Social Choice and Money Market Accounts (individually referred to as the "Account" or collectively referred to as the "Accounts"). CREF is registered with the Securities and Exchange Commission under the Investment Company Act of 1940 as an open-end management investment company, however the CREF Accounts themselves are not traded on an exchange in an active market. The Accounts invest principally in equity securities, fixed-income instruments and short-term instruments in accordance with the Account's investment objective. The Account's underlying investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing, except for the Money Market Account, which is generally valued at amortized cost. Each Account determines its fair value based on its net asset value (NAV) on a daily basis and is redeemable at NAV on the valuation date. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. There are no unfunded commitments or redemption or redemption notice periods applicable to participants at December 31, 2023 and 2022.

Pooled Separate Account (PSA) (TIAA Real Estate Account) is valued principally from the market value of the underlying real estate holdings or real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The PSA also sometimes holds securities that are generally priced using values obtained from independent pricing sources. Unit values are calculated each day and the fund is redeemable at NAV. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The PSA itself is not traded on an exchange in an active market. There are no unfunded commitments or redemption or redemption notice periods applicable to participants at December 31, 2023 and 2022.

CENTER FOR EMERGENCY MEDICINE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Guaranteed Annuity Contract (TIAA Traditional Fund) is a traditional investment contract offered to participants of the Plan through Retirement Annuity (RA) and Group Retirement Annuity (GRA) contracts, which are not fully benefit-responsive, and through Group Supplemental Retirement Annuity (GSRA) contracts, which are fully benefit-responsive. The fully benefit-responsive contracts are reported at contract value as described in Note 5. The non fully benefit-responsive contracts are valued at fair value, which approximates contract value. The contract value of the fund equals the accumulated cash contributions, interest credited to the Plan's contracts and transfers, if any, less any withdrawals. Since the investment is not available for sale or transfer on any securities exchange, transactions in similar investment instruments are not observable. As a guaranteed annuity backed by TIAA's claims-paying ability, the TIAA Traditional Fund guarantees principal and a guaranteed minimum rate of interest, plus the opportunity for additional amounts in excess of the guaranteed rate. The guaranteed minimum interest rate during the accumulation phase is generally 3%. These guarantees of principal and minimum interest rates ensure that each participant's accumulation is protected from loss and will always increase in value. These additional amounts, when declared by the TIAA Board of Trustees, are determined on a year-by-year basis and remain in effect for the declaration year. The declaration year begins each March 1 for accumulating annuities and each January 1 for lifetime payout annuities. RA contracts do not allow lump-sum cash withdrawals; and transfers must be spread over a period of 10 annual installments. GRA contracts allow lump-sum withdrawals within 120 days after termination of employment and are subject to a 2.5% surrender charge.

Together, the guaranteed minimum and additional amounts make up the crediting rate in the accumulation phase of the account. TIAA uses a vintage method of crediting interest for funds in the TIAA Traditional Fund. Because the yields available on new long-term investments tend to vary over time, TIAA groups the funds received over discrete time periods into vintages. The interest credited to each vintage reflects the investment returns initially obtained on TIAA's investments during each period. When the accumulation in the TIAA Traditional Fund is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation.

In determining the reasonableness of the valuation technique, the Plan Sponsor's Board of Directors Committee evaluates a variety of factors, including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (e.g., duration or payout date), and others are substantiated utilizing available market data.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Guaranteed Annuity Contract	-	-	\$ 1,340,176	\$ 1,340,176
Total investments in the fair value hierarchy	-	-	\$ 1,340,176	1,340,176
Investments measured at net asset value (a)				7,335,632
Total assets at fair value				\$ 8,675,808

	2022			
	Level 1	Level 2	Level 3	Total
Guaranteed Annuity Contract	-	-	\$ 1,326,573	\$ 1,326,573
Total investments in the fair value hierarchy	-	-	\$ 1,326,573	1,326,573
Investments measured at net asset value (a)				6,337,138
Total assets at fair value				\$ 7,663,711

- (a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

In accordance with ASU 2018-13, the Plan is required to disclose certain activities for Level 3 assets measured at fair value. During 2023 and 2022, there were no purchases, issuances or transfers in or out of the Guaranteed Annuity Contract.

CENTER FOR EMERGENCY MEDICINE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following tables present the Plan's Level 3 investments, the valuation techniques used to measure the fair value and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2023 and 2022:

Investment (by Class)	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range	Weighted Average
December 31, 2023 Guaranteed Annuity Contract	\$ 1,340,176	Fair value approximates contract value (discounted cash flow and exit value)	Risk-adjusted discount rate applied*	3.25%-6.75%	5.0%
December 31, 2022 Guaranteed Annuity Contract	\$ 1,326,573	Fair value approximates contract value (discounted cash flow and exit value)	Risk-adjusted discount rate applied*	3.0%-6.25%	4.63%

*Unobservable inputs include discount rate applied.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan invests in a Group Supplemental Retirement Annuity (GSRA), a fully benefit-responsive investment contract with TIAA, which is valued at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. The discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate that correlates closely with TIAA Traditional Fund's historical crediting rates.

CENTER FOR EMERGENCY MEDICINE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer with a minimum guaranteed interest rate of 2%. The crediting rate at December 31, 2023 was between 3.25% and 6.0%. The crediting rate at December 31, 2022 was between 3.0% and 5.50%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations, which could be affected by future economic and regulatory developments. There are no liquidity restrictions on the GSRA.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by TIAA and CREF, which are the custodians and recordkeepers of the Plan.

Certain administrative expenses were paid directly by CEM for which it is not reimbursed. Certain administrative functions are performed by officers or employees of CEM. No such officers or employees received compensation from the Plan. Expenses paid by CEM are not material.

These transactions qualify as party-in-interest transactions, however they are exempt from prohibited transaction rules under ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, CEM has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). Terms of the Plan have been prepared to conform with sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in value could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
