INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Southwest Carpenters Annuity Fund

Opinion

We have audited the accompanying financial statements of Southwest Carpenters Annuity Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of assets (held at end of year) and reportable transactions are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of administrative expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SOUTHWEST CARPENTERS ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

The Southern Nevada Carpenters Annuity Fund (the Plan) was formed in 1987 under collective bargaining agreements between employers and local unions. The Plan is a defined contribution pension plan to which employers contribute for hours worked by covered employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees of the Plan changed the name of the Plan to Southwest Carpenters Annuity Fund on April 23, 2020 with an effective date of July 1, 2020.

Employer Contributions - Under the terms of the collective bargaining agreement, employers make contributions to the Plan, generally at various rates per hour worked, on behalf of participants, and those contributions are deemed to be credited to individual accounts when they are received by the Plan.

Eligibility and Vesting - All participants working in covered employment for employers signatory to collective bargaining agreements, or other written agreement, are eligible to participate in the Plan. A participant is immediately 100% vested in the amount in their individual accounts. Participants are eligible to receive annuity benefit payments upon the following:

1. Retirement; or
2. Total and permanent disability; or
3. Lack of employer contributions to the employee's individual account for a period of 12 months; however, to receive benefits based on contributions for work performed on or after January 1, 2004, a participant must refrain from any work of the type covered by the Collective Bargaining Agreement, whether or not performed for a contributing employer; or
4. Death before retirement.

Payment of Benefits - In accordance with federal law, the Plan automatically pays benefits in one of the two automatic forms of payment described below, depending on marital status when the participant receives benefits.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

1. Married participants - If the participant is married on the date the individual account becomes payable, the automatic form of payment will be a 50% Joint and Survivor Annuity. This is required by federal law. This means that the value of the accumulated share will be used to pay a fixed monthly benefit for life and, upon the participant's death, 50% of such monthly benefit will be paid to the surviving spouse until spouse's death.
2. Unmarried participants - If the participant is not married on the date the individual account becomes payable, the automatic form of payment will be a life annuity. This is required by federal law. This means that the value of the accumulated share will be used to pay a fixed monthly benefit for life and, upon death, no further benefit will be payable.
3. Optional forms of payment - If the participants have properly rejected the applicable automatic form of payment, they may elect to receive their benefit in one of the following payment forms:
 - i. A lump sum payment; or
 - ii. Installments not to exceed five (5) years; or
 - iii. A combination of (i) and (ii); or
 - iv. 75% joint and survivor annuity; or
 - v. Lump sum cash out is only option available if accumulated share is equal to or less than \$5,000.

Participant Accounts - Participants in the Plan have the option to direct how their individual accounts are invested with Empower Annuity Insurance Company of America (Empower), formerly Prudential Retirement Insurance and Annuity Company (Prudential). If the participants do not elect to move their individual accounts into one or more of the investment options provided by the Plan, the individual account will be invested in the age-appropriate Day One Fund with the target date that is closest to the date on which the participant will attain age 62.

The Plan's self-directed investment features are intended to comply with ERISA section 404(c), and the regulations that apply under that law. In particular, the Board of Trustees (Trustees) are not liable for any losses resulting from participants' investment decisions. The Trustees are the Plan's fiduciaries, and they are responsible for providing information about the available investments, and related matters, as required by ERISA.

Participant Loans - Up until June 30, 2018, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance or, if lower, \$50,000 minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 1%. Principal and interest is paid via a monthly loan billing. The term of the loan may not exceed 5 years, and only one outstanding loan is allowed at a time. The loan program has been terminated.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Deemed Distributions - A participant's loan shall be in default upon the earliest occurrence of a defaulting event which includes:

1. Failing to make or cause to be made, any payment required under the terms of the loan within 90 days following the date on which such payment shall become due.
2. There is an outstanding principal balance existing on a loan after the last scheduled repayment date.

The Plan administrator shall direct the Trustee to declare the loan to be in default and the entire unpaid balance of such loan, together with accrued interest, shall be immediately due and payable. In any such event, if such balance and interest thereon is not then paid, the Trustee shall charge the individual account of the borrowing participant with the amount of such balance and interest as of the earliest date a distribution may be made from the Plan to the borrowing participant without adversely affecting the tax qualification of the Plan or of the cash or deferred arrangement.

Deemed distributions are considered to be 100% uncollectible and are netted with participant loans on the financial statements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP). Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investments - Investments are carried at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of the investments are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchases and sold as well as held during the year.

Contributions Receivable - The Plan estimates amounts receivable from reporting employers at year-end based upon amounts collected subsequent to year-end. The Plan considers the receivables to be fully collectible; accordingly, no allowance for doubtful receivables is required. Employer records are subject to audit, and additional revenue, if any, that may arise as a result of these audits is recognized when received.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

New Accounting Pronouncement Adopted - During the year ended December 31, 2023, the Plan adopted the provisions of Accounting Standards Update (ASU) 2016-13, *Financial Instruments – Credit Losses* (Topic 326). This ASU replaced the incurred loss methodology with an expected loss methodology that is referred as the current expected credit loss (CECL) methodology. The ASU requires nonprofit entities to immediately recognize the estimated expected credit losses over the life of a financial instrument, including contributions receivable due from employers. The estimate of expected credit losses considers not only historical information, but also current and future economic conditions and events.

The Trust adopted the ASU effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in additional disclosures.

NOTE 3. TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, exempt from federal income taxes under the provisions of 501(a). On August 19, 2015, the Plan received a favorable determination letter from the Internal Revenue Service and the Plan Sponsor believes that the Plan, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows on the next page:

NOTE 4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Money market funds: Estimates based on amortized cost which approximates fair value.

Participant-directed investments - Registered investment companies: Value is determined based on the closing price reported in the active market in which the individual assets are traded.

Participant-directed investments - Pooled separate accounts: Value is determined at the net asset value of the shares held by the Plan at year end. Values are based on fund type/asset class and uses the protocol with funds manager.

Participant-directed investments and nonparticipant-directed investments - Fund of funds: Valued at closing net unit value each day. Fund of funds is a combination of equity and fixed income through underlying mutual funds and separate accounts.

NOTE 4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Total Investments at 12/31/23	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 88,856,234	\$ -	\$ 88,856,234	\$ -
Participant-directed accounts	17,366,035	17,366,035	-	-
	106,222,269	\$ 17,366,035	\$ 88,856,234	\$ -
Investments measured at net asset value*	561,960,155			
Total	\$ 668,182,424			

Description	Total Investments at 12/31/22	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 7,590,962	\$ -	\$ 7,590,962	\$ -
Participant-directed accounts	18,805,448	18,805,448	-	-

Investments measured at net asset value*	407,022,973			
Total	\$ 433,419,383			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment entity that does not have a readily determinable fair value based upon the net asset value (NAV) per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

NOTE 4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities. To diversify its investment risk, the Plan looked for different investment vehicles where the return did not necessarily correlate to general market returns as what was previously invested.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily basis. There are no unfunded commitments as of December 31, 2023 and 2022.

The following table sets forth the Plan's investments in certain entities that calculate net per share as fair value measurement as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
a. Pooled separate accounts	<u>\$ 561,960,155</u>	<u>\$ 407,022,973</u>	Daily	1 day

All report as direct filing entities (DFE) and can be redeemed daily.

NOTE 6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully-benefit responsive group annuity contract (no maturity date) with Empower. Under the group annuity insurance contract, participants may ordinarily direct permitted withdrawal or transfer of all or a portion of their account balance at contract value within reasonable time frames. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract is affected directly between the Plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally, there are not any events that could limit the ability of the Plan to transact a contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract, and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

NOTE 7. RELATED PARTY TRANSACTIONS

The Plan enters into various transactions with related Southwest Carpenters Trust Funds in the normal course of operations.

Administrative services for the Plan are provided by Carpenters Southwest Administrative Corporation (CSAC), a non-profit organization established to provide such services to affiliated Southwest Carpenters Trust Funds at cost. Specific expenses are charged to the respective member trusts and common administrative expenses are allocated to each trust on a percentage basis, according to an annual cost allocation study. CSAC also pays administrative expenses on behalf of member trusts, which are then reimbursed by the member trusts. The Plan reimbursed CSAC \$2,071,394 and \$1,186,658 during the years ended December 31, 2023 and 2022, respectively, for administrative services and direct administrative expenses. As of December 31, 2023 and 2022, \$1,103,985 and \$610,058, respectively, is due to CSAC.

In addition, member trusts advance cash to CSAC for fixed asset purchases and anticipated cashflow needs. The balance in advances to CSAC is reduced for depreciation allocated to the respective member trusts. The advances to CSAC, net of depreciation allocated to the Plan, increased \$25,691 and decreased \$4,908 during the years ended December 31, 2023 and 2022, respectively. As of December 31, 2023 and 2022, the Plan had advanced \$70,845 and \$46,100, respectively, to CSAC which is recorded as an other asset on the statements of net assets available for benefits.

NOTE 7. RELATED PARTY TRANSACTIONS (CONTINUED)

The Plan pays certain investment and administrative fees directly to service providers, including Prudential, the investment custodian and recordkeeper for the Plan. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 8. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect. In the event of the termination of the Plan, participants will be entitled to the total remaining assets in the same ratio as their accumulated share bears to the aggregate amount of the accumulated shares of all participants as of the termination date. No part of the assets shall be returned to any employer or inure to the benefit of any employer or union.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10. EMPOWER RETIREMENT EXPENSE REIMBURSEMENTS

Effective April 1, 2014, Empower, at the direction of the Trustees, shall return to the Plan an amount to subsidize reasonable and incurred Plan administration expenses. The Plan will receive an annual reimbursement of \$200,000 paid in quarterly installments. Effective each January 1, 2018, the annual reimbursement will be increased by \$20,000 for each incremental increase of \$50,000,000 in the amount of Plan level assets from the 2014 base year to January 1 of each following year.

For years ended December 31, 2023 and 2022, the amounts reimbursed were \$2,160,000 and \$1,165,000, respectively.

NOTE 11. MERGER

Effective June 30, 2022, the Board of Trustees approved the merger of the Millwright Employees Association/Millwright & Machine Erectors Money Purchase Pension Plan into the Plan. Merger proceeds of \$45,986,062 are recorded in the financial statements.

Effective December 31, 2023, the Board of Trustees approved the merger of the Arizona State Carpenters Annuity Retirement Trust Fund into the Plan. Merger proceeds of \$76,778,141 are recorded in the financial statements.

NOTE 12. SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 28, 2024, which is the date the financial statements were available to be issued. This review and evaluation revealed that the Alaska Carpenters Defined Contribution Trust merged into the Plan effective June 1, 2024, and began transferring their net assets in the Plan. There are no other material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
