Independent Auditor's Report

Administrative Committee
Apple Bank for Savings 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Apple Bank for Savings 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Administrative Committee
Apple Bank for Savings 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Apple Bank for Savings 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Apple Bank for Savings 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Apple Bank for Savings 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Apple Bank for Savings (the Bank or Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The annual compensation of each employee taken into account under the Plan shall not exceed the pretax annual compensation up to the maximum dollar limit imposed by the Internal Revenue Service (IRS).

Eligibility: Employees of the Bank may elect to participate in the Plan upon completion of one year of service from the date employment commenced, provided the employee is receiving a regular salary from the Bank.

New hires are automatically enrolled at 3% into the relevant target fund for their age with no waiting period.

Contributions: Participating employees may contribute a percentage of pretax annual compensation up to the maximum dollar limit imposed by the IRS. Participating employees may also elect to make Roth contributions (after-tax). At any time, a participant may change their contribution percentage.

A newly hired employee previously participating in an IRS-approved defined contribution plan of their former employer may transfer their funds from the former plan as rollover contributions to the Plan.

The Plan Sponsor will make a matching contribution to participating employees' account equal to 100% of the amount of their payroll deferral contributions up to 3% of their compensation, plus 50% of their payroll deferral contributions on the next 2% of compensation.

Participant accounts: Each participant's account is credited with the participant's contribution and Plan Sponsor's matching contribution. Plan earnings are allocated based on participant account balances, as defined.

Participants' investment options: Participants must direct their salary deferral contributions to one or a combination of 30 investment funds available through the Plan.

Employer matching contributions are invested in the same manner as the participant has elected to direct their contributions.

Vesting: Participants vest immediately in their elective contributions plus actual earnings thereon. Participants are immediately vested 100% in the Bank's matching contribution and cannot be forfeited even if the participant terminates employment.

Apple Bank for Savings 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Loans receivable are from participants who borrow against their vested amounts in an amount up to the lesser of 50% of the net value of the participant's account or \$50,000. Repayment of principal and interest is made over a period not to exceed five years unless the loan is for the purpose of acquiring a primary residence, in which case the term is not to exceed 15 years. Repayments are made through payroll deductions and are credited to participants' accounts and allocated to the investment funds in the same portion as the participant's contributions.

Interest on loans is accrued at 1% above the prime rate as published by *The Wall Street Journal* at the commencement of the loan. Repayments are made at employment termination by either payment in full by the participant or as forfeiture in the vested balance up to the outstanding loan amount.

Payment of benefits: When Plan participants terminate for any reason, a lump-sum distribution will be made if the vested interest of the participant's account does not exceed \$5,000. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a lump-sum distribution.

While an employee of the Bank, a participant may generally make Plan withdrawals from amounts attributable to the participant's contributions and from the vested portion of the Bank's matching contributions that have been in the Plan for at least 24 months (the 24-month rule does not apply to participants who are age 59½ or have been in the Plan for at least five years). Withdrawals may be made not more than twice during any plan year.

Participants who make hardship withdrawals are restricted from making additional contributions for the next six-month period following the withdrawal date.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged to the participant's account. Investment-related expenses are included in net appreciation in fair value of investments.

Benefit payments: Benefits are recorded when paid.

Apple Bank for Savings 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from the Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are treated as distributions, based on the terms of the Plan agreement.

Subsequent events: The Plan has evaluated subsequent events through October 9, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Vanguard Fiduciary Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Vanguard Fiduciary Trust Company, the trustee, that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA required supplemental schedule related to the following assets:

	December 31	
	2023	2021
Investments at fair value:		
Mutual funds	\$ 117,128,377	\$ 87,290,653
Collective trust fund	24,551,311	27,228,582
Notes receivable from participants	2,534,211	2,051,337
	<u>\$ 144,213,899</u>	<u>\$ 116,570,572</u>

The trustee also certified to the completeness and accuracy of \$15,132,481 of net appreciation in fair value of investments, \$3,614,128 of interest and dividends on investments and \$138,442 and \$10,200 of interest income on notes receivable from participants and other income, respectively, for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Apple Bank for Savings 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no significant transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: The Vanguard Retirement Savings Trust III (the Trust) uses a stable value investment strategy. The fund primarily invests in investment contracts issued by insurance companies, banks, or other financial institutions. These contracts are backed by highly fixed securities. The fund aims to maintain a constant NAV of \$1.00 per share. This is achieved by diversifying among high credit-quality investments and structuring the investments contracts to smooth out the market gains and losses over time. This approach helps provide stability of principal and consistent income.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Apple Bank for Savings 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that were accounted for at fair value:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 117,128,377	\$ -	\$ -	\$ 117,128,377
	<u>\$ 117,128,377</u>	<u>\$ -</u>	<u>\$ -</u>	<u>117,128,377</u>
Investments measured at NAV (a)				24,551,311
Investments at fair value				<u>\$ 141,679,688</u>

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 87,290,653	\$ -	\$ -	\$ 87,290,653
	<u>\$ 87,290,653</u>	<u>\$ -</u>	<u>\$ -</u>	<u>87,290,653</u>
Investments measured at NAV (a)				27,228,582
Investments at fair value				<u>\$ 114,519,235</u>

- (a) In accordance with FASB Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share as of December 31:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Collective trust fund (a)	\$ 24,551,311	\$ 27,228,582	\$ -	90 Days	None

- (a) The fund employs a stable value investment strategy. The key elements of its strategy are:

- Investment contracts:** The fund primarily invests in synthetic investment contracts issued by insurance companies, banks, or other financial institutions. These contracts are backed by high-quality fixed-income securities.
- Stability of principal:** The main objective is to provide stability of principal while generating consistent income. This is achieved by maintaining a stable NAV of \$1.00 per share.
- Diversification:** The fund diversifies its investments among high-credit-quality fixed-income securities and investment contracts. This helps to smooth out market gains and losses over time.
- Income generation:** The fund seeks to provide current and stable income, making it suitable for retirement savings.

This strategy aims to offer a balance between preserving capital and providing steady returns, which is ideal for long-term investors focused on retirement.

Apple Bank for Savings 401(k) Plan

Notes to Financial Statements

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Tax Status of the Plan

The Plan is a nonstandardized defined contribution pre-approved plan and an opinion letter was received dated June 30, 2020, stating that the Plan is acceptable under Section 401(a) of Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan, as amended, is designed, and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that required adjustments to the financial statements as of December 31, 2023, and 2022, and for the year ended December 31, 2023. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Bank reserves the right at any time to terminate the Plan, in whole or in part. In the event of Plan termination, distribution of the Plan's assets will be made to the participants and beneficiaries in the order prescribed by ERISA.

Note 8. Exempt Party-in-Interest Transactions

Vanguard Fiduciary Trust Company is the recordkeeper and trustee of the Plan. Certain Plan investments are shares of various funds managed by the trustee and, therefore, any transactions between the Plan and the trustee are considered party-in-interest transactions.
