REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Participants and Plan Administrator
Ricoh USA, Inc. Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Ricoh USA, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN

Notes to Financial Statements as of December 31, 2023 and 2022
and for the year ended December 31, 2023

(1) Description of Plan

Effective April 1, 2011, IKON Office Solutions, Inc. Retirement Savings Plan was amended, restated, and renamed the Ricoh USA, Inc. Retirement Savings Plan (the “Plan”). On the same date, the Ricoh 401(k) Savings Plan was merged into the Plan and all existing Ricoh 401(k) Savings Plan participants became participants of the Plan.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined-contribution plan covering all regular full-time and part-time nonunion employees, as defined by the Plan, of Ricoh USA, Inc. and its domestic subsidiaries (collectively, the “Company” or the “Employer”), which fund the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Plan Administration

The Plan is administered by the Ricoh USA, Inc. Retirement Plans Committee (the “Committee” or the “Plan Administrator”). The Northern Trust Company (“Northern Trust”) is the trustee of the Plan and custodian of the Plan’s assets. The Committee and Northern Trust are appointed by the board of directors of the Company. Recordkeeping of the Plan is performed by Fidelity Workplace Services, Inc.

(c) Contributions

Each year, participants may contribute up to 50% of their annual base pay plus commissions (compensation), as defined by the Plan, in multiples of 1%, except for certain highly compensated participants who may be subject to certain regulatory limitations. Effective January 1, 2014, the Plan was modified to allow employees to make Roth 401(k) contributions on an after-tax basis. Participants may also contribute amounts representing rollovers from other qualified plans. The Company will contribute a percentage of compensation that a participant contributed to the Plan based upon the hire date of the participant. Participants hired or rehired on or after July 1, 2004 receive an amount equal to 50% of their basic contributions. Basic contributions represent contributions of up to the first 6% of the participant’s compensation, for a maximum match of 3%. Any participant who was hired before July 1, 2004 applies the following matching formula based on years of service:

Years of matching service	Percentage of basic contributions matched
1–9	60
10–14	70
15–19	80
20–24	90
25–29	100
30+	125

RICOH USA, INC.
RETIREMENT SAVINGS PLAN

Notes to Financial Statements as of December 31, 2023 and 2022
and for the year ended December 31, 2023

The Company funds the matching contribution quarterly to participants employed or absent on qualified leave on the last day of the calendar quarter. There is a one-year eligibility waiting period for Company matching contributions for new employees.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Employer contributions and (b) plan earnings; and each participant's account is charged with an allocation of administrative expenses and participant loan fees and plan losses. Allocations are based on participant contributions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings thereon is based on the following:

<u>Years of service</u>	<u>Vesting</u>
Less than 2 years	-
2 years	25
3 years	50
4 years	75
5 years	100

Participants are also fully vested in the Company's matching portion of their accounts upon retirement age (62), position termination due to permanent shutdown of plant or department, total and permanent disability, or death.

(f) Investment Options

Upon enrollment in the Plan, a participant may direct their contributions including employer matching contributions in 1% increments in several investment options including mutual funds, collective investment trust funds, and a stable value fund.

(g) Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid balance plus any accrued but unpaid interest.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Participants can have no more than one loan outstanding at a time. Loan terms generally do not exceed five years; however, loan terms may extend up to 15 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest, which is set in the month the loan is made, at the prime lending rate as published in the *Wall Street Journal* on the last Wednesday of the prior month, plus 1%. Principal and interest are paid ratably through payroll deductions. At December 31, 2023, participant loans have interest rates ranging from 3.75% to 9.50% with maturities through 2038. At December 31, 2022, participant loans had interest rates ranging from 3.75% to 9.25% with maturities through 2037.

Notes to Financial Statements as of December 31, 2023 and 2022
and for the year ended December 31, 2023

(h) Payment of Benefits

Participants are entitled to receive a distribution equal to their vested account balances upon death, retirement, termination, or permanent disability. Participants may elect to receive benefits in either a lump-sum payment, periodic installments limited in duration by the provisions of the Plan, or by the purchase and delivery of a life annuity or qualified joint and survivor annuity contract. Participants under the age of 59½ may make withdrawals from their accounts only from after-tax salary deferral contributions. Participants under the age of 59½ who have participated in the Plan for at least five years may make withdrawals from their accounts derived from employer matching contributions and earnings thereon. Participants under the age of 59½ who have not participated in the Plan for five years may make withdrawals of all or any portion of their vested interest derived from employer matching contributions, which have been held by the Plan for at least two full plan years. As defined by the Plan, vested assets may be withdrawn by participants in the case of personal financial hardship, upon the approval of the Plan Administrator. However, there are certain sub-accounts that hardship withdrawals are not allowed to be taken from as well as any safe harbor matching contributions. After reaching age 59½ participants may make withdrawals of any portion of their vested assets at any time without regard to financial hardship. Participants who terminate their employment with a balance of \$1,000 or less will receive a single-sum payment. Participants who terminate their employment with a balance of less than \$5,000 may receive a direct lump-sum payment or rollover their balance to an Individual Retirement Account or other eligible retirement plan. Participants under the age of 59½ who terminate their employment with a balance greater than \$5,000 may continue to maintain their account within the Plan, receive a direct lump-sum payment, or rollover their balance into an eligible retirement plan. Participants who take withdrawals before reaching age 59½ may be subject to penalties and taxes. Required minimum distributions will be determined and made in accordance with Treasury regulations.

(i) Forfeitures

During the year ended December 31, 2023, \$88,628 of employer matching contributions were forfeited by terminated employees before those amounts became vested. Such forfeited amounts were used to reduce the amounts of the employer matching contributions during the year ended December 31, 2023. There are no forfeiture balances remaining as of December 31, 2023 and 2022 after the allocation of the employer matching contributions.

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (Note 4) except for the Fully benefit-responsive investment contracts in the Stable Value Fund (SVF) which is valued at contract value (Note 5). The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Shares of mutual funds are valued at the quoted "net asset value" (NAV) of shares held by the Plan at year-end. Units held in collective investment trusts (CITs) are discussed in Note 4.

RICOH USA, INC.
RETIREMENT SAVINGS PLAN

Notes to Financial Statements as of December 31, 2023 and 2022
and for the year ended December 31, 2023

The SVF held by the Plan are reported at contract value in the Statements of Net Assets Available for Benefits. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year or at year end.

(c) *Payment of Benefits*

Benefits are recorded when paid. There were no amounts owed to participants who requested payment from the Plan but had not yet been paid as of December 31, 2023 or 2022.

(d) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

(e) *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(f) *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(g) *Administrative Expenses*

Expenses incurred in connection with the administration of the Plan are paid by the Plan, such as recordkeeping, trustee, purchase redemption, administrative, and professional fees. Management fees and operating expenses charged to the Plan for the investments are deducted from income earned on a daily basis. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

(3) *Certified Investment Information*

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Northern Trust and The Prudential Insurance Company of America have certified that the following data included in the accompanying financial statements is complete and accurate.

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment (loss) income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan primarily applies the market approach for fair value measurements and endeavors to utilize the best available information. Accordingly, the Plan utilizes valuation techniques that maximize the use of observable inputs, such as quoted market prices in active markets, and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs.

Mutual Funds: These are classified as Level 1 fair value based on quoted prices in active markets.

Collective Investment Trusts: This category includes target date funds, balanced funds and equity funds. The following is a description of each type of fund.

Target Funds: This category includes collective investment trust funds also known as Aged-Based Allocation Funds which are well diversified portfolios that automatically resets the asset mix (stocks, bonds, cash equivalents) in the portfolio according to a selected time frame that is appropriate for a particular investor. The change in allocation of investments is designed to move from a more aggressive investment strategy to a more conservative strategy through the projected retirement date and for a number of years thereafter. The year associated with the fund identification denotes the projected year of retirement of the participant selecting the fund.

RICOH USA, INC.
RETIREMENT SAVINGS PLAN

Notes to Financial Statements as of December 31, 2023 and 2022
and for the year ended December 31, 2023

Balanced Funds: This category includes collective investment trust funds which combine a stock component and a bond component in a single portfolio. Generally, these hybrid funds stick to a relatively fixed mix of stocks and bonds that reflects either a moderate (higher equity component) or conservative (higher fixed-income component) orientation.

Equity Funds: Equity funds are valued based on unit value calculated on the fund's financial instruments which are valued and each class's NAV per unit is computed at the close of the New York Stock Exchange (NYSE), normally 4 p.m. ET, each day the NYSE is open for business. However, the NAV per unit may be calculated at a time other than the normal close of the NYSE if trading on the NYSE is restricted, if the NYSE closes early, or as may be permitted by the Declaration of Trust.

The CITs (including the Short-Term Investment Fund (STIF) included in the SVF) and the Cash Fund are deemed to have a readily determinable fair value because they have no redemption restrictions, trade daily, and the fair value is determined and published and is the basis for current transactions. Therefore, they are categorized as level 1 investments in the fair value hierarchy table. The value of cash and cash equivalents (Cash Fund) held for liquidity purposes is valued at NAV per unit.

Fair value calculations may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2023 and 2022. As required by ASC 820, these assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

(5) Fully-Benefit Responsive Investment Contracts in the Stable Value Fund (SVF)

The Plan invests in a SVF which is a separately managed account specific to this Plan only. The SVF includes CIT's which are wrapped by synthetic guaranteed investment contracts (GICs) plus one STIF. Allspring Global Investments serves as custodian for the assets held in the SVF. Galliard Capital Management, Inc. (Galliard), a subsidiary of Wells Fargo, serves as an investment advisor for the SVF. The SVF is designed to provide a moderate level of return, consistent with providing for stability of investment returns, preservation of capital, liquidity to pay plan benefits, high credit quality, and reasonable tracking of interest rates. The characteristics of the synthetic GICs allow for their principal value to remain stable regardless of the volatility of the bond market.

Synthetic GICs are security backed contracts issued by financial institutions that provide market and cash flow risk protection for a portfolio of securities owned by the fund. Standard and Poor's (S&P) and Moody's credit ratings of the issuers of the contracts range from AA to AA and Aaa to Aa3, respectively. STIFs invest in short term investments of high quality and low risk. The goal of this type of fund is to protect capital with low-risk investments while achieving a return that beats a relevant benchmark, such as a Treasury bill index.

Synthetic GICs are agreements with high-quality banks and insurance companies, which are designed to help preserve principal and provide a stable crediting rate. The synthetic GICs are fully benefit responsive and therefore are reported at contract value in the financial statements. They provide that all participant-initiated withdrawals permitted under the Plan will be paid at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Each wrap contract's crediting rate formula is designed to provide a stable return during rising or falling interest rates. The synthetic GICs serve to smooth the impact of fluctuating interest rates and bond prices by amortizing the gains or losses over the duration of the portfolio. The smoothing function allows the stable value fund yield to track the general direction of interest rate changes without the day-to-day price volatility of traditional bond portfolios.

The crediting rate on each wrap contract resets quarterly. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting rate formula will be applied using information as of the last business day of the second calendar month before the crediting rate reset date. The terms of each wrap agreement stipulate a crediting rate floor of 0%.

and for the year ended December 31, 2023

Security-backed contracts generally are evergreen contracts that contain termination provisions, allowing the contract issuer to terminate with notice, at any time at fair value, and providing for automatic termination of the contract if the contract value or the fair value of the underlying portfolio equals zero. The issuer is obligated to pay the excess contract value when the fair value of the underlying portfolio equals zero. In addition, if the underlying fund defaults in its obligations under the security-backed contract (including the issuer's determination that the agreement constitutes a nonexempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuer and the fund will receive the fair value as of the date of termination.

Redemption of the SVF is permitted daily and there are no participant-level restrictions on redemptions.

Security-backed contracts generally provide for withdrawals associated with certain events that are not in the ordinary course of the SVF's operations. These withdrawals are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events that may trigger a market value adjustment; however, such events may include all or a portion of the following:

- material amendments to the SVF's structure or administration.
- changes to the participating plans' competing investment options including the elimination of equity wash provisions.
- complete or partial termination of the SVF, including a merger with another fund.
- the failure of the SVF to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- the redemption of all or a portion of the interests in the SVF held by a participating plan at the direction of the participating plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the participating plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the Plan with another Plan, or the Plan sponsor's establishment of another tax qualified defined-contribution plan.
- any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Fund or participating plans.
- the delivery of any communication to plan participants designed to influence a participant not to invest in the SVF.

At this time, the Plan sponsor does not believe that the occurrence of any such market value event, which would limit the SVF's ability to transact at contract value with participants, is probable.

(6) Related-Party Transactions and Exempt Party-in-Interest Transactions

At December 31, 2023 and 2022, the Plan had an investment in The Northern Trust Company Cash Fund of \$1,525,505 and \$1,417,714, respectively. In addition, fees paid by the Plan to Northern Trust, the trustee of the Plan, for trustee and custodian services amounted to \$161,198 for the year ended December 31, 2023. These investments qualify as parties-in-interest transactions. All of these transactions are exempt from the prohibited transactions rules. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(8) Reconciliation of Financial Statements and Form 5500

The following is a reconciliation of total additions per the financial statements to the Form 5500 for the year ended December 31, 2023:

Total additions per the statement of changes in net assets available for benefits	\$ 412,078,762
Add investment expenses deducted from additions	373,588
Total additions per Form 5500	<u>\$ 412,452,350</u>

The following is a reconciliation of total deductions per the financial statements to the Form 5500 for the year ended December 31, 2023:

Total deductions per the statement of changes in net assets available for benefits	\$ 200,608,251
Add investment expenses deducted from additions	373,588
Total expenses per Form 5500	<u>\$ 200,981,839</u>

(9) Federal Income Tax Status

The Plan has received a favorable determination letter dated April 26, 2017 in which the IRS stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax exempt for the year ended December 31, 2023. Accordingly, no provision for federal income taxes has been made in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Subsequent Events

Effective April 1, 2024, Fidelity will be the new trustee of the Plan and custodian of the Plan's assets.

Effective for distribution made on and after January 1, 2024, the Plan will increase the voluntary cash-out threshold pursuant to the SECURE 2.0 Act of 2022.

The Company has evaluated subsequent events for potential recognition and/or disclosure through October 8, 2024, the date of the financial statements was available to be issued.
