INDEPENDENT AUDITORS' REPORT**

DECEMBER 31, 2023

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Taurus/NFS 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Taurus/NFS 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the period from inception (January 6, 2023) through December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period from inception (January 6, 2023) through December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Taurus/NFS 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to

our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Taurus/NFS 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taurus/NFS 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taurus/NFS 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are

in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (held at year end) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TAURUS/NFS 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 1 DESCRIPTION OF THE PLAN

Organization

Taurus/NFS 401(k) Plan (the “Plan”) is a defined contribution plan covering all eligible employees of Taurus, LLC (the “Company” or the “Employer”). The Plan was established on January 6, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was most recently amended on January 18, 2024, with effective date of February 26, 2024.

The following brief description of the Plan provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan’s provisions.

General

The Plan covers all eligible employees of the Company as defined by the Plan Document. To participate in the Plan, employees must be employed by the Company and must not be covered by a collective bargaining agreement, leased employees, or temporary employees and interns. The Plan Administrator is responsible for the oversight of the Plan. Plan management determines the appropriateness of the Plan’s investment offerings.

All employees of the Company, excluding above exceptions, are eligible to participate in the Plan upon attainment the age of 18. There are no service requirements.

Contributions

Participants may elect to contribute up to 90% of compensation, as defined in the Plan, up to a maximum contribution per employee allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to designate a portion or all of their deferral contributions as Roth 401(k) contributions, which are after-tax deferrals to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides for automatic election of pretax deferrals at a rate of 6 percent of eligible compensation for all new participants. Participants may affirmatively elect a different contribution percentage or elect not to contribute into the Plan.

The Company may contribute a Qualified Nonelective Employer Contribution (“QNEC”) as defined in the Plan document. The Company did not elect to make any QNEC contributions for the year ended December 31, 2023.

The Company may also make a Discretionary Matching Employer Contribution on behalf of each of its eligible participants as provided by the Plan document. The participant must be employed on the last day of the contribution period to receive the match. For the year ended 2023, the Company matched 50% of participant deferrals up to 6%.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers many mutual funds as investment options for participants. Plan management determines funds to be included in the Plan's investment portfolio and monitors its investment performance.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings or losses, (c) withdrawals, and (d) administrative expenses. Allocations are based on participant account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus earnings thereon, is based on years of credited service defined below. Any participant who attains the normal retirement age, becomes disabled or dies becomes fully vested regardless of length of service.

<u>Years of Vesting Service</u>	<u>% Vested</u>
0	0%
1	0%
2	33%
3	67%
4	100%

Service with the following employers is credited for purposes of eligibility and vesting: PEAK6 InsurTech Services, LLC; National Flood Services, LLC; We Insure; and Team Focus Insurance Group.

Notes Receivable from Participants

Participants loans are allowed. No loan to any "participant" shall be made to the extent that such loan when added to the outstanding balance of all other loans to the "participant" would exceed the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or (b) one-half the present value of the "participant's" vested interest in his Account. Loans must be repaid over a period not to exceed five years unless the proceeds are used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined by the plan administrator. Interest rates on outstanding loans ranged from 3.25% - 9.50% at December 31, 2023. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

**TAURUS/NFS 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023**

Payment of Benefits

Upon death, disability, retirement, or termination of service, participants or their designated beneficiaries may receive a lump-sum payment amount equal to the vested amount of their account.

Participants may make withdrawals prior to termination for Hardship Withdrawal as described in the Plan document, upon attaining age 59.5, certain active military distributions, and normal retirement age distributions.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are retained in the Plan and used to reduce future employer contributions or to pay for future Plan expenses. During 2023, the Plan did not utilize any forfeited nonvested accounts to pay for Plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend or discontinue the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the account of each participant will be 100% vested.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value based on closing market quoted prices at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments represents both realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual

**TAURUS/NFS 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023**

basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems that participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period in which the related participant contributions are due.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with the corresponding reduction to contributions.

Benefit Payments

Benefits are recorded when paid.

Plan Expenses

Certain administrative expenses incurred in the operation of the Plan are paid by the Company and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses also include certain investment management fees. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

In accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 855, *Subsequent Events*, the Plan evaluated subsequent events through September 25, 2024, the date the financial statements were available for issue.

NOTE 3 FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, *Fair Value Measurement*, the Plan assessed the guidelines for measuring fair value. These guidelines provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. FASB ASC 820 establishes three levels of fair value hierarchy that are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets and quoted prices for |

identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data are also included. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All of the Plan's investments are held in mutual funds and valued using level 1 inputs as of December 31, 2023.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual Funds - Shares of the funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

This valuation methodology may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2023, the Plan's investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

	December 31, 2023			Total
	Level 1	Fair Value Measurements Level 2	Level 3	
Mutual funds	\$ 11,871,667	\$ -	\$ -	\$ 11,871,667

NOTE 4 INCOME TAX STATUS

The Company has adopted a Fidelity pre-approved defined contribution plan. The Internal Revenue Service ("IRS") has issued a letter, dated June 30, 2020, which stipulates that an employer who adopts this pre-approved plan will be considered to have a plan qualified under Section 401(a) of the IRC provided all terms of the Plan are followed. The Plan administrator believes that the Plan is currently being operated in compliance with the qualified pre-approved plan. Therefore, the Plan

administrator believes that the Plan is qualified, and the related trust is tax-exempt as of the date of this report.

Accounting standards require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained a certification from Fidelity Management Trust Company, a trustee of the Plan, that all of the information provided by them is complete and accurate. Fidelity's certification covers all information included in their reports to include investments and notes receivable. No auditing procedures were performed by the independent public accountants with respect to investment information certified as complete and accurate by the custodian, except for comparing such information with the related information included in the financial statements.

NOTE 7 PARTIES IN INTEREST AND RELATED PARTY TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. For the year ended December 31, 2023, the Plan's transactions with parties-in-interest were as follows:

Expenses

All administrative expenses are to be paid by the Plan unless paid by the plan sponsor. Also, certain employees of the Company, who are also plan participants, perform administrative services on behalf of the Plan at no cost to the Plan. Fees related to the administration of notes receivables for participants or to process

distributions are charged directly to the participant accounts and are included in administrative expenses. Approximately \$28,000 was paid to the recordkeeper for these services.

Notes Receivable from Participants

Notes receivable from participants are also party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 8 NON-EXEMPT TRANSACTIONS

During the year ended December 31, 2023, the Company failed to remit to the Plan's recordkeeper certain employee contributions totaling approximately \$120,644 within the period prescribed by Department of Labor's regulations. The lost earnings associated with the untimely remittance amounted to approximately \$318. The late employee remittances were deposited into the Plan in 2023 and 2024, and the lost earnings were deposited in September 2024.

NOTE 9 RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023:

Net assets available for benefits per the financial statements	\$ 12,243,670
Excess contributions payable	7,389
Employer contribution receivable	(10,531)
Participant contribution receivable	(31,644)
Net assets available for benefits per Form 5500	<u>\$ 12,208,884</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023:

Net increase in net assets available for benefits per the financial statements	\$ 1,835,038
Less: employer and participant current year receivable	(42,175)
Plus: excess contributions payable	7,389
Net increase in net assets available for benefits per the Form 5500	<u>\$ 1,800,252</u>
