Administrative Committee
Kaufman & Canoles 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kaufman & Canoles 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KAUFMAN & CANOLES 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Kaufman & Canoles 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Kaufman & Canoles (the Firm). The Administrative Committee of the Board of Directors of the Firm controls and manages the operation and administration of the Plan. Bank of America, N.A. serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Generally, employees must have one year of service and be age twenty-one or older to be a participant and make contributions to the Plan. No age or service is required for lateral attorneys hired on or after January 1, 2022 with at least 6 years of service in private law practice. Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Eligible participants are automatically enrolled to contribute 3% of their compensation unless another deferral percentage is elected or an affirmative election is made not to participate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

Employees who complete a year of service during the Plan year, are age twenty-one or older and are employed on the last day of the plan year, unless terminated due to death, disability or retirement are eligible for the Firm's contributions. The Firm matched 25% of qualified employee deferrals in 2023 and 2022. The firm also made discretionary profit-sharing contributions for 2023 and 2022 which were allocated based on compensation and employee group, as defined in the Plan. Contributions are subject to certain limitations.

Investment options: Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, an interest-bearing cash account and collective trust funds as investment options for participants. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including stocks, bonds, and mutual funds in accordance with the Plan document.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Firm's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants, distributions and self-directed brokerage accounts and allocations of administrative expenses. Allocations are based on participant earnings, participant contributions, employee group or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Firm's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2023, outstanding loans bore interest rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service, a participant may elect to receive an amount equal to the value of participant's vested interest in his or her account in either a lump-sum amount, installments, or partial distributions, as provided by the Plan. Terminated participants whose vested balance is \$5,000 or less will be distributed in a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are available from fully vested accounts after the participant reaches age 59 ½.

Forfeitures: Forfeited amounts are added to participant accounts and allocated on the same basis as the Firm's discretionary contribution. Forfeitures of \$9,943 and \$12,625 were reallocated to continuing participants during 2023 and 2022, respectively.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Contributions: Participant salary deferrals and Firm matching contributions are recorded in the year the salary deferrals are withheld from compensation.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

KAUFMAN & CANOLES 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded upon distribution.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Firm, as provided by the Plan document. Certain administrative functions are performed by employees of the Firm. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants, distributions, and self-directed brokerage accounts) are charged directly to the participant's account.

Subsequent events: The Plan has evaluated subsequent events through September 11, 2024, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value, as defined under U.S. GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Observable inputs such as quoted prices in active markets.

Level 2 Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust fund: This fund is valued at the net asset value (NAV) of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

KAUFMAN & CANOLES 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

Stable value collective trust fund: The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participants are restricted from making a direct exchange to a competing fund for 90 days. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, common stocks and bonds that are valued on the basis of readily determinable market prices.

Interest-bearing cash: Interest-bearing cash is valued based on the account balance provided by the trustee.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023 (in thousands)

KAUFMAN & CANOLES 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

- (a) In accordance with U.S. GAAP, certain investments that were measured at net asset value per share(or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. The redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2023 (in thousands)	Fair Value at December 31, 2022 (in thousands)	Unfunded Commitments	Redemption Restrictions	Redemption Notice Period
Common collective trust fund	\$ 19,231	\$ 15,676	N/A	Daily	None
Stable value collective trust fund	13,489	14,105	N/A	90 days if to competing fund	Plan sponsor directed withdrawals are subject to 12 months notice
	<u>\$ 32,720</u>	<u>\$ 29,781</u>			

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

Note 4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2023 and 2022 and for the years then ended that was obtained from data prepared and certified to be complete and accurate by Bank of America, N.A., the Plan's trustee.

	2023	2022
	(in thousands)	(in thousands)
Investments at fair value	\$ 185,246	\$ 160,215
Notes receivable from participants	556	456
Net appreciation (depreciation) in fair value of investments	22,198	(31,394)
Interest and dividends	5,397	5,094
Interest income on notes receivable from participants	29	24

Note 5. Exempt Party-In-Interest Transactions

Certain Plan investments are funds managed by the trustee or its affiliates. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee and its affiliates by the Plan for administrative and advisory services were approximately \$75,000 for 2023 and 2022. These transactions qualify as exempt party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (IRS) stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the non-standardized pre-approved plan document that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020, that the pre-approved plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

KAUFMAN & CANOLES 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2023 and 2022 financial statements to Schedule H of Form 5500 as of December 31:
