REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Faith Technologies Incorporated 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Faith Technologies Incorporated 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2023, and assets (held at year end) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Faith Technologies Incorporated 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - PLAN DESCRIPTION

The following description of the Faith Technologies Incorporated 401(k) Retirement Plan (the Plan) is based on the Plan document and provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Faith Technologies Incorporated (the Company or Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participation and Contributions

Employees of the Company are eligible to participate in the Plan after attaining the age of 18 years. Participants may elect to make pre-tax and/or after-tax contributions of not less than 1% nor more than 80% of their compensation, not to exceed the maximum deferral limits of the Internal Revenue Code (IRC). Participants are able to elect different deferral percentages specific to certain compensation (e.g., bonuses) as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan.

The Company made discretionary matching contributions of 50% of the employee's contributions, up to 6% of compensation for the years ended December 31, 2023 and 2022. The Company may also make discretionary profit-sharing contributions each plan year. For the years ended December 31, 2023 and 2022, no discretionary profit-sharing contribution has been made.

All newly eligible employees are automatically enrolled in the Plan, with a deferral rate of 6% for the years ended December 31, 2023 and 2022. The deferral rate automatically increases an additional 2%, up to 12%, at each anniversary of the participant's date of hire. The employee may make an affirmative election to opt-out of the Plan and/or auto escalation.

On behalf of each participant who is eligible to receive a contribution pursuant to Chapter 411, 46 Stat. 1494, known as the Davis-Bacon Act, the Company shall also contribute an amount equal to the fringe rate, determined under the Prevailing Wage Law, multiplied by each hour of service performed under the Davis-Bacon Act, less any fringe rate benefit provided outside of the Plan.

Participants direct the investment of their contributions, the Company match, discretionary profit-sharing company contributions, as well as contributions pursuant to the Davis-Bacon Act into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with participant contributions, the Company's matching contribution, an allocation of the Company's discretionary profit-sharing contribution and investment earnings (losses), and charged with benefit payments and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings thereon upon their entry date into the Plan.

Faith Technologies Incorporated 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of \$50,000 or 50% of their account balance. A participant can only have one loan currently outstanding from the Plan. The loans are secured by the balance in the participant's account and bear interest at the prime rate. The interest rates on participant loans ranged from 3.25% to 9.5% as of December 31, 2023. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Distribution of benefits, whether by reason of termination, death, disability or retirement, will be made at the election of the participant but are subject to the following:

If the vested account balance is greater than \$1,000 but less than \$5,000 and the participant does not elect to have their distribution paid in a single lump sum, the Plan Administrator can direct the distribution to be made in a direct rollover to an eligible individual retirement account designated by the Plan Administrator.

If a participant's vested balance is less than \$1,000, the participant will receive an amount equal to the value of the vested interest in his or her account in a lump sum distribution.

The total vested portion of a participant's account balance is distributed in the form of a lump sum payment, installments or an annuity. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) changed the age at which participants are required to take Required Minimum Distributions from their accounts. Under the new law, effective January 1, 2020, participant distributions may not be deferred past April 1 following the year in which the participant reaches the age of 72.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the accompanying statements of net assets available for plan benefits present the contract value of the fully benefit-responsive investment contracts, and the statements of changes in net assets available for plan benefits are prepared on a contract value basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Faith Technologies Incorporated 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative expenses are paid by the Company. All other administrative expenses are paid by the Plan and expensed when incurred.

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C - RISKS AND UNCERTAINTIES

Fair Value Measurement

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Faith Technologies Incorporated 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled Separate Accounts

Valued at the net asset value (NAV) of shares as a practical expedient to fair value, which is calculated based on the valuation of the fund's underlying investments at fair value at the end of the year.

Mutual Funds

Valued at the NAV of shares held by the Plan at year end, as based on quoted market data.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2023		
		Level 1	Level 2	Level 3
		Total		
Mutual funds		\$ 197,347,481	\$ -	\$ -
	Total assets in fair value hierarchy			197,347,481
Pooled separate accounts ^(a)				71,299,415
	Total assets at fair value			\$ 268,646,896
		2022		
		Level 1	Level 2	Level 3
		Total		
Mutual funds		\$ 154,694,648	\$ -	\$ -
	Total assets in fair value hierarchy			154,694,648
Pooled separate accounts ^(a)				58,246,868
	Total assets at fair value			\$ 212,941,516

^(a) Redemption of pooled separate accounts is generally permitted daily and there are no unfunded commitments.

Faith Technologies Incorporated 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE E - INCOME TAXES

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated March 23, 2004 that the Plan is designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA.

NOTE G - RELATED-PARTY TRANSACTIONS

Certain plan investments are managed by Empower Retirement, LLC (Empower) and Prudential Bank and Trust F.S.B (Prudential). In October 2023, the Plan's trustee changed from Prudential to Empower as part of the sale of Prudential Financial Inc.'s full-service retirement business to Empower executed in April 2022. Empower and Prudential are the trustees as defined by the Plan and, therefore, any transactions with the trustees qualifies as party-in-interest transactions.

Participant loans are also considered party-in-interest transactions.

During 2023 and 2022, the Plan engaged Alpha Investments to consult with the Plan on which assets to invest in; therefore, any transactions with Alpha Investments qualify as party-in-interest transactions.

A portion of the costs of administering the Plan are paid by the Company. In 2023 and 2022, these costs included settlor expenses relating to the design of the Plan.

NOTE H - INFORMATION CERTIFIED BY TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have certified that the following data included in the financial statements and supplementary schedule are complete and accurate:

- Investments at fair value and contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

Faith Technologies Incorporated 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE I - GUARANTEED GENERAL ACCOUNT CONTRACTS

The Plan has a contract with Empower Annuity Insurance Company, formally known as Prudential Retirement Insurance and Annuity Company (the contract). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance at contract value. Contract value represents contributions made under the Contract, plus earnings, less participant withdrawals and fees. The Contract is considered benefit responsive by the trustee. If discontinuance of the Contract was to occur, fair value would equal contract value.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the Contract regardless of the timing of the contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. When establishing the interest crediting rates, the trustees consider current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the trustee's general account.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or over time. There are not any events that allow the trustees to terminate the Contract and which require the Company to settle at an amount different than the Contract value paid either within 90 days or over time.

NOTE J - NONEXEMPT TRANSACTION

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions from its general assets as soon as practicable. During 2023 and 2022, the Company failed to timely remit to the Plan's trustees certain participant contributions totaling \$753,856 and \$507,202, respectively, within the period prescribed by DOL regulations. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan Sponsor has corrected the lost earnings for the 2023 plan year in the 2024 plan year and has corrected the lost earnings for the 2022 plan year in the 2023 plan year, in accordance with applicable IRS guidelines in order to maintain the Plan's qualified tax status.

NOTE K - SUBSEQUENT EVENTS

The Company evaluated its December 31, 2023 financial statements for subsequent events through October 8, 2024, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
